Academics Rules and Regulations for B.E/B.Tech.

FOUR YEAR DEGREE COURSE

(With effect from 2024-25)

I. Preliminary Definitions and Nomenclature

These rules are applicable to the students who are admitted to BE/B.Tech (Eight Semesters) Programme from the academic year 2024-25. The preliminary definitions and nomenclature are furnished in the following table.

S. No	Keywords	Definition
1.	Programme	An educational Programme leading to award of a Degree **BE/B.Tech**
2.	Admission Procedure	As prescribed by Government of Telangana
3.	Academic Year	Two consecutive (one odd + one even) semesters constitute one academic year.
4.	Semester	Each semester will consist of 15-17 weeks of academic work equivalent to 90 actual teaching days. The odd semester may be scheduled from July to December and even semester from January to June.
5.	Course	Usually referred to, as "papers / subjects" is a component of a programme. All courses need not carry the same weight. The courses should define learning objectives* and learning outcomes*. A course may be designed to comprise Lectures / Tutorials / Laboratory work / Mini Project / Project Work / Seminars / Exams /Viva / Assignments / Presentations / Internship / Activity Point (Non-credit) / Self-study etc. or a combination of some of these. The medium of instruction, examinations and project report will be in English. *As per AICTE Course Objectives and Course Outcomes (COs)
6.	Credit	A unit by which the course work is measured. It determines the number of hours of instructions required per week. One credit is equivalent to one hour of teaching (lecture or tutorial) or two hours of practical work per week.
7.	Letter Grade	It is an index of the performance of students in a said course. Grades are denoted by letters like S, A, B, C, D, E, F etc.
8.	Grade Point	It is a numerical weight allotted to each letter grade on a10-point scale.
9.	Credit Point	It is the product of grade point and number of credits for a course
10.	SGPA	Semester Grade Point Average (SGPA), it is a measure of performance of work done in a semester. It is ratio of total credit points secured by a student in various courses registered in a semester and the total course credits taken during that semester. It shall be expressed up to two decimal places.

11.	CGPA	Cumulative Grade Point Average (CGPA), it is a measure of overall cumulative performance of a student over all semesters. The CGPA is the ratio of total credit points secured by a student in various courses in all semesters and the sum of the total credits of all courses in all the semesters. It is expressed up to two decimal places.
12.	Grade Sheet	Based on the grades earned, a grade sheet shall be issued to all the registered students after every semester. The grade sheet will display the course details (Course title, number of credits, grade secured) along with SGPA of that semester and CGPA earned till that semester.

II. Types of Courses in the Programme

Courses in a programme may be of the following kinds:
- Humanities and Social Sciences including Community Engagement and Management Courses
- Basic Science Courses
- Basic Engineering Science Courses including Engineering Exploration / workshop, drawing, basics of electrical/mechanical/computer etc.
- Professional core courses
- Professional Elective courses relevant to chosen specialization/branch
- Open Electives Courses – Electives from other Technical and Emerging Areas
- Project work, Mini Project, Seminar and Internship in Industry or elsewhere
- Mandatory (non-credit) Courses: Environmental Sciences, Induction Program, Indian Constitution, Essence of Indian Traditional Knowledge, Gender Sensitization and Activity Points

III. Contact hours and credits

The norms for course credits are as follows:

Lecture (L) / Tutorials (T): One (1) hour per week is assigned one (1) credit (C).

Practical (P): Two (2) hours session per week is assigned one (1) credit (C).

For example, a theory course with a L-T-P schedule of 2-1-0 will be assigned three (3) credits.

L	T	P	C
2	1	0	3

A laboratory practical course with a L-T-P schedule of 0-1-3 will be assigned two and half (2.5) credits.

L	T	P	C
0	1	3	2.5

A laboratory practical course with a L-T-P schedule of 0-0-2 will be assigned one (1) credit.

L	T	P	C
0	0	2	1

IV. Course Structure and Sample Scheme for eight semesters

CHAITANYA BHARATHI INSTITUTE OF TECHNOLOGY (A)				
Name of the Program: B.E/B.Tech (Detailed Structure)				
L-Lecture, T-Tutorial, P-Practical / Drawing / Project / Seminar				
Sl. No. Name of the Course Credits	No. of Hours			
	L	T	P	
1. Humanities and Social Sciences including Management courses (9 Credits)				
1 English	2	0	2	3
2 Employability Skills	0	0	2	1
3 Engineering Economics and Accountancy	3	0	0	3
4 Universal Human Values-2	0	1	0	1
5 Community Engagement	0	0	2	1
2. Basic Science courses (21 Credits)				
1 Physics	3	0	3	4.5
2 Chemistry	3	0	3	4.5
3 Mathematics – I	3	1	0	4
4 Mathematics – II	3	1	0	4
5 Mathematics – III	3	1	0	4
3. Basic Engineering Science Courses (BESC) (23 Credits)				
1 Digital Fabrication Workshop	0	0	3	1.5
2 Engineering Graphics	0	1	3	2.5
3 Engineering Mechanics-I	3	1	0	4
4 Problem Solving and Programming using C	2	1	0	4.5
5 Basic Electrical Engineering	2	1	0	3
6 Sensors & Instrumentation / Basic Electronics/Basics of Data Structures/ Engineering Mechanics-II	2	0	2	3
7 Robotics and Drones Lab	0	1	3	2.5

4. Professional Core Courses (PCC)   (64.5 Credits)
(The Programmes which are offering PCC credits between 48 and 64, the difference credits shall be offered as Professional Elective Credits or Open Elective Credits in addition to the credits allotted under PEC and OEC categories.)

5. Professional Elective Courses (PEC): Relevant to the chosen specialization/branch (19.5 Credits)
(Four to Six Electives to be offered by the respective department Board of Studies.)

6. Open Elective Courses (OEC) –Electives from other technical and /or emerging subjects (9 Credits) (Five to three open electives are to be offered by the respective department Board of Studies.)

Note: The total number of credits of Serial No's. 4, 5 & 6 should be 91.

