

STAKEHOLDERS FEEDBACKS COLLECTED

2021-22

INDEX

S.No	Name of the Topic	Pg No
1	Students Feedback on curriculum	2-12
2	Faculty Feedback on curriculum	13-17
3	Alumni Feedback on curriculum	18-21
4	Employers Feedback on curriculum	22-27
5	Parents Feedback on curriculum	28-36

STUDENTS FEEDBACK

21-22

CHAITANYA BHARATHI INSTITUTE OF TECHNOLOGY (AUTONOMOUS), HYDERABAD-75

Biotechnology department STUDENT FEEDBACK ON CURRICULUM (21-22)

Timestamp	Email Address	Name of the student	Roll No	Current semester of study	How well do you think your education in CBIT prepared/ is preparing you for your career?	How was your learning experience in the department?	How would you rate the facilities (Class Rooms, Seminar Hall(s)Labs, Equipment/Software(s), Computing Facilities, Library and Internet) of the college?	How would you rate the faculty performance (Availability, Teaching Process and Quality of Instruction, Professionalism and Mentoring)?	How would you rate the curriculum (Courses offered, Syllabi and Opportunity for Creativity/Intellectual Stimulation)?

Dear Sir

Greetings of the day. We are looking for feedback on our curriculum from experts like you so as to make our students Industry ready. We would like to offer a curriculum which can actually bridge the gap between Industries and Academia. Hence in this regard, we thought you are the best person to give us the following inputs on our curriculum which is attached. (We are in the process of framing the syllabus for this list of subjects)

Inputs required on:

1. Please go through the list of subjects offered from I to VIII sem attached and **let us know if we are missing on any important subjects**
2. **Also if you feel, certain topic has to be included for sure for making students Industry ready, kindly let us know** through reply for this email, so that we will ensure to include such topics in the curriculum while framing the syllabus.

Kindly find some free time in your busy schedule and go through the same to let us know your valuable opinion which will definitely improve our students to become Industry ready and at the same time strong base in fundamentals

Awaiting your response

Thanks and Regards

Dr Rajasri Yadavalli

Dear Madam,

The syllabus looks good and comprehensive. I would like to suggest few additions, if possible.

1. Bioentrepreneurship
2. Chromatography / separation techniques
3. Fermentation technology
4. Advanced Genomics (application oriented)

These can be included either elective or core subject as it is highly useful for industries.

Thanks & Regards,

Dear Dr Rajasri

Greetings.

Thanks for sharing the revised syllabus.

Please find below my inputs for your consideration if fits with the AICTE norms

1. The syllabus is comprehensive and upgraded cohesively with emerging topics.
2. Bioinformatics can be shifted to either 4th or 5th semester
3. R Language seems to be not included
4. Computational biology is kept as electives. It might be of much helpful to students if included as a regular course.
5. Similarly, Plant and Animal biotechnology can also be shifted to the regular courses
6. Open Electives III and IV can be considered to replace with some biotechnology related subjects

7. Biomedical engineering can be stressed little more

8. If possible, please included Clinical Applications of Biotechnology as an elective course

With best regards

Mohan

Dear Mam,
PF, the response against curriculum changes from Dr. Sandhya Kumaraswamy, Associate Director, Biologics Development Centre, Dr. Reddy's Laboratories Ltd

----- Forwarded message -----

From: **Sandhya Kumaraswamy** <sandykumar@gmail.com>
Date: Wed, Apr 6, 2022 at 10:55 AM
Subject: Re: Your valuable feedback required on Biotechnology curriculum
To: Dr. B sumithra Asst. Professor <sumithrab_biotech@cbit.ac.in>

Dear Madam,
Apologies for the late reply. While the course curriculum has been structured well, I would introduce the following.

A basic course in "Pharmacovigilance and epidemiology" preferably as a professional or open elective in the third or fourth semester. It would provide a basic understanding of pharmacovigilance operations, principles, global safety standards guidelines and regulations related to pharmacovigilance. Overall, it will provide a platform for entry into the pharmaceutical industry.

Additionally, workshops/guest lectures in third or fourth semester inviting speakers from the industry helps them gain a basic understanding of the industry and can help them network and build a bridge between academia and industry.
I would be happy to design these workshops or even give guest lectures and have colleagues participate in these. It is only during the first two years that we can give them this flavour. Later they get busy with projects. Therefore networking during these two years will help give that advantage in choosing projects, designing them and accelerating their growth during the next two years of study.
My experience is that they need more user experience versus theoretical study and projects give them that advantage. I will be happy to discuss this in person if you wish.

Regards
Sandhya

On Mon, Apr 4, 2022, 9:32 AM Dr. B sumithra Asst. Professor <sumithrab_biotech@cbit.ac.in> wrote:

Dear Mam,

Greetings of the day. We are looking for feedback on our curriculum from experts like you so as to make our students Industry ready. We would like to offer a curriculum which can actually bridge the gap between Industries and Academia. Hence in this regard, we thought you are the best person to give us the following inputs on our curriculum which is attached. (We are in the process of framing the syllabus for this list of subjects)

Inputs required on:

1. Please go through the list of subjects offered from I to VIII sem attached and **let us know if we are missing on any important subjects**
2. **Also if you feel, certain topic has to be included for sure for making students Industry ready, kindly let us know** through reply for this email, so that we will ensure to include such topics in the curriculum while framing the syllabus.

Kindly find some free time in your busy schedule and go through the same to let us know your valuable opinion which will definitely improve our students to become Industry ready and at the same time strong base in fundamentals

Awaiting your response

Thanks and Regards,
Dr. B. Sumithra,
Assistant Professor,
Dept.of Biotechnology,
CBIT.
