

Yearly Status Report - 2019-2020

| F | Part A |
|---|--|
| Data of the Institution | |
| 1. Name of the Institution | CHAITANYA BHARATHI INSTITUTE OF TECHNOLOGY (A) |
| Name of the head of the Institution | Dr. P Ravinder Reddy |
| Designation | Principal |
| Does the Institution function from own campus | Yes |
| Phone no/Alternate Phone no. | 04024193276 |
| Mobile no. | 8466997204 |
| Registered Email | principal@cbit.ac.in |
| Alternate Email | ravinderreddyp_mech@cbit.ac.in |
| Address | Chaitanya Bharathi PO, Kokapet(V), Gandipet(M), Ranga Reddy (Dist.) |
| City/Town | Hyderabad |
| State/UT | Telangana |
| Pincode | 500075 |

| 2. Institutional Status | |
|--|---|
| Autonomous Status (Provide date of Conformant of Autonomous Status) | 22-May-2013 |
| Type of Institution | Co-education |
| Location | Rural |
| Financial Status | Self financed |
| Name of the IQAC co-ordinator/Director | Dr. N V Koteswara Rao |
| Phone no/Alternate Phone no. | 04024193276 |
| Mobile no. | 9848244879 |
| Registered Email | director_iqac@cbit.ac.in |
| Alternate Email | nvkoteswararao_ece@cbit.ac.in |
| 3. Website Address | |
| Web-link of the AQAR: (Previous Academic Year) | <u>https://www.cbit.ac.in/wp-content/up loads/2019/04/CBIT-AQAR-2017-18.pdf</u> |
| 4. Whether Academic Calendar prepared during the year | Yes |
| if yes,whether it is uploaded in the institutional website: Weblink : | https://www.cbit.ac.in/current_students /alamanac/ |

5. Accrediation Details

| Cycle | Grade | CGPA | Year of | Vali | dity | |
|-------|-------|------|--------------|-------------|-------------|--|
| | | | Accrediation | Period From | Period To | |
| 1 | В | 2.73 | 2010 | 04-Sep-2010 | 09-Mar-2015 | |
| 2 | А | 3.11 | 2017 | 12-Sep-2017 | 11-Sep-2022 | |

6. Date of Establishment of IQAC

27-Apr-2011

7. Internal Quality Assurance System

Quality initiatives by IQAC during the year for promoting quality culture

Program exit feedback is collected from the outgoing students of the institute. The feedback on Curriculum, Program Outcomes, Program Specific Outcomes, Training Placement, Career Development, Co curricular activities and Extra Curricular activates, Infrastructure and Common facilities is collected. The process of collecting feedback shall be carried out through the learning portal of the institute. The respective departments are shared with this PES feedback and are directed to prepare action plan for compliances reported if any. Teachers Feedback The respective HoD exercises after collecting the feedback from the faculty in all aspects and the recommendations shall be presented in the BoS meeting while developing the curriculum and course content. Alumni Feedback: An Alumni meet is conducted by the institute on 25th December of every calendar year. The feedback from Alumni is collected on various parameters. The analysis of this feedback shall be used in the Academic and Administrative matters of the respective departments Employer Feedback: Employer survey is taken from the employer annually through a structured questionnaire by the Director-CDC. The Employer considers various evaluation parameters like subject knowledge, attitude, motivation, creativity, presentation skills and ability to get along with others etc. The analysis of this feedback helps Institute in introducing various skill development training programs for the next batch of outgoing students. This helps in improving overall employability and career growth of the students. Parents' Feedback: The feedback from the parents helps the Institute in reorienting the administrative policies, accommodation, general ambiance, suitability of the courses for career growth of their ward. The feedback report from the parents is consolidated and necessary action will be taken by the Institute.

CRITERION II – TEACHING- LEARNING AND EVALUATION

4.4 – Maintenance of Campus Infrastructure

4.4.1 – Expenditure incurred on maintenance of physical facilities and academic support facilities, excluding salary component, during the year

| Assigned Budget on academic facilities | Expenditure incurred on maintenance of academic facilities | Assigned budget on physical facilities | Expenditure incurredon maintenance of physical facilites |
|---|--|--|--|
| 192.95 | 92.65 | 1559.47 | 943.56 |

4.4.2 – Procedures and policies for maintaining and utilizing physical, academic and support facilities - laboratory, library, sports complex, computers, classrooms etc. (maximum 500 words) (information to be available in institutional Website)