7. Project work, Seminar & internship in industry or elsewhere (14 Credits)

I	Project Part-1 -(VII Semester)	4 hrs. per week	2
II	Project Part-2 -(VIII Semester)	8 hrs. Per week/180 hrs. Industry	4
III	Technical Seminar (VII or VIII Semester)	2 hrs. per week	1

IV	**Internship-I:** MOOCS or Inter/Intra-Institutional Training or Internship(after 2nd or during 3rd Semester)				90 hrs. (3-4 weeks)	2
V	**Internship-II:** Industrial Internship /Rural Internship (after 4th or during 5th Semester)				90 hrs. (3-4 weeks)	2
VI	**Mini Project***	In-campus	CIE-50 Marks	**02**	135 hrs.	3
	Up-Skill Certification Course –I & II**	Approved Courses	CIE-25 Marks	01		
Total Credits						160

*Mini Project: 2 Credit in III Year (VI Semester)
**Course Name: Up-Skill Certification Course
01 Credit {0.5 Credit in II Year (IV Semester) + 0.5 Credit in III Year (VI Semester)}.
The credit will be reflected in the subsequent semesters.

8. Mandatory Courses: Environmental Sciences, Induction program, Indian Constitution, Essence of Indian Traditional Knowledge, Gender Sensitization Induction Program is to be conducted for a period of 3 weeks.
9. Activity Points: (Mandatory) Communication, Team Work and Leadership skills: **60 to 100 Points   e-Portfolio**

The following table shows the course structure with the credit weightage distribution.
A sample scheme/plan of study for I and II semesters is furnished in the following tables and it is common (Group wise) to all the disciplines of B.E/B.Tech.

BE/B.TECH (I & II Semesters) SCHEME 2024-2025 (R-22A) with effect from2024-25
(Common for CSE, CSE-AI&ML, CET, IT, AI&DS)

				27							25		40

❖ In place of 'Mathematics-1 & 2', ' Basics of Biology -1&2' or EM-1&2 will be introduced for Bio-Tech (BiPC) stream.

The time-table is prepared with the following timings

1st Hour	2nd Hour	3rd Hour	Lunch	4th Hour	5th Hour	6th Hour
09:10-10:10	10:10-11:10	11:15-12:15	12.15-13.00	13:00 14:00	14:00-15:00	15:05-16:05

III. Examination, Assessment and Letter Grades/Grade Points

In assessing the performance of the students in examinations, the approach is to award marks based on the examinations conducted at various stages (CIE and Semester End Examination) in a semester. These marks are converted to letter grades based on absolute grading system to award the grades.

As per the UGC recommendations, the following system will be implemented in awarding the grades and CGPA.

Letter Grades and Grade Points:

The absolute grading mechanism is followed in mapping the letter grades. The marks are converted to grades based on pre-determined class interval. As per the UGC recommendations, a 10-point grading system with the following letter grades is followed. The same is furnished in the following table for theory courses and laboratory/project/seminar courses.

Theory Courses.....			
Academic Performance	Letter grade	Grade points	Performance
90% ≤ Marks ≤ 100%	S	10	Outstanding
80% ≤ Marks < 90%	A	9	Excellent
70% ≤ Marks < 80%	B	8	Very Good
60% ≤ Marks <70%	C	7	Good
50% ≤ Marks < 60%	D	6	Average
40% ≤ Marks<50%	E	5	Pass
0% ≤ Marks < 40%	F	0	Fail
	Ab	0	Absent

Laboratory/Projects/ Seminars/Internships......			.
Academic Performance	Letter grade	Grade points	Performance
90% ≤ Marks ≤ 100%	S	10	Outstanding

80% ≤ Marks < 90%	A	9	Excellent
70% ≤ Marks < 80%	B	8	Very Good
60% ≤ Marks <70%	C	7	Good
50% ≤ Marks < 60%	D	6	Average/Pass
0% ≤ Marks < 50%	F	0	Fail
	Ab	0	Absent

A student obtaining Grade F shall be considered failed and will be required to reappear for the examination. For non-credit courses 'Pass' or 'Fail' shall be indicated instead of the letter grade and this will not be counted for the computation of SGPA/CGPA. For the non-credit courses, the students must have secured 'Pass' for the award of degree along with other requirements.

VI. Computation of SGPA and CGPA

The computations of **SGPA** and **CGPA** are followed as per the UGC guidelines.
The **SGPA** is the ratio of sum of the product of the number of credits with the grade points scored by a student in all the courses taken by a student and the sum of the number of credits of all the courses undergone by a student, i.e.

$$\text{SGPA (Si)} = \Sigma(C_i \times G_i) / \Sigma C_i$$

Where **Ci**is the number of credits of the ith course and **Gi** is the grade point scored by the student in the ith course

The **CGPA** is also calculated in the same manner taking into account all the courses undergone by a student over all the semesters of a programme, i.e

$$\text{CGPA} = \Sigma(C_i \times S_i) / \Sigma C_i$$

Where **Si** is the **SGPA** of the ith semester and C_i is the total number of credits in that semester. The **SGPA** and **CGPA** shall be rounded off to 2 decimal points and reported in the transcripts.

Grade Sheet: Based on the above guidelines on Letter grades, Grade points and SGPA and CGPA, the institute issues the grade sheet for each semester and a consolidated grade sheet indicating the performance in all semesters.

VII. Assessment Procedures for Awarding Marks

The distribution of marks is based on CIE and the Semester End Examination shall be as follows:

Course (in terms of credits)	CIE	Semester End Examination (SEE)	Remarks	Duration of Semester End Examination
Three(3) Credits / Four(4) Credits	40	60	Theory Course	3 Hours
Two and Half Credits (2.5)	50	50	Engineering Graphics	3 Hours
Two(2) Credits	40	60	Theory	3 Hours
Three(3), Two(2) Credits /One & Half (1.5) Credits	50	50	Lab Course/Workshop	3 Hours
One (1) Credit	50	50	Lab Course	3 Hours
Two (2) Credits	50	---	Project Part 1	----

Four (4) Credits	100	100	Project Part 2	Viva
One (1) Credit	50	---	Technical Seminar	----
One(1) Credit [UHV] *Only internal Evaluation*	50	---		----
Mini Project (2 credits)	50	---		
Non- Credit	---	50*	Environmental Sciences, Indian Constitution and Essence of Indian Traditional Knowledge	2 Hours

*Pass/Fail

CIE: Continuous Internal Evaluation (Max. Marks: 40)

S. No.	Rubrics for I & II Year				Rubrics for III & IV Year			
	Assessment Tools	No. of tests	Description	Max. Marks	Assessment Tools	No. of tests	Description	Max. Marks
1.	**Class Tests**	2	Average of two tests, each of 20 Marks	20	**Class Tests**	2	Average of two tests, each of 20 Marks	20
2.	**Assignments (should be from BL4 and BL5)**	2	Average of two assignments, each of 10 Marks	10	**Case studies**	1	15 Marks	15
3.	**Slip Tests**	3	Average of best two slip tests	5	**NA**			
4.	**Attendance**	5	5 Marks >=85%; 4 Marks >=80%; 3 Marks >=75%; 2 Marks >=70%; 1 Mark >=65%;	5	**Attendance**	5	5 Marks >=85%; 4 Marks >=80%; 3 Marks >=75%; 2 Marks >=70%; 1 Mark >=65%;	5

The SEE question paper will contain two parts, Part-A and Part-B. Part- A is for 10 Marks, student should attempt all questions and each question carries 02 Marks. Part-B carries 50 marks with five questions (each Question carries 10 marks) covering all the five units with internal choice. Questions in Part-A and part-B may have subdivision.

