Organising Webinar on Master Class Ep 1: Guidance on Recruitment Process of Servicenow

(Code: CBIT/R&D-ECE/TP/85/July 2021)

Saturday, 31st July 2021

17.00 PM – 18.00 PM

Abstract / About the Programme:

An amazing line up of distinguished speakers who carved a place for themselves in their particular domain ranging from cracking an interview getting into renowned universities across the globe for higher education. For the very first episode of this edition of Master class, who got placed in a giant cloud computing corporate called Servicenow as an Associate Software engineer. He'll take us through the recruitment process of Servicenow, what all rounds are conducted and she'd some light on the range of skills required.

Name of the Speaker: **Mr. Preethivardhan Anusri Ega**
Associate Software Engineer, Servicenow, Hyderabad

About the Speaker:

Mr. Preethivardhan Anusri Ega, an exemplary graduate of CBIT from the department of Information Technology as the guest speaker. He is currently working as an Associate Software Engineer at a famous purpose-driven company "Servicenow" and landed an internship as a Software Developer in the same company. Apart from academics, he was an active member in clubs of CBIT as well. He worked as the vice president of CBIT Open-Source Community for the academic year 2019-20 and was also the chief placement coordinator of CBIT for the same year. Being an employee of Servicenow and the chief placements coordinator, he worked in close contact with the company's HRs and knows how things work. He will be throwing light on the recruitment process and working of this corporate giant, Servicenow. So, his insights would be beneficial to many students and serve as a key takeaway.