Measures for Cyber Security: There are around 2300 Desktops and Laptops. All are connected to internet through LAN connectivity. Students and faculty can access internet using the desktops/laptops and mobiles. We have also four dedicated servers for the academic and examinations services. All these machines are secured and protected by the following security measures 1. Quick heal total security Antivirus software installed in end-user devices 2. Cisco Meraki MX-100 firewall with anti spam and content filtering 3. Nginx-based revers Proxy server for protecting the machines from public access 4. pfSense for authentication, monitoring and controlling the WiFi network 5. System admin monitors and takes the necessary precautions Library Information Centre: The library is often considered a hub of thoughts / Knowledge. The diverse collection in any library shapes of mind-set and opinions of the students. A healthy library is always a major source to enhance the knowledge of an individual and also facilitates change in society. CBIT has established a good Library Information Centre with a generous collection of literature and resources in the field of Science, Technology, Engineering, and Management disciplines with well-defined rules, procedures, and policies for the purchasing, maintaining, and utilizing the Library Information center resources and facilities for the effective utilization by the staff and students of the Institute. Information about Library Resources, Procedures, Rules and other user's related information will be displayed on the Library website (http://202.65.141.232/library/) Library Resource Purchase Policies and Procedures: The Faculty and Students can recommend the required Books and Journals through the Head of the Department for purchase and subscribe to the Central Library. The Library Staff would then check with the library database for duplication, availability, utilization and then finalize the list of recommended books and Journals and obtains financial sanction through Institute Development and Purchase committee for their acquisition and subscription as per the Institute rules. Received Books processed as per the Library standard procedures i.e. accessioning, stamping, classification, cataloguing, etc. Books are arranged department-wise in the racks as per the Dewey Decimal Classification (DDC). Received Journals are registered in the Journal-Register and all the current journals are displayed in the Journal display rack in the Reference section and e.resources access links will displayed on notice board and website for easy access. As per the circulation policy, each student is eligible to borrow 4 books for 14 days, Professors can borrow 08 books, Associate and Assistant Professors can borrow 06 books, and Non-Teaching staff is eligible to borrow 2 books for 30 days. The department of Physical Education started functioning from the inception of the institute for all-round development of the students. Sports and games play a vital role in bringing

closer the people of various walks of life and nations even. There is an ample evidence to suggest that physical activity has a positive impact on cognitive skills leading to improved academic performance through enhanced concentration and attention as well as improved class room behavior. There is correlation exists between physical education and academic excellence.

CRITERION V – STUDENT SUPPORT AND PROGRESSION

5.1 – Student Support

Students union will be given opportunity to interact with Director of SA P frequently to represent their issues concerns. They will be made a part of the discussing teams during all important academic / administrative reforms and given opportunity to express their views to the administration and management authorities. Most recent example is to decide about the examinations policy during the ensuing pandemic situation. Besides these, there is a grievance cell for students in the campus for which the president of students union is a member. Student representatives will also be involved in the anti-ragging committees.

5.4 – Alumni Engagement

5.4.1 – Whether the institution has registered Alumni Association?

Yes

The Institution organizes alumni meet at least once every year. The annual gathering usually has alumni from all the departments and share their professional experience and whereabouts. Expert talks and guest lectures are organized and the alumni associates contributes to the college in terms of ideas and as resource persons for various sessions.

5.4.2 - No. of registered Alumni:

5000

5.4.3 - Alumni contribution during the year (in Rupees) :

480000

5.4.4 - Meetings/activities organized by Alumni Association :

The Alumni meeting was organized on 25.12.2019 in the CBIT campus and the points viz., Organizing Annual Alumni Meet, every year on 25th December, Sponsoring to seminars, workshops, conferences, etc., Mentoring students, Providing internships and placements to CBIT students, Supporting meritorious and economically needy students, Delivering expert talks and guest lectures, Contributing significantly in Curriculum Design and Development as BoS members, Exclusive Alumni Chapter in USA, Maintaining Alumni website etc., have been discussed

CRITERION VI – GOVERNANCE, LEADERSHIP AND MANAGEMENT

6.1 – Institutional Vision and Leadership

6.1.1 – Mention two practices of decentralization and participative management during the last year (maximum 500 words)

The management ensures decentralization by creating Directors to help the Head of the institution in planning and execution of various procedural activities. Decentralization leads to facilitate quick decision making related to academic and administrative activities at all levels. It involves the members of the faculty and administration at different levels to bring in participation responsibilities with accountability and ownership. Decentralization also ensures transparency in the administrative activities. The faculty members who have been delegated the power to take administrative decisions is as follows:
1. Prof. N. V. Koteswara Rao, Director, IQAC 2. Prof. P. Suresh, Director, AEC and CoE 3. Prof. K. Krishna Veni, Director, Academics 4. Prof. A. D. Sarma, Director, R and D 5. Prof. Umakanta Choudhury, Director, Incubation and Innovation 6. Prof. P. Sreenivasa Sarma, Director, SA and P 7. Dr. N. L. N. Reddy, Director, CDC 8. Prof. P. V. Prasad, Controller of Examinations 9. Smt. B. Anne Violet ,Head, Human Resources 10. Sri K. R. K. Prasad ,Executive Engineer

Yes

6.2 – Strategy Development and Deployment

6.2.1 - Quality improvement strategies adopted by the institution for each of the following (with in 100 words each):