In theory subject, a candidate shall score i) 40% marks in Semester End Exam and ii) 40% of marks in Continuous Internal Evaluation and Semester End Exam (CIE+SEE) together, in a particular Course, to be declared as 'PASS' in that Course.

In Practical course, a candidate shall score i) 50% marks in Semester End Exam and ii) 50% of marks in Continuous Internal Evaluation and Semester End Exam (CIE+SEE) together, in a particular subject, to be declared as 'PASS' in that subject.

Note: *Student has to secure minimum 50% of the marks of the courses having only CIE. If student fails to secure 50% of marks, then he/she has to re-register for the course in the subsequent semesters whenever it is offered.*

For non-credit courses also the minimum pass mark is 40% and the students who secure more than or equal to 40% of maximum marks will be awarded with 'PASS' otherwise they will be awarded with 'FAIL'. The students must have secured with 'PASS' in these non-credit courses for the award of degree.

VIII. Duration of the Programmes and Credit Requirements for the award of degree

A student is normally expected to complete the B.E. / B.Tech. Programme in eight (8) Semesters but in any case not more than **Twelve (12) semesters**. Each semester shall normally consist of 90 teaching days (including examination days). The Head of the Department shall ensure that every teacher imparts instruction as per the number of hours specified in the syllabus covering the full content of the syllabus for the course being taught.

A student has to earn the total number of credits specified in the curriculum of the respective Programme of study in order to be eligible to obtain the degree. Credit Requirement for the award of B.E/B.Tech degree is 160 and in the non-credit courses, the student must have secured with 'PASS' grade.

IX. Rules and Regulations of Attendance

1. The Degree of Bachelor of Engineering / Technology will be conferred on a candidate who has pursued a "Regular Course of Study" for Eight Semesters (six semesters for candidates admitted under Lateral Entry scheme) as hereinafter prescribed in the scheme of instruction and has earned the required credits.
2. A regular course of study for eligibility to appear for the B.E/ B.Tech Examination of any Semester shall mean putting in attendance of not less than 75% aggregate in lectures/theory, Practical's, Drawings, Workshops, Project, Seminars, etc.

   a. Attendance of NCC/NSS Camps or Inter collegiate or Inter University or Inter State or International matches or debates or Educational Excursion or such other Inter University activities as approved by the authorities involving journeys outside the city in which the college is situated will not be counted as absence. However, such absence shall not exceed four (4) weeks per semester of the total period of instructions. Such facility should not be availed twice during the course of study.
   b. In any semester of the course if a candidate fails to secure the minimum percentage of attendance, he/she shall not be eligible to appear in the examination of that semester and he/she shall have to enroll himself/ herself to undergo afresh a "Regular Course of Study" of the corresponding semester in subsequent academic session, in order to become eligible to appear for the

examination. **The student needs to pay the required tuition fee for that corresponding semester as per institute rules**.

c. The attendance shall be calculated on the aggregate of the courses/ subjects from the date of commencement of classes / date of readmission in case of detained candidates as per the almanac communicated by the Chaitanya Bharathi Institute of Technology (Autonomous).

d. Candidates admitted to the first semester through an entrance test and do not have the requisite attendance but have not less than **40% attendance** can seek readmission without once again appearing for the entrance test again in respect of candidates of such courses where the admissions are governed through an entrance test. Candidates of I-Semester who do not have the minimum 40% attendance would lose their seat.

3. a. In special cases and for sufficient cause shown, the Principal may, on the specific recommendation of the Head of the Department, condone the deficiency in attendance to the extent of 10% on medical grounds subject to submission of medical certificate and payment of condonation fee.

b. However, in respect of women candidates who seek condonation of attendance due to pregnancy, the Principal may condone the deficiency in attendance to the extent of 15% (as against 10% condonation for others) on medical grounds subject to submission of medical certificate to this effect. Such condonation shall not be availed twice during the course of study.

4. The fee for condonation of attendance on medical grounds shall be Rs.2, 000.00.

X. Promotion Rules

The following rules are applicable to the students who are taking admission into first year of B.E/B.Tech programme in the academic year 2024-25.

Four Year Degree Program:

S. No.	Semester	Conditions to be fulfilled
1.	From I-Sem to II Sem	Regular program of study of B.E/B.Tech I-Semester.
2.	From II-Sem to III Sem	a)Regular program of study of B.E./B.Tech II-Semester b) Must have earned at least 50% of credits prescribed for B.E./B.Tech I-Semester and II-Semester (if the prescribed credits are equal in I-Semester and II-Semester). If the prescribed credits are unequal in I-Semester and II-Semester, then the lowest number of credits from the I-Semester or II-Semester shall be considered for the promotion.
3.	From III-Sem to IV Sem	Regular program of study of B.E/B.Tech III-Semester
4.	From IV-Sem to V Sem	a)Regular program of study of B.E./B.Tech IV-Semester b) Number of backlog credits, if any of B.E. I, II, III and IV Semesters put together shall not exceed 50% of the total number of credits prescribed for the B.E. III-Semester and IV-Semester (if the prescribed credits are equal in III-Semester and IV-Semester). If the prescribed credits are unequal in III-Semester and IV-Semester, then

S. No.	Semester	Conditions to be fulfilled
		the highest number of prescribed credits from the III or IV semesters shall be considered for calculation of number of backlog credits.
5.	From V-Sem to VI-Sem	a) Regular program of study of B.E/B.Tech V-Semester.
6.	From VI-Sem to VII-Sem	a)Regular program of study of B.E./B.Tech VI-Semester b)Number of backlog credits, if any of B.E/B.Tech I to VI-Semesters put together shall not exceed 50% of the total number of credits prescribed for the B.E/B.Tech V-Semester and VI-Semester (if the prescribed credits are equal in V-Semester and VI-Semester). If the prescribed credits are unequal in V-Semester and VI Semester, then the highest number of prescribed credits from the V or VI semesters shall be considered for calculation of number of backlog credits.
7.	From VII-Sem to VIII-Sem	a) Regular program of study of B.E/B.Tech VII Semester.
8.	To attend SEE of VIII Sem	a) Regular Program of study of B.E/B.Tech VIII Semester.

