Subject: Hosting National Level 08 Day Summer Internship Program on 'Automotive Dynamics, Designing & Fabrication'

Respected Sir,

Elite Techno Group proposes to collaborate with your esteemed institute to host the 08 Days National Level Summer Internship Program (SIP) in your institute's campus. **This year we are conducting SIP in with the best institutes of 6 cities in India: Ahmedabad, Bengaluru, Chennai, Hyderabad, Pune, & Vishakhapatnam.**

In these internship program we will be focusing on Static Engineering, Dynamics Calculation, Automotive Designing and Hands on Experience on various subsystem of race/off-road and commercial vehicle. The SIP will be conducted by experts with experience in the relevant industry, which will give students an insider's view and perspective.

We will also seek the participation of students from engineering colleges across India in order to spread the awareness & benefit of the said program for both the students and partner institutes. The responsibility of advertising and enrolling the students will be solely addressed by us.

For this, we merely seek the infrastructural support from you in form of Seminar hall equipped with well-functioning sound system and a projector with the sitting capacity of 100-150 students at least, I hope this summer session program will enrich the students in their pursuit towards achieving their goal in life thereby also making them industry ready and proficient in their skills.

MEMORANDUM OF UNDERSTANDING

The memorandum of understanding may be treated as an official agreement to the terms and conditions understood between **Elite Techno Groups, Jaipur** (Herein referred as "Party of the first part") **Chaitanya Bharathi Institute of Technology, Hyderabad** ("Party of second part"). As per the negotiations held between the two parties, the following things are agreed upon:

- Party of first part will conduct 08/ 15 Day National Level Summer Internship Program on 'Automotive Dynamics, Designing & Fabrication'
- The training shall tentatively be held from 23rd to 30th June, 2019
- The fee of the 08 day training will be Rs. 4660/- + 18% GST = Rs. 5500/-
- Party of first part will share RS. 500/- per participant of the 08 day internship program with Party of second part.
- All the above course fee are per participant inclusive of:
 - 30+ E-books on various automotive subsystems
 - Reference PPT's for the virtual of various engineering design & race competition
 - Tutorial videos of automotive designing, simulation, rendering of various software
 - Reference data on Scope of activities and there procedure to be a part in undergraduates engineering competitions
 - Complete technical support to the students participating in any
 - National or international design & race competition.
 - Publish Research paper
 - Publishing in Journals
 - Paper presentation
 - Final year project (Minor or Major)
- Workshop participant can opt for additional "30/ 45 Days Industrial Based Projects virtual Internship" (without any fee) and can complete it with their regular academics under the guidance of mentors and automotive experts. These projects can be developed by students in the final year to be submitted as major project.
- Party of first part will provide complete technical support to all participant teams in the engineering design and race competition of Party of second part.

- Party of first part will share all fabricated chassis (worth 30000/- INR each) fabricated in 08 day workshop to Party of second part for research purpose.
- Since it is a national level training program, to promote the host college, party of first part will update the event on its official website, upload promotional post on Facebook 25000 followers) twitter, Instagram etc.
- The amount if collected by the Party of second part shall be submitted to Party of first part on the first day of the training program in the same mode of paid by the participant.
- If available in campus ²guest house, Party of second part will provide accommodation facility for faculties of Party of first time at the time of workshop.
- Party of second part will provide seminar hall (Day 1-4), Lab space to perform fabrication (Day 3-8) for the 08 day workshop to the Party of first part.
- Party of first part will provide the software, hand tools, power tools, machinery, raw material, components and all other material in conducting the training program.
- Publicity of the event will be carried out by Party of first part.