| Strategy Type | Details |
|--------------------------------------|--|
| Admission of Students | <pre>BE/B.Tech Admission Process ? Category-A (Convener quota): 70 of the seats ? TSEAMCET(State wide Entrance Examination for Engineering and Agriculture) ranks ? Category-B (Management quota): 30 of the seats a)8 of the seats for NRI - Merit in qualifying exam marks b) 22 of the seats for IIT JEE Mains ranks/ EAMCET Ranks/ qualifying exam marks ME/M.Tech Admission Process ? Category-A (Convener quota): 70 of the seats ? GATE/ PGECET Ranks ? Category-B (Management quota): 30 of the seats ? GATE/ PGECET/ qualifying exam marks MBA/MCA Admission Process ? Category-A (Convener quota): 70 of the seats ? TSICET Ranks ? Category-B (Management quota): 30 of the seats ? TSICET / qualifying exam marks</pre> |
| Industry Interaction / Collaboration | CBIT Entered Collaborations with the following organisations CII, T-HUB ,DSCI, FABA KERNELSPHERE, MSME ,RICH, RPA , DIGINTRUDE,ATLAS GRADVINE. CII Organized 118 Seminars, Webinars on various industry specific themes and Industrial visits in 2019-20 benefitting 185 faculty and 400 students. CBIT is recognized MSME Incubation Centre. Twenty six Ideas Under MSME My MSME Incubation Scheme and Five Ideas for New India Challenge 2020 Scheme were submitted.RPA Lab is established in Collaboration with AAU to train Faculty and students on RPA. Transformer Tracking using Artificial Intelligence, IOT Based GPS projects were developed in collaboration with Kernel sphere. Collaborated with DSCI, Dig intrude to harness Cyber security, Privacy initiatives in building Cyber security Eco-System in the campus.Innopark Ventures supports Technically, Financially student Ideas through Master Classes, Pitching and Mentoring Sessions to support Entrepreneurship activities. Collaborated with FABA (Federation of Asian Biotech Association) in conducting 51 Activities by resource |

| | persons from Industry Research organizations on emerging trends in Life sciences. Collaborated with RICH T- Hub in building Innovation, Entrepreneurship culture in the campus. Collaborated with ATLAS, GRADVINE in guiding and counselling the students on higher education abroad. In 2019-20, 135 Industry Interaction Activities were conducted. The key objective of these Interactions is to make students faculty to understand about the Industry 4.0 technologies, Skill Knowledge needed to improve students placements. Campus recruiting companies conducted leadership talks, hackathons to develop coding competencies. |
|---|--|
| Human Resource Management | HRM is not only crucial to an organization's success, but we are part of the overall Institute's strategic plan. We ensure the Institute's values and mission is prioritized and is linked to our growth plans and strategies. At CBIT we have an elaborate and systematic plan of action developed by a human resource department. Our strategic plans may include long-term goals, while the HR plan may include short-term objectives that are tied to the overall strategic plan. We as an Institute understand that the human side of the organization is the most important asset and therefore HR has much more importance in our institute. At CBIT Human Resources is no longer merely a functional area, HR became more of a partnership within the organization. Our basic functions include Staffing, Workplace policies, Compensation and benefits, Retention, Performance Appraisal System, Training and development, Regulatory issues, etc. |
| Library, ICT and Physical Infrastructure / Instrumentation | Computerisation of the CBIT- Library Information Centre for the Improvement of Quality of Library Services Library Housekeeping operations are automated with New GenLib: an Integrated Library Automation Software. Library Database is created and made available to access with online public access catalogue through campus network. Library Users can access and search through online public access catalogue to know the availability and status of the resource. Barcode technology introduced in the library circulation system to |

| 11 | |
|----------------------------|---|
| | <pre>avoid human input errors. Library Circulation system performs daily operations through automated system. All the necessary precautions are taking for the safeguard the library database (updating, backup etc.) Institute Library Information is subscribing online e-books and e- journal databases as per the requirement of the institute AICTE and also providing IP based access and these journals can be accessed from any computer connected in the campus LAN. It has an exclusive Server with Content Management Software for e-learning. This facility enables the staff and students to access e-learning resources such as NPTEL Lectures, MIT Lectures etc. For the effective utilisation of resources, it will conduct / arranged a Information Literacy training programs to the staff and students based on the assessment level of skill of the users. Depending on the need every year 3-4 programs will arranged for the users.</pre> |
| | CBIT Library Information centre is part of e-ShodhSindhu: Consortium for Higher Education Electronic Resources. |
| Research and Development | Research and Development (RD) cell mainly focuses on enhancing the research activities and cultivate a pleasant atmosphere. Independent space is provided to each department to encourage both individual and collaborative research for the execution of both sponsored/consultancy projects. In addition, individual departments are encouraged to setup 'Centres of Excellence'. Adjunct faculty of repute will be co-opted to speed up the publications, Innovations and maintain quality. The sanctioned research projects are continuously monitored by committees consisting of RE directors. Anti-plagiarism software is made mandatory for publications. Guest lectures are arranged to expose students and teachers to latest technologies and developments. |
| Examination and Evaluation | Departmental Advisory Committee works for continuous quality improvement, promotes accountability, enforces processes and procedures toensurequalityeducationand improvement of student learning. ? Semester End Examination (SEE) There shall be a Semester End Examination (SEE) at the |