Three Year Degree Program:

S. No.	Semester	a) Conditions to be fulfilled
1.	From III-Semester to IV Semester	Regular program of study of B.E/B.Tech III-Semester
2.	From IV-Semester to V Semester	a)Regular program of study of B.E./B.Tech IV-Semester b) Must have earned at least 50% of credits prescribed for B.E./B.Tech III-Semester and IV-Semester (if the prescribed credits are equal in III-Semester and IV-Semester). If the prescribed credits are unequal in III-Semester and IV-Semester, then the lowest number of credits from the III-Semester or IV Semester shall be considered for the promotion.
3.	From V-Semester to VI-Semester	a) Regular program of study of B.E/B.Tech V-Semester.

4.	From VI-Semester to VII- Semester	a) Regular program of study of B.E./B.Tech VI-Semester b) Number of backlog credits, if any of B.E/B.Tech III to VI-Semesters put together shall not exceed 50% of the total number of credits prescribed for the B.E/B.Tech V-Semester and VI-Semester (if the prescribed credits are equal in V-Semester and VI-Semester). If the prescribed credits are unequal in V-Semester and VI-Semester, then the highest number of prescribed credits from the V or VI semesters shall be considered for calculation of number of backlog credits.
5.	From VII-Semester to VIII- Semester	a) Regular program of study of B.E/B.Tech VII Semester.
6.	To attend SEE of VIII Semester	a)Regular Program of study of B.E/B.Tech VIII Semester

XI. Reappearing/Readmission/Revaluation/Physical Verification of answer scripts

If a student fails in a theory course/lab course, the student has to appear for semester end exam in the subsequent semester for earning the credits for that failed course.

If a student is prevented from writing end semester examination due to lack of attendance, the student has to take re-admission of that particular semester (by paying appropriate tuition fee as prescribed by the institute) when offered next and must attend the classes and fulfill the attendance requirements.

A student can apply for revaluation of the student's semester examination answer paper in a theory course, within two (2) weeks from the declaration of results, on payment of a prescribed fee along with prescribed application.

After the declaration of results, the interested student(s) can go through/evidence their semester end theory examination answer scripts (by paying the prescribed fee) physically on issuing of the notification by the respective authorities.

The student(s) who have failed in the courses for which there is only internal evaluation, such students are required to reappear for the same, when offered next time, by the respective department.

If a student is detained due to non-earning of required credit(s), such student(s) are eligible for re-admission after earning the required number of credits only. Further, if any student is detained due non-earning of required credit(s) and wants to repeat the semester class work, such students are eligible for re-admission in the odd semesters only. Such students are required pay tuition fee as per the institute rules

The student who has failed the course for which there is only CIE, such students required to reappear for the same when offered next time by the respect the department.

XII. Credit framework for the online courses through SWAYAM/any other MOOC courses.

Students are permitted to complete online certification courses through MOOCs (Proctored exam only) for academic credit transfer. This may be allowed from I semester to VIII semesters for a maximum of 40% of the credits in each semester, which will be included in the academic credits within the frame work of 160. These equivalent courses shall be identified and notified by the respective departments at least 2 weeks before the commencement of the semester. Department shall nominate faculty coordinator to look after the student registration process and update the same to the Director AEC-COE.

The responsibility of earning the credits through online MOOCs courses lies entirely on the respective students. The students who choose to appear for both online and regular semester course work, must fulfill the minimum attendance criteria, and also attend for CIE and SEE as per the rules.

The student who opted for MOOCs online courses has to re-register the same course or its equivalent if he/she could not secure the required credits. Student shall submit an affidavit to the department at the time of registration for online courses and abide by the rules and regulations.

XIII. Training /Internships, Mini Project & Upskilling Certification - Duration and Academic Credentials

As per the AICTE Internship Policy Guidelines & Procedures (April 2019), CBIT implements mandatory internships in R-22A. The following framework is proposed to give academic credits for the Internships, Mini Project, and Upskilling Certifications undergone as part of the B.E/B.Tech program under the regulation R-22A.

1. A student has to undergo a minimum of TWO internship Program during the 4 years study of BE / B.Tech degree program. The internship Program include the activities of MOOCS/ Inter or Intra-Institutional Training or Internship under Internship-I and Industrial Internship/Rural Internship/Academic Internship*/Research Internship** under Internship-II. Schedule for the internship, minimum requirement regarding Internship, duration, and credits are covered in Table-1.

    *   *Students can pursue the internships in IISC, IITs, NITs, Central Universities, Reputed Institutions and Research Laboratories*
    ** *Students can pursue Internship under Sponsored/Consultancy Research Projects in CBIT.*

2. If a student fails to fulfill the internship requirements during summer vacation, then he/she has to carry out in the subsequent semester.

Table 1: Internship & Project Frame work

Proposed R-22 (A) Regulation			Duration	Credits
Internship I (After II Sem, assessment in III Sem)	MOOCS/ Inter or Intra-Institutional Training or Internship		90 Hrs	02
Internship-II (After IV Sem, assessment in Sem)	Industrial Internship /Rural Internship/Academic Internship/Research Internship		90 Hrs	02
Mini Project	In-campus	CIE-50 Marks	-	02
Up-Skill Certification Course –I & II	Approved Courses	CIE-25 Marks	-	01

3. Each Student need to undergo Mini Project of 2 credits which covers only CIE of 50 Marks in 6th Semester which can also be seen in the table 1.

4. Each student is required to complete two Winter Up-Skilling Certification Courses (Course I and Course II) during the winter vacation. These will be evaluated during the 4th and 6th semesters respectively, with each course carrying 0.5 credits and for CIE of 25 marks.

The internship guidelines, procedures, assessment methods and the templates are provided in ANNEXURE-I

XIV. Activity Points:

1. Apart from technical knowledge and skills, to be successful professionals, students should have excellent soft skills, leadership qualities and team spirit. They should have entrepreneurial capabilities and societal commitment. In order to match these multifarious requirements, every student who is admitted to the 4 years Degree programme is required to earn 100 Activity Points and Lateral entry students are required to earn 75 Activity Points in addition to the academic grades and given as e-portfolio.

