Proposed action plan

S.no	Comments	Action plan
1	Encourage the Faculty to attend conferences outside.	Faculty will be inspired and encouraged to present papers in conferences being conducted outside.
2	Students' publications are to be improved	a) It is instructed for PG students to have at least one publication before Submission of their thesis. b) All the project coordinators will be instructed to take necessary initiation to improve UG students' publications.
3	Encourage students' projects to file IPR.	Dr. P. Narahari Sastry and Dr. A. Vani are identified as department coordinators. Coordinators and faculty will encourage students to file IPR of their project outcomes.
4	Absolute grading may be introduced in all the departments regarding feedback	This remark is not specific for any department. The decision regarding absolute grading instead of relative grading for the student's academic performance (not for feedback) to be taken at the institute level.
5	Academic audit may be done for placement, library and physical education departments	During the audit process the auditors expressed this opinion. This doesn't come under purview of ECE department.

CBIT

Dear Sir,

Visited Depts. Of MED and Civil Eng. along with Prof.Sagar of CSE dept. and conducted the academic audit on 6<sup>th</sup> and 8<sup>th</sup> of July.

We have given our comments on the filled-in format. In addition to those, the following are my comments which may be useful for future accreditations.

**Comments**

The efforts put by the respective HoDs is well appreciated. A mock accreditation visit is recommended preferably with experts who have not visited CBIT earlier and have experience in NBA accreditation procedures for un biased opinion before official NBA accreditation visit takes place.

Specific to MED:

1. Ambience of the HoD room is to be improved.
2. Two tables are to be put in HoDs room for showing the relevant files to the visiting team.
3. Two faculty members preferably youngsters may be trained to show the files readily.
4. Files to the specific period (accreditation period) are to be maintained separately for finding the information easily.
5. Separate file may be maintained to highlight the department achievements corresponding to the audit or accreditation period.
6. 'Feedback and action taken' file has to be maintained to show it to the team readily

Specific to CIVIL Eng.Dept:

1. Two tables are to be put in HoDs room for showing the relevant files to the visiting team.
2. Two faculty members preferably youngsters may be trained to show the files readily.
3. Files to the specific period (accreditation period) are to be maintained separately for finding the information easily.
4. Separate file may be maintained to highlight the department achievements corresponding to the audit or accreditation period.
5. 'Feedback and action taken' file has to be maintained to show it to the team readily

6 (a) Report on Laboratory-wise Facilities with the following data:

✓ (i) Equipment /Software Details:

✓ • **Concrete Lab:** Profometer, Flexural Testing Machine, Shake table, Impulse hammer, Ultrasonic Pulse Velocity Apparatus(UPV), Concrete mixture, Aggregate Impact testing

machine, Concrete Permeability Apparatus

✓ ● **Strength of Materials Lab:** Plate load test apparatus (20T), CBR apparatus, Soil hydrometer, direct shear apparatus, soil samplers-SPT, vane shear apparatus, compaction test apparatus, permeability apparatus, core cutter, proctor penetrometer, Augers.

✓ ● **Transportation Engineering Lab:** Ductility testing machines, Centrifuge (Bitumen) extractor, electrically operator, Abrasion Testing machine, Dorry abrasion testing machine, Impact testing machine, Marshal Stability apparatus Fire and flash closed type apparatus.

✓ ● **Surveying Lab:** DGPS, hand held GPS, Advanced Total Station with accessories, Auto level, Electronic digital theodolite

✓ ● **Hydraulic Engineering Lab:** Low speed wind tunnel, Gear pump, Francie's turbines test rig, Kaplan turbines test rig, Centrifugal pump test rig

✓ ● **Environmental Engineering Lab:** Atomic Absorption Spectro Photo Meter, High Volume Sampler, BOD Incubator, Jar Test Apparatus, Flame Photo Meter, Digital Conductivity Meter, D.O. Analyzer, Nephlo Turbidity Meter, Soxlet Extent Extraction Heater

(ii) Procurement of additional equipment / Software (in the current academic year if any) - None

(b) Report on Consolidated Computing facilities in the Department

✓ (i) Number of PCs : **69 (UG and PG separately)**

(ii) List of the Software/ Software packages/Simulation Tools :

● ANSYS, ABAQUS, MIDAS, ETABS and SAP, ArcGIS Desktop Advanced (ArcGIS Pro & Arc Map), Software on Analysis & Design of Structures, Auto Cad

✓ (iii) No of Printers available: **4 (UG - 1; PG-1; HoD - 2)**

(c) Availability of updated Stock Registers: **All the stock registers are updated upto 30 June 2021.**

(d) Adoption of safety measures in the department:

Safety of students, teaching and non teaching staff has been the top most priority of the civil engineering department. The labs are ensured to be safe by performing periodical maintenance of the machinery as well as ensuring quality checks for the heavy equipment.