| | end of each semester for three hour duration for each course. All the units of syllabus are given equal importance |
|-----------------------|--|
| | mapped to each CO. According to level of learning, the questions are prepared |
| | to assess attainment levels of COs. The Question papers are set according to |
| | Bloom's Taxonomy to meet the CO and PO. The answer scripts are evaluated by both the internal and external |
| | evaluators to assess the overall |
| | knowledge attainment. ? Continuous Internal Evaluation (Internal Semester Question papers, Assignments and Slip |
| | Tests) Various initiatives have been taken at the department level in order |
| | to improve the quality of the question |
| | <pre>paper. Questions are set in alignment with Blooms' Taxonomy Levels (BTL), Course Outcomes. Two class test (CT-I</pre> |
| | CT-II) are conducted in each semester |
| | after seven weeks of teaching. For each |
| | course of the program, the Continuous Internal Evaluation is conducted to assess the student's knowledge and |
| | their understand ability. Mid papers |
| | are set to address the COs. Thetypeofqu estionsgenerallyaskedinthemidquestionpa |
| | perandassignmentsarebasedonthe requirements of the bloom's taxonomy |
| | levels. Mid paper includes Conceptual |
| | questions, Problem solving and |
| | numerical questions and Logical/Analytical questions. Two |
| | assignments are prepared to assess |
| | higher order Bloom's Taxonomy levels. |
| | Two slip tests are conducted in MCQs pattern. Two mid papers, two |
| | assignments and two slip tests |
| | uniformly cover the course contents. As |
| | per the UGC norms and after due consideration of the recommendations of |
| | the departmental committees and |
| | Stakeholders, the respective Boards of Studies of different departments have |
| | been developing new curricular models |
| | and updating the syllabi. |
| Teaching and Learning | There is always a need for periodic |
| | assessment and evaluation to ensure that all the programs are accomplishing |
| | the defined objectives. This assessment and evaluation leads to continuous |
| | quality improvement of the programs |
| | being monitored by Program Assessment and Quality Improvement committees |
| | (PAQICs). To strengthen the teaching- |
| | learning process, following procedure |
| 1 | is being implemented: 1. Adherence to |

Almanac and Academic Calendar Departments prepare action plan in alignment with the Institute almanac and academic calendar prior to the commencement of the semester. Action plan includes major routine tasks for timely execution of the teaching/learning and other academic activities such as preparation of time tables formation of different committees like: Common Course Committee, Multiple Courses Committee, Overall Monitoring Committee Conduct and implementation of Slip-tests, assignments Periodical student feedback, Periodical Project presentation etc. for smooth execution of Teaching Learning process. Course material and lab manuals for all the courses are prepared by respective faculty and circulated to the students. Students are provided with curriculum and schemes well before the commencement of the semester. The faculty are following the Outcome based Education (OBE). The faculty of every department adopts various innovative Teaching Learning methodologies to create the better learning environment. Industrial visits are conducted to reduce the gap between industry and institute. Workshops are organized to help the students to understand concepts beyond curriculum 2. Pedagogical Initiatives - Content Delivery (method of instruction) Faculty use various pedagogical methods for effective teaching learning process. • Citing real world examples for application-based courses. • Power Point Presentation PPTs • Access to study material in ERP • Digital texts enable real time learning, monitoring, comprehension and online assessment • LMS (Moodle) for Quiz, Assignment, Notes, etc. • ERP for attendance, feedback, etc. • Case studies • Project based Learning • Workshops • Expert talks-Department regularly arranges webinars/seminars through professional societies. • Group discussions/tasks • Collaborative / Cooperative teaching/ learning:Students share knowledge or discuss topics in small group or in peer mode. • SWAYAM: The faculty members are using E-sources from SWAYAM courses for effectiveteaching. The same also provided to the students in order

| | <pre>to develop self-learning and life-long learning skills. • Assignments based problem solving: Assignments are given to students on problems and they solved by themselves. Assignments are set to address the higher order Blooms Taxonomy levels. • Laboratory demonstration: Demonstration about lab experiments is done before conducting of lab experiments. Students are made exposed to usage of modern tools where ever it is necessary. • Group discussion/ presentation: Students learn through group discussion or asked to deliver short presentation on a topic. 3. Methodologies to support weak students and encourage bright Students Faculty members identify the list of slow and fast learners of their respective courses based on CIE performance of the students. Student identification of slow learners, fast learners and extra care taken for them are presented below. Extra care taken for slow learners ? Identify the courses in which student is week ? Conduction of remedial classes ? Extra counselling to motivate students and guide students for better preparation ? Mentors are facilitated to understand personal and professional difficulties of students. Motivation to the bright students ? They are encouraged to finding the solution of complex problem/innovative projects. ? Special guidance to publish papers and carried out innovative projects. ? Students</pre> |

| Curriculum Development | Chaitanya Bharathi Institute of Technology is established with affiliation to Osmania University. The institute has conferred UGC Autonomous status from the academic year 2013-14 and drafted the curriculum and syllabus, referred as R-13 Regulation. From the academic year 2016-17 the institute has adopted Choice Based Credit System (CBCS) accordingly, the revision of the syllabus (R-16 Regulation) has been carried out. The subsequent revision of the syllabus (R-18 Regulation), was done in line with AICTE Model Curriculum from |

| academic year 2018-19 onwards. As per the R-18 scheme, students have provision to acquire Honors /Additional Minor Engineering degree by earning 20 credits additionally through MOOCs. The |
|--|
| Program curriculum is structured in such a way that it suits the current technologies, industry needs, requirements for continuing higher education, research and also helps the students in securing employment in different organizations. The syllabi for the courses are designed based on the principles of outcome-based education (OBE) and with a prime |