2. For earning the required Activity Points, student has to spend 300-400 hours Activity Programme for Community service and allied activities. 40-45 hours are equivalent to 1 week. The Table-2 shows the Activity points requirements of regular and Lateral Entry students

3. These points must be earned on the basis of active participation in Co-Curricular and extracurricular activities spanning through all the semesters of study. Every student may choose, as per his/her interest, activities in order to achieve the mandatory points (as per the Table 2.), depending on his/her entry level), before becoming, eligible for award of the Degree. These activity points spread over all the years, as per convenience of the student.

Table 2: Activity Points requirement for the student admitted after 2024-25

Level entry in Degree Course	Total Years for Points	Activity Points	
		Min	Max
Degree Program			
1st Year Regular	1st to 4thYear	60	100
2nd Year 3rd Semester through Lateral Entry	2nd to 4th Year	45	75

The complete guidelines, procedures for earning the Activity points are provided in ANNEXURE-II

XV. Common Course Committee

A theory course handled by more than one teacher shall have a "Common Course Committee" comprising of all teachers teaching that course and students who have registered for that course. There shall be at least one/two student representatives from each class of that course. One of the teachers shall be nominated as Course Coordinator by the Head of the Department.

The first meeting of the Common Course Committee shall be held within fifteen days from the date of commencement of the semester. The nature and weight-age of the continuous assessments like CIE and syllabus coverage schedules shall be decided in the first meeting, within the framework of the Regulations.

Two or three subsequent meetings in a semester may be held at suitable intervals. During these meetings, the student members shall meaningfully interact and express their opinions and suggestions of all the students to improve the effectiveness of the teaching-learning process. It is the responsibility of the student representatives to convey the proceedings of these meetings to their respective class. In addition the "Common Course Committee" (without the student representatives) shall meet to ensure uniform evaluation of continuous assessments after arriving at a common scheme of evaluation for the assessments. Wherever feasible, the common course committee (without the student representatives) shall prepare a common question paper for the continuous internal evaluation.

XVI. Multiple Courses Committee and Overall Monitoring Committee

Course(s) handled by a single teacher, there will be a "Multiple Courses Committee" comprising of all the above teachers and two student representatives from each course. One of the above teachers, nominated by the Head of the Department shall coordinate the activities of this committee. The functions of this committee are similar to that of the common course committee.

In addition, there shall be an overall monitoring committee for each semester of a programme which comprises of the Course Coordinators / Course teachers (as applicable), the Head of Department. This overall monitoring committee shall meet periodically to discuss academic related matters, progress and status of the students of the semester concerned. The overall monitoring committee can invite the students of the semester concerned for any of the committee meetings if necessary.

XVII. Revision of Regulations, Curriculum and Syllabi

The institute may revise from time to time, amend or change the Rules & Regulations, Syllabus and Scheme of examinations after obtaining approval by Academic Council.

XVIII. Eligibility for the award of Degree (Major/Additional Minor/Honor)

A student shall be declared to be eligible for the award of the B.E/B.Tech, provided the student has successfully gained the required number of total credits and other requirements as specified in the curriculum corresponding to the student's programme within the stipulated time.

Successfully completed the course requirements, appeared for the Semester End Examinations and passed all the subjects prescribed in all the eight (8) semesters within a maximum period

of six (6) academic years considered from the commencement of the first semester to which the candidate was admitted.

Successfully passed, any additional courses prescribed by the institute whenever readmitted under regulation.

A student will be eligible to get Under Graduate degree with Honors or additional Minor Engineering, if he/she completes an additional 18 credits. These could be acquired through MOOC'S/SWAYAM-NPTEL.

The Credit requirement for award of the Regular B.E/B.Tech. Degree is 160. A student will be eligible to get Under Graduate Degree with "Honours" or "Additional Minor Engineering", if he/she completes an additional 18 Credits in each case of Honours Degree and Minor Engineering Degree. These could be acquired through MOOCs.

Honors: In addition to their primary Program (B.E/B.Tech.), an Engineering Student has the opportunity to award with 'Honors' Degree.

 (i)   By opting for 'Honors', the student shall earn at least Eighteen (18) additional Credits of Professional Courses.
 (ii) These additional Eighteen (18) Credit Courses shall not be part of the regular Curriculum. Eligibility:
 (iii) "Honors" open to all current Engineering/ Technology Undergraduates who have taken admission under AICTE Model Curriculum i.e., for the Students who have taken admission on or after 2024-25 Academic Year.
 (iv) Award of an "Honors" Degree is subject to the following conditions:
    a. The Student has to earn at least Eighteen (18) additional Credits.
    b. Earning of these additional credits shall be through MOOCs/NPTEL/any other on-line Courses, which are approved by the respective BoS.
    c. Eighteen (18) Credits respective Engineering discipline Courses.
    d. The list of Courses is subject to the approval of respective BoS.
    e. A Student must ensure that the Student shall earn these additional Credits before the completion of the regular Course.
    f. It is the Student's responsibility for registering the Courses through ONLINE and the required Registration Fee shall be borne by the respective Student.

Additional Minor Engineering:

In addition to their primary Program (B.E/B.Tech.), an Engineering Student has the opportunity to study one 'Additional Minor Engineering', and the interesting areas are listed below. This list is prepared based on the information provided by AICTE Model Curriculum.

'Additional Minor Engineering' allows a Student to gain interdisciplinary experience and exposure to concepts and perspectives which may not be a part of their regular Degree Program, thus widening their understanding of the Engineering Profession.

Upon completion of an "Additional Minor Engineering", a Student shall be better equipped to perform interdisciplinary research.

Eligibility:

"Additional Minor Engineering" is open to all current Engineering/Technology Undergraduates who have taken admission under AICTE Model Curriculum i.e., for the Students who have taken admission on or after 2018-19.

Award of an "Additional Minor Engineering" Degree is subject to the following conditions:

a) The Student must earn at least Eighteen (18) additional Credits.
b) Earning of these additional credits shall be through MOOCs/NPTEL/any other on-line Courses, which are approved by the respective BoS.
c) The list of Courses is subject to the approval of respective BoS.
d) These additional Eighteen (18) Credit Courses shall not be part of the regular Curriculum.
e) A student must ensure that he/she shall earn the required Credits for the award of respective "Additional Minor Engineering" Degree, before the completion of the regular Course.
f) It is the Student's responsibility for registering the Courses through ONLINE and the required Registration Fee shall be borne by the respective Student.