1. The surveying and transportation engineering lab curriculum involve experiments that require students to go for field data collection. During these experiments the students are allowed if they are wearing all the safety gear like shoes, gloves and protective clothing.
2. The students are advised to strictly follow all the safety instructions especially in labs such as environmental engineering where a few potential harmful chemicals like sulphuric acid, hydrochloric acid etc., are used.
3. Safety measures are displayed in each lab and all students are made aware of the same in the first lab session.
4. All the labs, classrooms and seminar halls are provided with fire extinguishers.

7 Report on Faculty Improvement/Enrichment Programmes:

(a) FDP/STTP/Workshops/Seminars organized by the Department : 3

1. An AICTE sponsored online FDP on " Seismic and Wind loads on Buildings and applications of ETABS and ANSYS FLUENT" from 14 -26 December, 2020
2. International webinar series on "Sustainable Practices and Application in Civil Engineering (SPACE 2020)" from 9 – 13 September, 2020
3. Online FDP on "Recent Trends and Research Scope in Civil Engineering" 6 – 10 July, 2020.

(b) Conferences organized by the Department: 1

1. International Conference in online mode on "Sustainable Approach For Resilient Infrastructure (SAFRI-2021)", during 26 - 27 June 2021 in association with the Centre for Innovative Construction Technology (CICT), Department of Civil Engineering, University of Malaya, Kuala Lumpur (Malaysia).

(c) FDP/STTP/Workshops/Seminars attended by the faculty: 6

**International Conferences:**

S.No.	Faculty Name	Paper Title
1	Dr. K. Jagannadha Rao	Mathematical Model for Prediction of Compressive Strength of Normal, Standard and High Strength SCC with RCA, Case Studies in Advances in Structural Engineering.
2	Dr. N R Dakshina Murthy	Mechanical and durability studies on blended pozzolonic concretes with fly ash & recycled aggregates
3	Dr M V Krishna Rao	Performance Characteristics of Self-cured Recycled Aggregate Concrete with SCM's
4	Dr. P. Yugendar	Strength Behaviour analysis of fibre reinforced fly-ash concrete
5		Macroscopic Analysis of Traffic Flow Behavior on Multi-Lane Highways under Heterogeneous Traffic Conditions

**National Conferences:**

S.No.	Faculty Name	Paper Title	Proceeding
1	Dr. K. Jagannadha Rao	An Experimental Investigation Use of Recycled Concrete Aggregate (RCA) in Self-Compacting Concrete Under Different curing conditions	web conference on advances in civil engineering for sustainable environment (ncacse' 20)

**(e) Any Other relevant information---**

1. Dr. K Jagannadha Rao delivered a Keynote lecture on "Sustainability aspects in Civil Engineering" on 19<sup>th</sup> September 2020 in the National Conference "Recent Advances in Civil Engineering (RACE-2020) organized by the Department of Civil Engineering of Guru Nanak Institutions Technical Campus in association with The Institution of Engineers (India), Telangana State Centre
2. Dr. A. Vimala delivered a Guest lecture on "Structural Configuration for Tall Buildings" 28<sup>th</sup> November 2020 in AICTE sponsored STTP at SRIT.
3. Dr. N. R. Dakshina Murthy delivered a lecture on "Energy based design

Concept and performance assessment of RC structures" in Ultratech Cement live webinars on 28th October 2020.

10 Report on Student Projects and their outcomes in terms of publications/ IPR

(a) UG: Several student projects were undertaken by the final year students. The topics for these projects were selected keeping in view the latest trends and developments of various areas of civil engineering. The projects help the students to identify the latest advancements and also enhance their career opportunities. They also cater to the professional development of the students.

18 Report on Student mentoring and counseling process with evidences:

Each student is assigned a faculty mentor in the first year itself. The number of students assigned to each mentor is limited to 20. The mentor will conduct an oral feedback session with these 20

students. The students are required to fill the progress report with the details about their attendance and marks obtained in the CIE(continuous evaluation system) process. The students with minimum marks and attendance are encouraged to explain about the reasons and the issues they are facing if any. The mentors will try to resolve any academic related problems and the follow up meetings will ensure this process continues for the entire duration of course.

4 (a) Report (with evidences) on Latest Changes brought in the Revision of Curriculum and Syllabus Dr PVRR

- Internship is made part of curriculum
- Activity points are added to the curriculum
- Machine drawing and Production drawing are reintroduced
- Tracks are added for programme electives. The tracks identified are
  - Additive mfg. & Robotics
  - Design, Innovation and Entrepreneurship
  - Industrial engineering
  - Automotive and power

(b) Evidences of syllabus for UG and PG Programs

5 (a) Report on three level Internal Audit Committee Findings and Action taken :Dr NVS

Description	Availability of Internal Audit Findings Report	Availability of Action taken Report
Audit I	Not Computed for B.Tech	Available for M.Tech/ME
Audit II	Available	Available
Audit III		

(b) Report (with evidences) on supplementary Teaching Tools / ICT ✓

1. All systems given to staff should have backup and printers should be given to the Professors and Associate professors.