6.2.2 – Implementation of e-governance in areas of operations:

| <pre>good governance. Our E-governance i characterized by participation, transparency and accountability. W ensure e-governance is used for the planning, implementation, and monitoring of Institute programs, projects, and activities. We see the this helps in deliver cost - effecti and easy - to - access services, an improve processing of various information between the employees an the Institute and the between the government and other agencies. Our major functions on E-governance incl management of processes such as registration, admission, student information, classes, time table, transport, attendance, library, sala and expenses, examinations, performance, grades, hostels, securi and reports, employee database, innovative teaching tools etc. Our system also enables various stakeholders to control the improve operational efficiency in various kk processes like grants, utilization certificates, approval processes, feedback mechanism etc. Our overal: education system at CBIT is enhance while we ensure to focus on (i) Lon term impact on Institute goals (ii Improve education system (iii) Empow</pre> | E-governace area | Details |

| | Planning and Development | <pre>transparency and accountability. We ensure e-governance is used for the planning, implementation, and monitoring of Institute programs, projects, and activities. We see tha this helps in deliver cost - effective and easy - to - access services, and improve processing of various information between the employees an the Institute and the between the government and other agencies. Our major functions on E-governance inclue management of processes such as registration, admission, student information, classes, time table, transport, attendance, library, salar and expenses, examinations, performance, grades, hostels, securite and reports, employee database, innovative teaching tools etc. Our system also enables various stakeholders to control the improved operational efficiency in various ke processes like grants, utilization certificates, approval processes, feedback mechanism etc. Our overall education system at CBIT is enhanced while we ensure to focus on (i) Long term impact on Institute goals (ii) Improve education system (iii) Empowe Staff, students encouragement of the istaff, students encouragement of istaff, students encouragement of encouragement of istaff, students encouragement of the istaff, students encouragement of encouragement of istaff, students encouragement of encouragement of istaff, students encouragement of encouragement of istaff, students encouragement o</pre> |
| participation in governance. | | |

| | administrative activities are essential to enhance efficiency. Technology is |
|-------------------------------|--|
| | <pre>extensively used at our administration. (i) General Administration (ii) Pay Roll and Financial (iii) Accounting (iv) Administration of Student Data (v)</pre> |
| | Inventory Management (vi) Personnel |
| | Records Maintenance (vii) Library System (viii) Assessment Practices (ix) collaboration and networking practices (x) Professional development of our teaching and non-teaching staff We tap in the digital medium to showcase the institute's information through college website and also use social media to engage with the student and other stake holders. The constant support from the Top Management, functional autonomy, adequate training and motivation for the staff and students, budgetary |
| | support and infrastructural facilities are some of the important factors in determining success of including e- governance in our Institute. |
| Finance and Accounts | The Finance Accounts department of the institute is partially E- governed with an aim to digitalise minimize manual intervention in maintaining books of accounts student fee ledgers. The college uses the Student Master for maintaining student fee ledgers Tally ERP 9.0 for maintaining Books of accounts for transparency in the functioning of Accounts department. The same software is used to generate various reports like Consolidated Day Book, cash Books, Journal Register in tally while the student master generates student wise daily fee Collection report for Tuition fee, Transport fee, Hostel Fee, Examinations fees Miscellaneous Fees respectively. |
| Student Admission and Support | A separate web portal is made available for the enthusiastic candidate willing to get admitted into CBIT through B-Category. The web page contains all information about the admissions. The Notification for the admission of the candidates through B- Category will be posted in the said website. Candidates can apply online and shortlisted as per merit will be displayed on the same website. |
| Examination | Bees Examination Tool Software: The examination branch has Bees Examination Tool software to integrate all the activities of exam cell. The pre and |

| post examination activities are |
|---|
| integrated through this software tool. |
| Payment gateway is also available for |
| the payment of exam fees online by the |
| students to make the registrations |
| online for various services. The BET is |
| enabling the student to download the |
| hall tickets and results online through |
| the student info system.PC, CMM, |
| Bonafide certificate, Custodian and |
| Course completion certificates are also |
| generated using the software. |

6.3 – Faculty Empowerment Strategies

6.3.1 – Teachers provided with financial support to attend conferences / workshops and towards membership fee of professional bodies during the year

6.4 – Financial Management and Resource Mobilization

6.4.1 - Institution conducts internal and external financial audits regularly (with in 100 words each)

The institute has both internal external auditors. The internal auditor their staff visits campus quarterly and conducts a through verification of books of accounts, Student ledgers, Purchase proceedings, pay bills internal controls in place and give a report on the functionality of same. While the external auditor their staff visits the college after the end of financial year and they conduct a sample verification(after consulting internal auditor) of books of accounts, Purchase proceedings, pay bills a through verification of statutory obligation of college such as TDS, ESI, EPF Professional Tax. The external auditor also verifies the financial statements and gives audit report, file Income tax audit reports 3CD, 3CB with IT department.

6.4.2 – Funds / Grants received from management, non-government bodies, individuals, philanthropies during the year(not covered in Criterion III)

| Name of the non government funding agencies /individuals | Funds/ Grnats received in Rs. | Purpose |
|--|-------------------------------|---------------------------------------|
| M Santosh Reddy | 168517 | to provide scholarship to students |

No file uploaded.

6.4.3 - Total corpus fund generated

No Data Entered/Not Applicable !!!

