Note submitted to The Principal:

Sub:- Request for the postponement of Proposed FDP - Reg

An AICTE sponsored FDP on "Seismic & Wind Loads and Applications of ETABS & ANSYS Fluent" was planned during 2-14 Dec 2019. But due to poor response, it is proposed to postpone the program. In this regard, a request may be made to AICTE for postponement of the program. A letter to this effect has been prepared and enclosed herewith. It is requested that it may be forwarded to AICTE.