2. The models should be procured for demonstration to give more exposure to students.

3. Writing pads should be given to teachers for effective teaching in online mode.

4. Powerpoint presentation should be more effective.

5. All online recordings must be available to students.

6. ERP website should be effective.

**Agenda Item 1: To consider and approve the scheme of B.E III, IV, V, VI, VII & VIII Semesters (Mechanical Engineering) under Academic Curriculum R-20.**

Chairman BoS welcomed the members and started the meeting with the presentation of major changes in the syllabus revision. He informed the members that (i) Mapping of the syllabus of each course are carried out by comparing and analyzing with NIT-Warangal, OUCE and VIT-Vellore. The deviations were discussed in the CEG, PAC and stake holders meetings and the scheme and syllabus are finalized accordingly (ii) Professional electives are being chosen such that, in each professional elective, there are four relevant courses and each course refers to each of the one specialization. The specializations identified and chosen are Automotive & Power, Additive Manufacturing and Robotics, Design Innovation & Entrepreneurship, and Industrial Engineering. The following points were discussed under the agenda item-1

- The title of the course "Mechanics and Material Science" with code number 20PY C05 offered by the Physics department in II Semester is coinciding with the titles of the courses "Material Science and Metallurgy" with code number 20ME C04 and "Mechanics of Materials" with code number 20ME C05. After going through the contents of the syllabus, the members felt the titles of courses 20ME C04 and 20ME C05 are appropriate. But there was a suggestion to change the title of 20ME C05 as "Strength of Materials".
- It is suggested to keep the core courses first in the scheme and then the other elective courses.
- Open electives are recommended to be introduced from VI semester onwards instead of V sem. It is decided to convey the same in common BoS meeting.

**Agenda Item 2: To consider and approve the syllabus for B.E III and IV Semesters (Mechanical Engineering) under Academic Curriculum R-20.**

- In the course "Manufacturing Processes" (20ME C06), Book by Kalpak Jain or Groover may be introduced as text book. Books by G.K. Lal and P.N.Rao may be swapped between text books and suggested reading.
- In "Material Science and Metallurgy" (20ME C04) course, few NDT techniques may be introduced. Few additional experiments on NDT may be added to Material Science and Metallurgy Lab (20ME C07). Some experiments related to noncontact methods of inspection may also be added to this Lab.
- In "Metal Cutting and Machine Tool Engineering" (20ME C13) course, Water Jet Machining may be added.
- In Entrepreneurship course (20 ME E03), registration procedures may be added.
- In Unit III of the course "Mechatronics and Automation" (20 ME E04) the topic microprocessor 8085 is to be replaced with "Programming and using of 8051 controller with 'C' language", as microprocessor 8085 is outdated. In unit V "Introduction to Robotic Automation: Artificial Intelligence (AI) based systems, IOT in Manufacturing industries"

may be added.

**Agenda Item 3: To consider and approve the syllabus for M.E. (CAD/CAM) & M.E. (Thermal Engg.) - III & IV Semesters under Academic Curriculum R-20**

BoS chairman appraised the committee that in the 9<sup>th</sup> Academic Council Meeting held on 12.09.2020 it was resolved to revise the syllabus of M.E R-20 regulation with an increase of CIE from 30 to 40. On discussion in the internal BoS it is decided that no change of syllabus is required as it was revised in 2019 only except the increase of CIE from 30 to 40. the same is ratified. However the syllabus of 3<sup>rd</sup> and 4<sup>th</sup> semesters are revised and presented to the committee. The following are the suggestions from the committee

- In the course “Digital Manufacturing and Design” (20ME E113), a case study on “Car Manufacturing by Bosch Company” may be included in UNIT-1 to explain the concept of Introduction to Industry 4.0, and a Biscuit factory is suggested as an example for the topic “Digital factory and Virtual manufacturing “ in Unit II. Appropriate and relevant case studies may be included in all the units where ever possible. The topic Digital design is suggested and to be replaced with Digital Twins, Digital threads and Files format (STL, AMF, 3MF). Two to three examples on Industry products may be included to explain Additive Manufacturing, Subtractive Manufacturing and Reverse Engineering.
- In the course “Experimental Methods in Thermal Engineering” (20ME E212) topics related to industry focus may be added in Unit 2, Unit 3 and Unit 4.
- In the course “Fluid Power Systems” (20ME E213), Pressure proportional control valves, silencers, working of various types of air compressors, calculation of cylinder sizes may be included.
- In the course “Engine Emission and Pollution control” (20ME E214), Bharath-6 norms may be included.