6.5 – Internal Quality Assurance System

6.5.1 - Whether Academic and Administrative Audit (AAA) has been done?

| Audit Type | External | | Inte | rnal |
|------------|----------|--|--------|-----------|
| | Yes/No | Agency | Yes/No | Authority |
| Academic | Yes | External Experts , HYM International | Yes | IQAC |

| | | Private Limited | | |
|----------------|-----|---|-----|----------------------------|
| Administrative | Yes | HYM International Private Limited | Yes | ISO Certified 9001:2015 |

6.5.2 – Activities and support from the Parent – Teacher Association (at least three)

Interactions of faculty with parents by the respective class teachers and mentors during parent-teacher meetings of different departments come up with new suggestions related to the overall development of the students. A Student Progression report is maintained in record of Student's progression and the mentoring activity conducted by the mentors to support their progression. Mentors' guidance, experience and expertise in promoting their mentees professionally and personally, through interpersonal engagement. They will have harmony among various stakeholders (Students, Teachers, Parents, Alumni, Principal, and Management etc.) 1 Mentors Ensure holistic well being of Mentee by sticking to the following 2 Continuously monitor, counsel, guide and motivate the students in all academic matters. 3 Advise students regarding choice of electives, project, summer training, MOOCs, Honours degree, etc. 4 Contact parents / guardians if situation arise e.g. shortage of attendance, academic irregularities, inappropriate behavioural changes and interpersonal relations, detrimental activities etc. (in co-ordination with the class teachers). 5 Advise students in their career development/professional guidance. 6 Keep contact with the students even after their graduation. 7 Intimate HOD and suggest if any administrative action is called for. 8 Maintain a detailed progressive record of the student. 9 Maintain a brief but clear record of all discussions with students.

6.5.3 – Development programmes for support staff (at least three)

1 Encouraged the Support staff to undergo the ATAL programmes 2 Attended NPTEL lectures 3 Attended Coursera courses 4 Attended NITTTR lab manual preparation course

6.5.4 – Post Accreditation initiative(s) (mention at least three)

1. Filling of Vacant Teaching and non-teaching posts on regular basis. 2. Introducing of ICT is teaching-learning process: The institution has taken sincere steps to encourage the use of ICT in teaching learning process such as use of Learning Management System MOODLE. All the faculty have used computeraided methods of teaching in the academic year 2019-2020. 3. Student feedback system should be strengthened: Online Student Feedback System has been implemented in the academic year 2019-2020 and the report has been analysed and appropriate corrective actions are proposed by the respective departments. 4. Faculty are encouraged to organize and participate in

workshops/seminars/FDPs/STTPs/online trainings. In the academic year 2019-2020, faculty members have participated and successfully completed 1087 faculty development programmes such as orientation programmes, refresher courses, short term courses, workshops etc. 5. Planning to organise International Conferences 6. Starting of new UG program in the emerging areas

| 6.5.5 – Internal Quality Assurance System Details | | | |
|---|-----|--|--|
| a) Submission of Data for AISHE portal | Yes | | |

6.5.6 - Number of Quality Initiatives undertaken during the year

| Year | Name of quality initiative by IQAC | Date of conducting IQAC | Duration From | Duration To | Number of participants |
|-------------------|---|----------------------------|---------------|-------------|------------------------|
| 2020 | One Week Online Faculty Development Program on "Outcome Based Education" | 28/05/2020 | 28/05/2020 | 01/06/2020 | 275 |
| No file uploaded. | | | | | |

CRITERION VII – INSTITUTIONAL VALUES AND BEST PRACTICES

7.1 – Institutional Values and Social Responsibilities

7.1.1 – Gender Equity (Number of gender equity promotion programmes organized by the institution during the year)

| Title of the programme | Period from | Period To | Number of I | Participants |
|---|-------------|------------|-------------|--------------|
| | | | Female | Male |
| Gender sensitization classes for 6th and 8th semester students | 02/12/2019 | 28/12/2020 | 75 | 100 |

7.1.2 - Environmental Consciousness and Sustainability/Alternate Energy initiatives such as:

Percentage of power requirement of the University met by the renewable energy sources

1. Rain Water Harvesting A study had been carried out by the faculty of Civil Engineering department and the undergraduate students in the year of 2015 to implement Rain Water Harvesting structures (RWH) in CBIT campus. A report was prepared that the 191.5 KLD rain water can be collected from the rooftops of the building during the months June to November where as the institute requirement is 225 KLD excluding gardening. Considering this amount of groundwater recharge for 6 months in a year, there will be a rise of water table by about 17 cm in a year. Besides water harvesting, it will have an effect on pumping head and it reduces the consumption of electrical energy. Most water harvesting structures are being planned near abandoned bore well

points of the institute. All overhead tanks should be fitted with floats, sensors and other mechanisms to shut the water supply and avoid overflow. Also taps should be provided with water aerators to minimize wastage of water. 2. Waste Management Adequate three bin systems which aide in segregation is to be provided across the campus to control the littering of the waste material. This segregated dry waste can be handed over to TSPCB approved vendor for recycling. Separate Waste management yard is located in Gandipet village to which all the organic waste of the Institute can be sent for composting. It is suggested to build a self sustaining bio gas plant in the campus to convert the food waste into gas for cooking purpose in canteen/boys hostel. All garden waste can be composted and converted into manure which can be used to maintain the gardens

