CIRCULAR

Date: 17-01-2020

In the meeting held on 01-01-2020, the department has analyzed the results of B.E.(Civil) 3rd semester and identified the need to conduct remedial classes for the following subjects on all working Saturdays.

1. Solid Mechanics
2. Surveying and Geomatics
3. Fluid Mechanics

All those students who failed to clear any or all of these subjects are hereby instructed to attend these classes without fail. They are to register their names with the department positively by 22-01-2020.

Remedial classes for slow learners available?

Yes

Counseling facilities for slow learning (academically weak) students are available. The institute also caters to the needs of such students through special teaching learning assistance programmes like remedial classes as decided through the **Mentoring System**.

Student mentoring system

Objective/Need:

During their four years' journey through the undergraduate engineering programme, the students often need mentoring, guidance and counseling from senior or experienced faculty. Direct academic issues like selection of electives, internship, projects etc can be easily communicated to the student. But finer things like career options or fear of a subject/course etc may need greater involvement of the mentor. Obviously, a student prefers to have the same mentor all through the four years of his/her journey.

Each faculty is the mentor for a group of 20 to 25 students. For the first year students, a faculty is allotted as their mentor from the departments of Basic Science & Humanities. However, during the second year, a faculty from the parent department is allotted as the mentor for a group and the same faculty will continue for third and final year of study, until their graduation.

Responsibilities:

- 1) **Mentor:** The mentor will have to perform the following functions. The list is exclusive.
A mentor at times may contribute beyond this list, for the benefit of the students:
 - Meet the group of students at least twice a month.
 - Continuously guide, counsel, motivate and monitor the student performance in all the academic related matters.
 - Maintain a detail progressive record of the student performance all through their academic years.
 - Maintain a brief but clear record of all discussions with students during the mentoring sessions.
 - Advise students regarding choice of electives, project, summer training etc.
 - Contact parents/guardians if situation demands e.g. academic irregularities, negative behavioral changes, interpersonal relations, detrimental activities etc.
 - Further, intimate HoD and suggest if any administrative action is called for regarding the student immediate needs.
 - Advise or guide the students in their career development/professional related activities.
 - Continue their contact with the students even after their graduation.

2) **HoD:** will

- ❖ Meet all mentor of his/her department at least twice in a semester and review proper implementation of the system.
- ❖ Advice mentors wherever necessary.
- ❖ Initiate administrative action on a student when necessary.
- ❖ Keep the Head of the institute and Director- Student progression informed

3) **Director- Student Progression:** will see that

- ✓ Mentoring system is effectively being implemented.
- ✓ Slow learning (Academically weak) students will be identified from the result analysis done immediately after every CIE and SEM-End examinations
- ✓ Information will be sent to the parents after result analysis
- ✓ Circular will be issued regarding remedial classes
- ✓ Registration will be done for subjects in case of backlog and detained students.
- ✓ Remedial classes will be conducted for the needy students or non-performers by coordinating with the HODs
- ✓ Maintain the record and submit the report on remedial class work

4) **Principal:**

The whole process of mentoring and conducting remedial classes will be done under the supervisory control of Principal.

It is learnt that there is a mentor system in force, in this Institution. In this connection the Director Student Progression was approached by me and an interaction took place between us.

As outcome of the interaction, it is planned to have meetings with the mentors of various departments in the presence of respective Heads of Departments, Director Student Progression and Director Student's Affairs.

It is expected that these meetings would pave away to identify, prioritize the needy cases of counseling among the students, thru mentors.

This for your kind information and approval.

CIRCULAR

It is here by informed to all the students of III, V & VII Semesters of B.E/B.Tech., the **Remedial Classes** for Engineering Mechanics (EM), Basic Electrical Engineering (BEE) and Mathematics-II (M-II) subjects are arranged as per the schedule given below. Interested students (detained/backlog) are advised to register and attend for the remedial classes. Transport facility is arranged.

Schedule for II Semester Subjects:

Name of the subject	Date &Time	Name of the faculty	Venue
Engineering Mechanics	13 th & 20 th July 2019, 9.10 AM to 12.15 PM	Dr. M.V. Rama Raju Sri T. Vasudeva Rao Sri P. Srinivas Reddy	A202
Basic Electrical Engg.	13 th & 20 th July 2019, 1.15 PM to 3.30 PM	Dr. N.V. Phanendrababu	L206
Mathematics -II	27 th July and 8 th Aug 2019 9.30 AM to 12.30 PM	Faculty from Mathematics department	K -block

Heads of the departments are requested to circulate the remedial class information and time table among the III semester students of their branch. Further they are directed to disseminate the remedial class information for IV & VI Semester subjects in the respective classes.

For any clarification in this regard, contact Dr. K. Krishnaveni, Director-Students Progression, on 9703411220. The filled-in registration forms may be submitted to director_studentprogression@cbit.ac.in/Concerned Head of the Department at the earliest.

Respected Sir,

This is to inform you that I D.Harsha the class In-charge of B.E. 2/4 EEE D1 have identified that lateral entry students who have joined the institute recently are facing difficulty in understanding the basic concepts of Electrical Circuits .

In this regard, I request you to grant me the permission to conduct the remedial class in the subject of ELECTRICAL CIRCUITS-1 on this Saturday 29/7/2017.

Thank you

Yours sincerely

Respected Sir,

This is to inform you that I A. Bhanu Chandar, the class In-charge of B.E. 3 /4 -EEE D1 have identified readmitted students who are slow learners in the subject of “Linear Control System” and unable to cope-up with the present topics .

In this regard, I kindly request you to give me the permission to conduct the remedial class on this Saturday 29/7/2017.

Thank you,

Yours Sincerely,