Other information:

i. Students shall obtain approval(s) from their parent Department and Principal before opting for "Additional Minor Engineering" or "Honors".
ii. A Student is eligible to opt either for "Honors" or "Additional Minor Engineering".
iii. A student is not eligible to opt for both the said Degrees.

The eligibility is based on BE/B.Tech-I Year CGPA:

i. CGPA required for Additional Minor Degree: 7.0
ii. CGPA required for Honors Degree: 7.5

No disciplinary action pending against the student.

The award of Degree must have been approved by the University.

XIX. Improvement of overall score

A candidate who wishes to improve his/her overall score may do so within one academic year immediately after having passed all the examinations of the B.E/B.Tech degree course by reappearing to all courses/subjects of any one semester as prescribed by the syllabus and curriculum.

XX.   Award of Division

CGPA	DIVISION
7.5 and above	First Class with distinction
6.5 and less than 7.5	First Class
5.0 and less than 6.5	Second Class
4.0 and less than 5.0	Pass

XXI. Award of Gold Medal

A student securing highest CGPA in single attempt is eligible for award of Gold Medal in the course of B.E/B.Tech for each specialization/Branch.

XXII. Additional rules for lateral entry students

These are applicable to the students who are admitted directly through ECET to the III semester of BE/B.Tech programme from the academic year 2023-2024. These students are admitted as per the rules governed by Telangana State government. These students are waived with all the courses of I-semester and II-Semester curriculum of regular eight semesters B.E/B.Tech programme. All the rules except the '**promotion rules** and **credit requirement for the award of degree** are same as that of eight semesters B.E/B.Tech programme under CBCS. However, the students need to undergo two (2) bridge courses and are furnished below:

1. C- programming Lab (Lab Course)
2. English Language Lab (Lab Course)

The above said course(s) will be offered by the respective departments of the institute and they are mandatory for every student. The students need to secure at least 'D' grade in all the above two (2) courses. The grades secured in these courses shall not be considered for dropping any elective/core course or in the process of award of degree. It is a pre requisite for the award of Degree for securing at least "D" grade in all the above said bridge courses.

Credit requirement for the award of degree for lateral entry students: 118

Annexure (Industrial Training / Internship, Guide lines for earning internship credits and Activity points)

All the rules and regulations, specified herein after shall be read as whole for the purpose of interpretation and when a doubt arises, the interpretation of the Chairman, Academic Council, Chaitanya Bharathi Institute of Technology (Autonomous) is final. As per the requirements of the Statutory Bodies, Principal, Chaitanya Bharathi Institute of Technology (Autonomous), shall be **-** the Chairman of the College Academic Council.

CHAITANYA BHARATHI INSTITUTE OF TECHNOLOGY (A), HYDERABAD-75
MANDATORY INTERNSHIP PROGRAM(R-22A)

I. Objectives

According to AICTE "Internship Policy Guidelines & Procedures (April 2019)", CBIT Implements mandatory internships from the Academic Year 2024-25 with the following objectives:

- Exposing the students to the industrial environment
- Provide possible opportunities to learn, make them to understand and sharpen them to the real time technical/managerial skills required at the job
- Expose with the current technological developments relevant to program domain
- Create conditions conducive to quest for knowledge and applicability in job
- Apply technical knowledge to real world industrial situations
- Gain experience in technical reports/projects
- Understand Engineer's responsibilities and ethics
- Familiarize with various materials, processes, products and quality control
- Promote academic, professional and / or personal developments
- Provide interaction future employers, make students aware of with the conditions of rural or socially deprived brothers & sisters through Rural /Social Internship
- Making the students to come up with innovative solutions leading to positive impact
- Provide opportunity to understand the social, economic and administrative considerations that influence the working environment of industrial organizations and psychology of the workers and their habits, attitudes and approach to problem solving

Accordingly, CBIT shall be implementing the internship program as mandatory for the students who have taken admission from 2024-25 on wards (Regulation R-22A)

II. Internship Credit Framework

For the implementation of mandatory internships the following academic credit framework is defined:

1. A student has to undergo a minimum of TWO internship Program during the 4 years study of BE / B.Tech degree program. The internship Program include the activities of MOOCS/ Inter or Intra-Institutional Training or Internship under Internship-I and Industrial Internship/Rural Internship/Academic Internship*****/Research Internship****** under Internship-II. Schedule for the internship, minimum requirement regarding Internship, duration, and credits are covered in Table-1.

   * *Students can pursue the internships in IISC, IITs, NITs, Central Universities, Reputed Institutions and Research Laboratories*
   ** *Students can pursue Internship under Sponsored/Consultancy Research Projects in CBIT.*

2. If a student fails to fulfill the internship requirements during summer vacation, then he/she has to carry out in the subsequent semester.

3. Each Student need to undergo Mini Project of 2 credits which covers only CIE of 50 Marks in 6th Semester which can also be seen in the table 1.

4. Each student is required to complete two Winter Up-Skilling Certification Courses (Course I and Course II) during the winter vacation. These will be evaluated during the 4th and 6th semesters respectively, with each course carrying 0.5 credits and for CIE of 25 marks.

Table 1: Internship & Project Frame work

Proposed R-22 (A) Regulation		Duration	Credits
Internship I (After II Sem, assessment in III Sem)	MOOCS/ Inter or Intra-Institutional Training or Internship	90 Hrs	02
Internship-II (After IV Sem, assessment in Sem)	Industrial Internship /Rural Internship/Academic Internship/Research Internship	90 Hrs	02
Mini Project	In-campus	CIE-50 Marks	-	02
Up-Skill Certification Course –I & II	Approved Courses	CIE-25 Marks	-	01

III. Implementation Guidelines

Career Development Center (CDC) shall arrange internship for the students in industries/organization after second, fourth and sixth semester(s). CDC guides the students to use AICTE internship Portal for arranging and managing internships. Students are allowed to register for internship through either AICTE Portal or Institute defined registration framework.

Process to be followed by the students for carrying out internships:

4. Students may apply for internships through the AICTE Portal or through CDC of the institute by filling the application form IAP-101.
5. Industry shall scrutinize the students based on their criteria and communicate a provisional offer or confirmation letter to the student.
6. If students apply through CDC, then CDC shall nominate the students for various opportunities accordingly by issuing NOC (IAP-104).
7. The respective head of the department shall assign a faculty mentor.
8. Student shall undergo internship/industrial training at the concerned Industry/Organization by submitting the form, IAP-103.
9. During the internship, Faculty Mentor will evaluate the performance of students twice either by visiting the Industry/Organization or through obtaining periodic reports from students.
10. Student shall submit internship report to the industry/organization at the end of internship program.
11. On successful completion of the Internship, Industry/Organization shall issue Internship Certificate to the students
12. All the students should maintain discipline, professional ethics and follow the health and safety precautions during internship.

