

STTPS

- The Department of ECE , CET(IoT & Cyber Security including Block chain) and MCA at Chaitanya Bharathi Institute of Technology, Hyderabad, Telangana, in Association with National Institute of Technical Teachers Training & Research, NITTTR, Chandigarh is Jointly Organized a One Week Online Short Term Course on “AI AND CLOUD BASED TOOLS FOR RESEARCH” from 24/03/2025 to 28/03/2025.

- An AICTE Sponsored STTP entitled "Current trends and emerging advances in Marine Navigation Communication" - PHASE 2 Organized by the Department of Electronics and Communication Engineering during 7th to 12th December 2020 by an academicians from IIT, NIT and Scientists from Research organizations.
- An AICTE Sponsored STTP entitled " Current trends and emerging advances in Marine Navigation Communication" - PHASE 1 Organized by the Department of Electronics and Communication Engineering during 23rd to 28th November 2020 by an academicians from IIT, NIT and Scientists from Research organizations

WORKSHOPS

- The Department of Electronics and Communication Engineering, CBIT, Hyderabad successfully served as a *Remote Centre* for the One-Week Short-Term Course (STC) on **“Leadership and Organizational Excellence in Higher Education Institutes”** conducted by NITTTR, Chandigarh from **10th–14th November 2025**. Renowned faculty from NITTTR and invited experts, including Prof. Sandeep Singh Gill, Dr. Meenakshi Sood, Prof. Pankaj Sharma, Dr. B. S. Dhaliwal, Ms. Anuradha Chawla, the Management Expert, Prof. Sanjeev Chaddha from MGSIPA Punjab, and Prof. K. G. Srinavasa from IIIT Raipur delivered the sessions.

- The department of ECE conducted an AICTE Sponsored Conference under Vibrant Advocacy for Advancement and Nurturing of Indian Languages (AICTE –VAANI) that is Regional Conference in Emerging Trends in Engineering (RCETE) during 14th -15th November 2025.

- IETE-ISF-ECE CBIT conducted a technical workshop on "Circuit Simulation using PSpice" as part of its VLSI series. Dr. K. Vasanth, Head of ECE, led the session, offering detailed insights and hands-on training in circuit design and simulation on 25-03-25. The workshop emphasized practical learning, with active student participation in real-time circuit analysis. The initiative was warmly supported by

Prof. C. V. Narasimhulu, Principal, and CBIT. The event was coordinated by Dr. B. Neeraja and Mr. E. Chandrashekhar.

- The Department of Electronics and Communication Engineering at Chaitanya Bharathi Institute of Technology (CBIT) successfully organized a two-day workshop on "Building Blocks of VLSI Design" on March 20-21, 2025. The event was conducted under the Chip to Startup (C2S) Programme of the Ministry of Electronics and Information Technology (MeitY), Govt. of India, in collaboration with the IEEE - CAS Society, Student Chapter, CBIT.

Dr. Krishnakanth (CTO, MOSat Labs)

Dr. Abhishek Srivastav, IIT, Hyderabad

Participants

- The ECE department, IETE Student Forum (ISF) organized a two-day Workshop during 30-08-2024 to 031-08-2024 on “Analog VLSI Design” by eminent Resource person

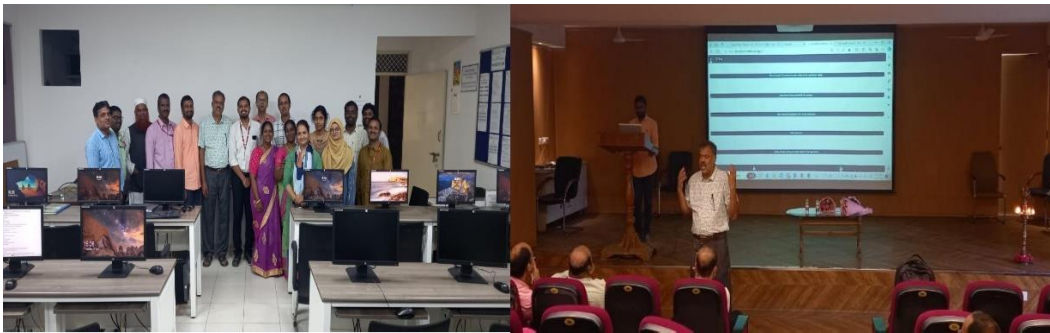

- The ECE and Mechanical Dept of CBIT organized Workshop on “Anthariksha Parishodana” marked as National Space Day 23-08-2024 and coinciding with first anniversary of the historic Chandrayaan -3 mission by eminent Resource person and guest of honor Dr. Jaya Saxena, Scientist NRSA, Hyderabad and Sri. K. Radha Krishna, Software Engineer, Dhruv Space Systems.

- Workshop organized by department of ECE, CBIT on “Exploring Stela 5.0: AI Teaching, Product Design Insights, and Collaborative Development Strategies” by Dr. S. Ramanarayana Reddy, Professor and Head of CSE at Indira Gandhi Delhi Technical University for Women (IGDTUW) on 18th July 2024.

Participants along with Speaker Dr. S. Ramanarayana Reddy

- The ECE department, IETE Student Forum (ISF) was organized a two-day Workshop in association with OUCE during 07-05-2024 to 08-05-2024 on ‘Exploring the Art of PCB Design with Hands ON’ by eminent Resource person is Dr. M. Shyam Sunder Associate Professor, ECE, OUCE.

- Workshop organized by department of ECE, CBIT on “HAM Radio Equipment Demonstration and installation procedure” by Mr Kishore, V,Sasi Bhushan on 02nd May 2023.

Speaker with Participants

- The ECE department, ISF was organized a one day Workshop on MATLAB during 3rd March 2021 by eminent Resource Person Mr Naman Gupta.
