

Alumni Interactions and Alumni Meets AY 2024-25

Alumni of the department have been actively contributing to its growth by sharing their professional knowledge and industry experiences with current students. Through guest lectures, workshops, and participation in committees such as the Programme Assessment Quality Improvement Committee, they provide valuable insights into emerging trends, higher education opportunities, and best practices in research and industry.

1. Mr. B. Hari (Batch 2008), General Manager, Hetero Group, graced the occasion CHEMSPARK 2024 as the Guest of Honour and delivered a guest lecture on *"Opportunities and Future Scope for Chemical Engineers in Process Industries"* to 60 participants. The session provided students with a clear understanding of emerging career opportunities, industry expectations, and future trends in process engineering. **Outcome:** Beyond providing valuable knowledge on industrial practices, Mr. Hari facilitated job opportunities for around 12 students at Hetero Group, strengthening the link between the department and industry and directly supporting student placements.

Chaitanya Bharathi Institute of Technology
Gandipet, Hyderabad-75.

2. Mr. Pratik (batch 2020) from Chart Industries, Hyderabad, conducted a session on "*Introduction to Safety Valve Sizing*" targeting III and V semester students. **Outcome:** In addition to enhancing students' technical knowledge on safety valve design and process safety, he generously donated textbooks to the department library, enriching the learning resources available to current and future students.

3. Prof. A. Srinivas (Associate Professor, BITS Pilani), Prof. A. Ramesh (Professor, BITS Pilani Hyderabad Campus) of batch 2001 conducted a lecture on "*Opportunities in Higher Education and R&D: Insights and Guidance.*" Alumni played an active role as members of the Programme Assessment Quality Improvement Committee, providing suggestions and feedback on academic and research activities. **Outcome:** The session motivated students to pursue higher education and research careers, while alumni contributions helped enhance academic quality and continuous improvement initiatives within the department.
