Prologue

Education or teaching in the broadest sense is any act or experience that has a formative effect on the mind, character or physical ability of an individual. In its technical sense, education is the process by which society deliberately transmits its accumulated knowledge, skills and values from one generation to another.

Objectives of the Webinars:

- To appraise the ethics and values which are latent.
- ◆ To interpret the concept of environment and sustainable living.
- To justify individuality and support teamwork.
- To illustrate communication skills.
