Guest Lecture on "**Learning Pyramid**"

Date of the event: **28-03-2025**

Guest invited: **Mr. P RADHA KRISHNA PRASAD**

CBIT MCA Department Hosts Guest Lecture on the Learning Pyramid

Hyderabad, March 28, (Newsmate) : The Department of MCA at Chaitanya Bharathi Institute of Technology (CBIT) successfully organized a guest lecture on the Learning Pyramid, delivered by Sri P. Radha Krishna Prasad, an esteemed expert in the field of education and learning methodologies.

During the session, Sri P. Radha Krishna Prasad provided valuable insights into the Learning Pyramid model, highlighting how different teaching and learning methods impact knowledge retention. The expert emphasized the significance of active learning techniques, such as group discussions, practice-by-doing, and teaching others, which enhance knowledge retention rates compared to passive methods like lectures and reading.

The interactive session was well-received by students and faculty alike, who actively participated in discussions and gained practical strategies for effective learning. The expert also shared real-world examples and tips on implementing the Learning Pyramid principles to improve academic performance and skill development. The Head of the Department of MCA Dr. B. Indira, Sr Faculty Member Dr. GNR Prasad, other faculty members, and students extended their gratitude to Sri P. Radha Krishna Prasad for sharing his expertise and contributing to the department's continuous efforts in fostering innovative learning practices.

DECCAN NEWS SERVICE
■ HYDERABAD

The Department of Master of Computer Applications (MCA) at Chaitanya Bharathi Institute of Technology (CBIT) organized a thought-provoking guest lecture by Prof. V. Temuzion Kumuja. The session aimed at enhancing the communication skills and professional etiquette of MCA students, highlighting the significance of language proficiency in the IT sector.

Prof. Kumuja, renowned for his dynamic teaching style, stressed the importance of effective English communication in technical interviews, workplace collaboration, and career growth. Through interactive discussions and real-life examples, he engaged the students, providing valuable insights into how communication skills can boost professional success.

The event was coordinated by the MCA department faculty, with guidance from Dr. B. Indira and coordination by Dr. GNR Prasad and Mr. P. Krishna Prasad. CBIT Principal Prof. C. V. Narasimhulu lauded the initiative and encouraged students to utilize such opportunities for their overall development.

This lecture is a part of CBIT's ongoing commitment to producing well-rounded professionals by integrating communication skills and personality development alongside technical education.