IV. RECORDS/REPORTS TO BE MAINTAINED BY THE STUDENT:

Students need to maintain Daily Diary/Log and submit a report at the end of the internship.

a) **Student's Diary/Daily Log:** The purpose of writing diary is to cultivate the habit of documenting and to encourage the students to search details which may develops thought process and reasoning abilities. The students should record the observations, impressions, information gathered and suggestions given, if any. It should contain the sketches & drawings related to the observations made by the students. Students shall be ready to show the diary to the Industry supervisor or the Faculty Mentor at any point of time. Failing to

produce the same, Intern may be debarred for the remaining period of his/her internship. Daily diary needs to be submitted to Faculty Mentor at the end of Internship along with the attendance record and an evaluation sheet duly signed and stamped by the industry. Daily diary is evaluated on the basis of the following criteria:

- Regularity in maintenance of the diary/log Adequacy and quality of information recorded Drawing, sketches, and data recorded.
- Thought process and recording techniques used
- Organization of the information

b) Internship Report: At the end of the internship, each student should prepare a comprehensive report to indicate what he/she observed and learned in the training/internship period. For this preparation student may take the help of Industry supervisor/Faculty Mentor and may use the daily diary. It should be signed by the internship supervisor. The report will be evaluated by the Industry Supervisor on the basis of the following criteria:

- Originality
- Adequacy and purposeful write-up
- Organization, format, drawings, sketches, style, language etc.
- Variety and relevance of learning experience
- Practical applications, relationships with basic theory and concepts taught in the course

V. Evaluation of Internship:

The industrial training/internship of the students will be evaluated in three stages:

a) Evaluation by the Industry (in the scale of 1 to 10 where 1-Unsatisfactory; 10-Excellent)
b) Evaluation by faculty Mentor on the basis of site visit(s) or periodic communication (15 marks)
c) Evaluation through seminar presentation/Viva-Voce at the Institute(This can be reflected through marks assigned by Faculty Mentor (25 marks))

Evaluation through Seminar presentation/Viva-Voce at the institute:

Students shall give a seminar before an *Expert Committee* constituted by college (Director, HoD/Senior faculty, mentor and faculty expert from the same department) based on his/her training/internship carried out. The evaluation will be based on the following criteria:

- Quality of content presented
- Proper planning for presentation
- Effectiveness of presentation
- Depth of knowledge and skills
- Attendance record, daily diary, departmental reports shall be analyzed along with the internship Report

Monitoring/ Surprise Visits: During the internship program, the faculty mentor makes a surprise visit to the internship site, to check the student's presence physically. If the student is found to be absent without prior intimation to the concerned industry, entire training/internship may be canceled. Students should inform through email to the faculty mentor as well as the industry supervisor at least one day prior to avail leave. A student is eligible to avail 1-day leave in 4 weeks and 2 days in 6 weeks of the internship period apart from holidays and weekly offs.

MANDATORY ACTIVITY POINTS

ACTIVITY POINTS:

1. Apart from technical knowledge and skills, to be successful professionals, students should have excellent *soft skills*, *leadership qualities* and *team spirit along with entrepreneurial* capabilities and societal commitment. In order to match these multifarious requirements, every student who is admitted to the 4 years Degree program is required the activity points

2. To earn the required activity points, student has to spend 300-400 hours on Community service and allied activities. 40-45 hours are equivalent to 1 week.

3. Activities will be coordinated by NSS/NCC/Sports/SAGY Coordinator or CDC of the Institute. The student will be provided a certificate from the concerned coordinator and Institutional Head.

4. Every student is required to prepare a file containing documentary proofs of activities, done by him/her. This file will be duly verified by the concerned evaluator.

5. The student should earn at least 60/45 Activity Points before he/she appears for his/her Final Examinations. The Activity points will be reflected in the Marks sheet under **e-portfolio.**
   Activity points earned by the Lateral Entry students will be multiplied by a factor of **1.33**

6. The Activity Points earned by the student will be reflected on the students' transcript and no effect on SPI/CPI/CGPA etc.

7. If a student completes any long term activity under Rural Internship Program, it will be counted as Internship Activity and Credit requirement for the Internship is fulfilled

8. Activity points must be earned on the basis of active participation in co-curricular and extracurricular activities through all semesters of study and students may choose a particular activity as per their interest as shown in Table 2.

Table 2: Activity Points requirement for the student admitted after 2020-21

Level entry in Degree Course	Total Years for Points	Activity Points	
		Min.	Max.
4 year BE/B.Tech	1st to 4th Year	60	100
3 years BE/B.Tech(Lateral Entry students)	2nd to 4th Year	45	75

Guidelines for the students:

- Every student shall participate in the activities and produce documentary evidences to the designated faculty members appointed by the HoD/Principal

- Students should earn the required points before appearing for the final examinations

- The Final examinations result of the student will be withheld until the he/she earns the minimum Activity Points by the end of his/her BE/B.Tech program

- Every semester, students have to prepare a file containing documentary proofs of activities. The assigned faculty member will verify and award points at the end of every semester.

- A three member committee formed by the institute will finalize the Activity Points for each student before entering the points into the online portal

Table 3: List of Activity Heads and points

S.No	Name of the Activity(Activities performed other than academic requirement)		Points	Max. Points Allowed
1	MOOCs (SWAYAM/NPTEL/Spoken Tutorial /Coursera / or equivalent) per Course		20	40
2	Technical Fest/ Research Day/Fresher's Welcome Organizer *Workshop*/Conference/Hackathons etc.	Organizer	5	10
		Participant	3	6
3	Rural Reporting /Case study		5	10
4	Harithaharam /plantation		1	5
5	Participation in Relief camps		20	40
6	Participation in Debate/Group Discussion/Technical Quiz		10	20
7	Publication in News Paper, Magazines at institution level (Magazine / article/ internet)		10	20
8	Publication in News Paper, Magazine & Blogs		10	20
9	Research Publication (per publication)		10	20
10	Innovation Projects (other than course requirements)		20	40
11	Participation in Blood donation /NSS or NCC activities		5	10
12	Organization of Blood donation/NSS activities		10	20
13	Participation in Sports/Games	College level	5	10
		University level	10	20
		Region level	12	24
		State level	15	30
		National level	20	20
14	Cultural Program (Dance, Drama, Elocution, Music etc.)		5	10
15	Member of Professional Society		5	10
16	Student Chapter /Cubs		5	10
17	Relevant Industry Visit & Report		10	20
18	Photography activities in different Clubs (Photography club, Cine club)		5	10
19	Participation in Yoga camp		5	10
20	Self-Entrepreneurship Program		20	20
21	Adventure sports with Certification		10	20
22	Training to under privileged/ physically challenged		10	20
23	Community Service & Allied Activities		10	20
24	Class Representative		5	10

Note: *The above list may be modified to include additional activities as per the inputs of stakeholders*

<u>REQUEST LETTER (IAP-102)</u>

Date: DD/MM/YYYY

To,
The General Manager (HR)
. . . .
. . . .