in the campus. 3. Energy Conservation All electrical appliances of the 11 academic buildings and hostels may be connected through roof top solar panels. The existing academic buildings and hostels are to be converted into energy efficient appliances (LED lights, etc.,) in a phased manner. 4. Sewage Disposal System A plant based STP of 200 KLD capacity is proposed to treat the waste water generated in the Campus. Treated water can be used for the landscape area and for flushing purpose. This is a natural biological approach and is highly effective and simple to operate systems to treat water to a quality which is safe for environmental disposal or reuse and is carbon neutral. It is based on no electricity, no regular chemical based treatment techniques. SUGGESTED ACTION PLAN TO BECOME SUSTAINABLE CAMPUS S.No. Item Description Quantity/ Action to be taken Time frame 1 3-bin system for Recycling 11 Immediately 2 Rainwater Harvesting Pits To be estimated June, 2020 3 LED lights In all possible places Phased manner by June, 2020 4 Water aerators to taps In all washrooms and labs Immediately 5 Dry waste (Plastic, Glass, Paper) Send to TSPCB approved vendor After buying three bin systems 6 Sensors to avoid overflow in water tanks In all the overhead water tanks Immediately

7.1.3 - Differently abled (Divyangjan) friendliness

| Item facilities | Yes/No | Number of beneficiaries |
|---------------------|--------|-------------------------|
| Physical facilities | Yes | 33 |
| Provision for lift | Yes | 33 |
| Ramp/Rails | Yes | 33 |

7.1.4 - Inclusion and Situatedness

| - | | | | | | | | |

| 1 Swachhata Pakhwada-2020 2. Plantation of Saplings (with high CO2 absorption rate) 3 Development and presentation of Innovative Technologies for Waste | | | | | | |

rate) 3. Development and presentation of Innovative Technologies for Waste Recycling Energy Conservation etc. 4. Competitions regarding Swachhta - speech, poster making, slogan writing 5. Quiz Competition: 6. Competitions regarding Water Conservation 7. Talk show on Swachhata 8. Competitions regarding Forest Conservation 9. Cleanliness drive in hostels 10. Competition 'Best out of waste' 11. Organisation of special drive on water conservation 12. Village Activities 13. CHAITANYA PARIVRITA

7.2 – Best Practices

7.2.1 - Describe at least two institutional best practices

(i) Infra Structure -IT services enabled: There is an increased usage of ICT based Teaching and Learning through various tools including our own designed and customized open source Learning Management System(Moodle). Course material and faculty video lectures are made available in the LMS, which can also be accessed/browsed through the CBIT library page. CBIT has procured 100 user accounts Webex Academic bundle with maximum capacity of 1000 participants in each of the account. Institute had also purchased ERP evaluation software to conduct the digital evaluation. (ii) Uploading of Class room Video lectures and e-Content on to the Portal: E-Content Upload and Access Method: CBIT created an exclusive LMS portal to upload the E-content i.e. recorded video lectures for easy access by the registered users. Each faculty member uploads their recorded video lecture in the LMS portal with a Specific Filename for easy

identification which contains the Academic year, Program, Semester, Department Name, Subject Code, Subject Name, Faculty Name, Date, Lecture No, and topic name. (iii) Digital Evaluation: Examinations will be conducted in offline mode and the answer scripts will be cut and converted to digital format through the scanner. Using BEES EXAMINATION TOOL PLUS (BET Plus) software digital valuation can be carried out. This software mainly focus on Blooms's Taxonomy and Outcome Based Results. The E-Valuation process integrated for the Program outcome keeps the valuator at the end-point, without any other human interaction. The software has different features such as 1. Unit Master Creation, 2. Question wise marks pattern creation, 3. Subject marks pattern creation, 4. Choice Master Setup, 5. Choice Grouping, 6. Bundle Generation, 7. Bundling Work, 8. Valuator Remuneration Setup, 9. Valuator College Setup, 10. Valuator Master Creation, 11. Bundle Allotment to the Valuator, 12.Valuator Login Creation Password, 13. SMS/Email Login Password to Valuator, 14. Valuator Login page in Browser, 16. Marks entry 2st Valuation, 17. Valuation Status Check, 18. .Verify Data Entry and Correction with Scrutiny Report, 19. Results Processing, 20. Blooms Taxonomy, 21. Program Outcomes, 22. Analysis Reports. (iv) Semester Readiness Program(SRP) To monitor the ongoing Teaching Learning Activity continuously and for effective implementation of OBE, a new initiative named 'Semester Readiness Program (SRP)' is introduced. In this regard, pre-semester curriculum meetings were conducted in online mode with following expected outcomes Faculty shall be ready with required course material before the commencement of classwork. Faculty shall be ready with the lesson plan, schedules, assignment, question bank, model question paper for their respective courses. To ensure the quality of TLP and assessment, a three level internal academic auditing process by IQAC is also introduced. (v) Industrial Training / Internship: The students are encouraged to undergo Industrial

training/Internship during summer / winter vacation. In this case the training

has to be undergone continuously for the prescribed period. The students may undergo Internship at Research organization / University (after due approval from the Head of the Department/Principal during summer / winter vacation or during semester break. If the student earns three (3) credits in Industrial Training / Internship, the student may drop one Open Elective. (vi) RESEARCH DAY: Organizing Research Day in the Institution by R and E Hub. The focused initiative by the Institute is being Celebrated with an Objective to not only change the image from an Under Graduate Engineering College to Research focused Institute but also to expand the base to encourage Research Scholars, Students, Faculty to showcase their Research. The event facilitates the participants to network with Faculty, Fellow Students and Local Industry who are sharing the same Vision from India and Abroad and learn the quality of Innovation including the quality of Scientific Publications, the quality of Universities and Patent related filings and recognize their own Research while respecting others Research in a Win-Win situation for all.

