

**My dear CBITian,**

It has been many Years for the Alumni of the First few Decades and few Years for the Alumni who joined in the last few Years, since you all the Head Turners in the Society being CBITian, left this Temple of Learning for better Careers and thus contribute your best to the Society in your own way. As an Institution that nurtured you during the Learning Period, let me share, that I have enjoyed every moment of your being here with me doing all the rights and wrongs as a 'Student'. My empathy and compassion for you, while you were being perfected for the future occupations and after you walked out of the portals of CBIT, continues to abide boundless and will remain forever.

The 40 years, as an Institution, with a Family of nearly 26000, I have been cherishing the glory because of each one of you succeeding in your respective Fields and you have been adding Feathers in all Hues wherever you all are located. Your own Kith and Kin holding you all as their Generations that they have to follow, are planning to Celebrate your Success and Rejoice the Reunion, which would also usher in so much Happiness in me spending the time again with you all and unwinding in the Memories of the Past that bonded all of us as a Family. They are working hard and putting forth their every effort to make your memories come alive. What can make an Institution happier than welcoming the Heroes that are raising the Banner everywhere and holding me in high esteem? Your entering the Portals of this Temple on the, **25<sup>th</sup> December, 2019 will be a Memorable Page in the Dossier of my Life as an Institution.**

It's time to reconnect not only with me but with your other Family across Generations including your Teachers. You are all Geographically distributed all over the world, distanced and distinguished by Physical, Mental, Social and Philosophical Boundaries. It's time to erase these Boundaries and reunite. **Let us Bridge the relations beyond these Boundaries.** In this world dominated by materialistic Pleasures, let us prove beyond doubt that **CBIT family** is different and I wish and pray that this show of Reunion and Strength of the Family united in Spirit must go on forever and ever.

**Bring to this Temple the joy of your family** and share your rich experiences with us. Let me enrich my exposure to outside world through you. **Your advices and constructive inputs** will strengthen me further. I'll never feel complacent about my achievements and indeed, it would be a pleasure to learn from you because you have been conquering frontiers.

I am sure you would experience the **nostalgic surge** when you see me and walk into your past. There are enough memories for us to cherish. At the same time, let us together **seize that day** and enliven the moment of **our reunion** with thoughtful projections in to future, to flourish. Our progress is important, not just for us; but it will give me immense contentment when you hold the Hands of your later Generations and Guide them to establish milestones in their lives and together you all become Head Turners as Successful Prodigies of this Temple and those will be the Treasure without Measure in my Life Ever,

With lots of love and affection,  
Your Alma mater  
CBIT
