CBIT-DEPARTMENT OF CIVIL ENGINEERING

One-day workshop on

“ADVANCES IN TRANSPORTATION ENGINEERING”

June 30, 2022; 10:00 AM - 03:00 PM

Session 1: Dr.V.V.Ramayya, Associate Professor, MGIT 10:00AM to 11:15AM

Session 2: Dr. M. Kumar, Professor, Osmania University 11:15AM to 12:30PM

Session 3: Dr. B.Sridhar, Professor & Head, Vasavi College of Engg. 1:45PM to 3:00PM

Chairman : Dr. P. Ravinder Reddy, Principal
Convener : Dr. K. Jagannadha Rao, Head, CED
Co-Convener: Dr. N. R. Dakshina Murthy, CED

☞ Use the Following Link to Register for the Workshop

<https://forms.gle/dM1XmLhcj9cJf7f8A>

☞ No Registration Fee

☞ E-Certificate will be issued to all the Participants.

☞ Working lunch will be provided to the participants.

Objectives of the Workshop:

- ◆ To introduce the recent advancements in the field of Sustainable Urban Development, Highway Materials and Transport Projects.
- ◆ To provide an overview of some of the potential applications in transportation engineering.
- ◆ Provides deep insight on challenges associated with building smart and connected transportation infrastructure.

Expected Outcomes: The Participants will be able to

- ◆ Acquire an in-depth knowledge on Transportation Engineering, Analyze complex Transportation Engineering problems and conducting research in a wider context.
- ◆ Acquire knowledge from mapping, development in transportation and rural & urban development.
- ◆ Insight to pavement design and material.

☞ Coordinators:

1. Sri G Viswanath, Assistant Professor, Civil Dept. – 8220541914
2. Sri Ramanarayan Sankriti, Assistant Professor, Civil Dept.– 9704802049
3. Dr. T. Chaitanya SriKrishna, Assistant Professor, Civil Dept. – 8019206828