Upload details of two best practices successfully implemented by the institution as per NAAC format in your institution website, provide the link

7.3 – Institutional Distinctiveness

7.3.1 – Provide the details of the performance of the institution in one area distinctive to its vision, priority and thrust in not more than 500 words

CHAITANYA BHARATHI INSTITUTE OF TECHNOLOGY, established in the Year 1979, esteemed as the Premier Engineering Institute in the States of Telangana and Andhra Pradesh, was promoted by a Group of Visionaries from varied Professions of Engineering, Medical, Legal and Management, with an Objective to facilitate the Best Engineering and Management Education to the Students and contribute towards meeting the need of Skilled and Technically conversant Engineers and Management Professionals, for the Country that embarked on an Economic Growth Plan. CBIT is affiliated to Osmania university, approved as an autonomous institution under UGC, accredited by NAAC for two cycles and by NBA for five times and it ISO 9001:2015 certified institute. The institute got NIRF ranking 100 in 2020 ranking The Institute, committed to Education and Innovation, started with three-Degree Courses in Engineering for 200 Students and over the 41 Years, has emerged as a Dream Destination for Students seeking to excel in Engineering and Management Education, Teaching Community to progress with a rewarding Career and Corporates to source well-rounded Engineers. Stringent Academic Standards, Industry compliant Teaching Methodology, Research Projects from Private and Public Sector Industries in Engineering and Management and Consultancy Practice, enabled the Institute to establish its Identity in the Technical Education and is Ranked No. 1 amongst the Private Engineering Colleges in both the Telugu Speaking States. The Practices and the Culture at the Institute has always been to provide Quality Education by enhancing the overall Educational experience of Students adopting a wide range of Academic, Practical, Co-Curricular, Extra-Curricular Programs in the State-of-the-Art Facilities, Services and Activities to enable the required exposure to a variety of Social, Cultural, Intellectual, Recreational Opportunities and Challenges. Such learning experiences have enriched the lives of Students and helped them to develop into a Multi-Skilled and Multi -Tasking Personalities that ensured success in their Careers and Occupations. Co-curricular and Extra-Curricular activities are planned and executed through a number of Associations, Clubs, Societies, Students' Chapters of Professional Bodies, with a view to allow the Students, the necessary freedom to plan and execute every effort and in the process nurture them to be the future Leaders who learn to address Challenges and carve a path of Success. In its Four Decades of existence, all the Stake Holders of the Institute, relentlessly endeavoured to

position CBIT as an Institution that is a Leader and an Innovator in the Ecosystem of Engineering Higher Education. With the Students being the singular Objective, the Institute has established excellent Infrastructure such as Stateof - the Art Laboratories, spacious Library with Printed and Digital Collection of Books and Journals, Sports, Hostel, and other Infrastructure for Extra and Co-Curricular Engagements with a total Built-up Area of about 57,714 Sq. Mts., in the serene Ambience of 50 Acres to inspire, encourage and pursue Academics. In its relentless strive for Academic excellence, CBIT has scaled great heights both Nationally and Internationally in Industry and Global University

Provide the weblink of the institution

8. Future Plans of Actions for Next Academic Year

1. Three level audit systems on courses: Implementation of three levels Academic Audit: For strengthen the teaching and learning process a three level academic audit is introduced in the system. The first academic audit is conducted in the first week of semester class work for all the teachers which involves the verification of academic documents related to correlation matrix i.e mapping of COs, POs and PSOs, to reflect Outcome Based Education. In this process, the auditors also verify the Course file of respective faculty. a. The audit findings shall be addressed and fulfilled by the respective faculty through the respective Head of the department. b. The second audit shall be planned in the 9th/10th week of semester. In this audit, the auditors verify the Question papers of Class Test, Slip Test, Assignments and evaluation process of the same. Auditors also verify, whether the faculty are adopting Blooms Taxonomy levels and CO mappings in the questions. The requirement of conducting remedial classes for the students by the respective faculty is also considered in the auditing process. c. The last audit is planned after second class test i.e after last working day of the semester. In this audit the auditor verifies the CO attainment levels of the students based on CIE (Continuous Internal Valuation). The third audit shall be concluded when the respective faculty completes the CO attainment calculations based on the performance of both CIE and SEE i.e after declaration of the Semester End Examination results. 2. NITTTR training programs: The Institute is planning to establish a committee to initiate and conduct the activities with the guidelines of NITTTR. 3. Development of program exit survey through LMS: Program exit feedback systems: Program exit feedback is collected from the outgoing students of the institute. The feedback on Curriculum, Program Outcomes, Program Specific Outcomes, Training Placement, Career Development, Co curricular activities and Extra Curricular activates, Infrastructure and Common facilities is collected. The process of collecting feedback shall be carried out through the learning portal of the institute. 4. Introducing new emerging programs like AI, ML, Data security: The Institute is planning to introduce new UG/PG programs as and when notifications are released from AICTE. 5. Departmental academic audit. 6. Encouraging faculty for applying more research projects. 7. Initiatives under Industry Innovation an Incubation. 8. Strengthening Semester Readiness Program (SRP).