Subject: Request for 04/06/_Weeks of Internship for BE/B.Tech (<Specialization>) Programme students.

Dear Sir,

Our students have undergone internship training in your esteemed Organization in the previous years. We acknowledge the help and the support extended to our students during training in previous years.

OR (For the 1st time Industry)

You must be aware that AICTE has said made internship mandatory for all technical education students.

In view of the above, I request your good self to allow our following students for practical training in your esteemed organization. Kindly accord your permission and give at least oneweek time for students to join training after confirmation.

S.No	Name	Roll No.	Year	Discipline	CGPA

A line of confirmation will be highly appreciated.

With warm regards,

Training & Placement Officer, CBIT, Hyderabad

INTERNSHIP SYNOPSIS (IAP-103)

(**This agreement is written by the student in consultation with the faculty Mentor and Industrial Supervisor.** It shall serve to clarify the educational purpose of the internship and to ensure an understanding of the total learning experience among the principal parties involved)

PART—I: Contact Information			
Student Name Roll No.			
Email ID		Contact No.	
Institute Name			
Faculty Mentor Name			
Designation Email ID		Contact No.	
Industry Supervisor Name			
Designation Email ID Industry Sector		Contact No.	
Organization Name			
Postal Address			
PART II: Internship Objectives / Learning Activities			
What do you intend to learn, acquire and clarify through this internship? Try to use concrete, measurable terms in listing your learning objectives under each of the following categories.			
Knowledge and Understanding		Skills	
Learning Activities	How will your internship activities enable you to acquire the knowledge/understanding and skills you listed above?		
On the Job Activities	Describe how your internship activities will enable you to meet your learning objectives include projects, research writing, conversations etc. which you will do while working		
Training / Mentoring Activities	How your technical knowledge can be applied at the site of the Internship? How you can create value through mentoring/help people learn new things.		
Off the Job	List reading, writing, contact with faculty supervisor, field trips, observations, etc., you will make and carry out which will help you meet your learning objectives		
PART – III: Expected			
Field of Internship (Prepare after consultation with Industry)			
Brief description of the Project/ Internship topic along with title.			

PART – IV: Evaluation
Industry Supervisor will provide following two details to the Faculty Mentor at the end of the Internship.

- **Total duration of the Internship (in hours) :**
- **overall Marks obtained (out of 10) :**

PART – IV: Agreement

This agreement may be terminated or amended by student, faculty, coordinator or work supervisor at any time upon written notice, which is received and agreed to by the two parties

RELIEVING LETTER OF THE STUDENT (IAP-104)

Date: xx-yy-20zz

To,
Manager,
HR Department,
xxxxx
yyyyy

Sub: Relieving letter to the below mentioned students of <XX> Semester <Program>, CBIT - Reg.

Dear Sir,

Kindly refer your /Email dated: < *date* > on the above cited subject. As permitted by your good self, the following students will undergo Industrial Internship in your esteemed organization under your guidance & directions.

S.No	Name of the student	Roll number	Branch	Faculty/Mentor Name	Faculty Mentor email ID

The training being an essential part of the curriculum, the following guidelines have been prescribed in the curriculum for the training. You are therefore, requested to please issue the following guidelines to the concerned manager/Industrial Supervisor.

1. Internship schedule may be prepared and a copy of the same may be sent to us
2. Each student is required to maintain Internship diary and report.
3. kindly check the Internship diary of the student frequently
4. Issue instruction regarding working hours during training and maintenance of the attendance record

You are requested to evaluate the student's performance on the scale of 1 to 10 where 1indicates **Unsatisfactory** and 10-indicates **Excellent** Performance and any value in between holds meaning accordingly.

The performance report of the student (as shown below) must be forwarded to the Faculty Mentor of the student, on completion of training in sealed envelope or to the above-mentioned email ID of the Faculty Mentor. Performance Report should preferably be printed with Organization Header.

PERFORMANCE REPORT OF STUDE NT			
Name of the Student

Internship start date			Internship end date		
Brief description of the internship work					
Was your internship experience related to your major area of study			Yes, to a large degree	Yes, to a slight degree	Not related

This experience has	Strongly Agree	Agree	No opinion	Disagree	Strongly Disagree
Given the opportunity to explore a career field					
Allowed me to apply classroom theory to practice					
Helped me develop my decision-making and problem-solving skills					
Expanded my knowledge about the work world prior to permanent employment					
Helped me develop my written and oral communication sills					
Provided a chance to use leadership skills (influence others, develop ideas with others, stimulate decision-making and action)					
Expanded my sensitivity to the ethical implications of the work involved					
Made it possible for me to be more confident in new situations					
Given me a chance to improve my interpersonal skills					

Helped me learn to handle responsibility and use my time wisely					
Helped me develop new interest and abilities					
Helped me clarify my career goals					
Provided me with contacts which may lead to future employment					
Allowed me to acquired and/ or use equipment/not available at my institute					

In the institute internship program, faculty members are expected to be mentors for students. Do you feel that your faculty coordinator served such a function? Why or why not?

How well were you able to accomplish the initial goals, tasks and new skills that were set down in your learning contract? In such ways were you able to take a new direction or expand beyond your contract? Why were some goals not accomplished adequately?

In what areas you must develop and improve?

What has been the most significant accomplishment or satisfying moment of your internship?

What did you dislike about the internship?

Considering your overall experience, how would you rate this internship? (Tick One)

Satisfactory	Good	Excellent

Give suggestions as to how your internship experience could have improved

Student Name		Signature	

Give suggestions as to how your internship experience could have been improved. (Could you have handled added responsibility? Would you have liked more discussions with your professor concerning your internship? Was closer supervision needed? Was more of an orientation required?)