**Agenda Item 4: Any other item with the permission of the chair**

As there is no other item to discuss, the meeting was concluded with the vote of thanks

4 (a) Report (with evidence) on Latest Changes brought in the Revision of Curriculum and Syllabus

- R-20 Curriculum comprises of 160 Credits in BE(EEE) Program. New Courses were added in the curriculum as advised by the stake holders.
- New Core/Elective Courses added in the respective Semesters that are not in R-18 are listed below: -

S.No	Course Title	Semester	Core/Elective	Credits
1	MOOCs/Training/ Internship	III	Core	2
2	Universal Human Values- II: Understanding Harmony	IV	Core	3
3	Employability Skills	V	Core	1
4	Industrial / Rural Internship	V	Core	2
5	Electrical Drives Lab	VI	Core	1
6	IoT for Electrical Engineering	VI	core	3
7	IoT Lab	VI	core	1
8	Internship	VII	Core	3
9	Advanced Power Converters	V	Elective	3
10	Control Design for Power Converters	V	Elective	3
11	Mathematics for Electrical Engineering	V	Elective	3
12	Renewable Energy Technologies	VI	Elective	3
13	Advanced Electrical Drives	VI	Elective	3
14	Computer Organization	VI	Elective	3
15	Machine Modelling and Analysis	VII	Elective	3
16	Advance Micro Processors and Controllers	VII	Elective	3
17	Advanced Control systems	VIII	Elective	3
18	Electric Hybrid Vehicles	VIII	Elective	3

➤ Courses offered by NPTEL, Courses-L4G (with proctored examination system) are identified for the award of B.E.(EEE) Honors Degree and Additional Minor Engineering in Sustainable Engineering & Power Electronic Engineering

- 4 (a) Report (with evidences) on Latest Changes brought in the Revision of Curriculum and Syllabus  
The latest changes in the revision of the Curriculum and syllabus were done 26-3-2019, the following subject were added to the UG and PG programs which are given below:

**For UG:**

Basic Electrical Engineering Lab, Optics and Semiconductor Physics, Optics and Semiconductor Physics Lab, Workshop/Manufacturing Practice, Indian Constitution and Fundamental Rights, Indian Traditional Knowledge, Principles of Management, Telecommunication and Switching Systems, Basics of Biology, Object oriented Programming using Java, Quantum Computing, Mobile and Cellular Communication, Principles and Applications of AI, System Automations and Control Engineering, Data Analytics for Signal processing, Cryptography and Blockchain Technology, Semiconductor memory design and Testing, CMOS RF IC Design, 5G Communication, Basics of Cyber Security.

**For PG: M.E(CE)**

Advanced Communication Networks, Advanced Digital Signal Processing, Antennas and Radiating Systems, Wireless and Mobile Communication, Advanced Communication Networks Lab, Advanced Digital Signal Processing Lab, Antennas and Radiating Systems Lab, Wireless and Mobile Communication Lab, Mini Project with Seminar, Dissertation Phase-I, Dissertation Phase-II, Data and Optical Networks, DSP Architecture, Global Navigation Satellite Systems, High Performance Networks, Information Theory and Coding Techniques, Internet of Things, Microwave and Satellite Communication, MIMO Wireless Communications, Network Security and Cryptography, Pattern Recognition and Machine Learning, Remote Sensing, Signal Intelligence Systems, Software Defined and Cognitive Radio, Statistical Decision and Estimation Theory, Wireless Sensor Networks, Research Methodology and IPR, Disaster Management, English for Research Paper Writing, Indian Constitution and Fundamental Rights, Pedagogy, Personality Development through Life Enlighten.

**ME.(ES & VLSID):**

VLSI Design Verification and Testing, Advanced Computer Organization, Communication Buses and Interfaces, Data Acquisition System Design, Nano-materials and Nanotechnology, Network Security and Cryptography, Pattern Recognition and Machine Learning, Programming Languages for Embedded Software, System Design with Embedded Linux, Wireless Sensor Networks, Value Education, Analog and Digital CMOS VLSI Design Lab, Microcontrollers and Programmable Digital Signal Processors Lab, Simulation and Synthesis with PLDs Lab, RTOS and VLSI Design Verification Lab.

Every month a meeting was conducted and was recorded in the register specially meant for the Mentoring during offline mode.</li> <li>2. Monthly once the student progress reports were verified and also monitored.</li> <li>3. The problems faced by the mentors were discussed and suggestions were given for the queries, and if required, involved HOD (regarding unanswered queries) and conveyed the same to the mentors.</li> <li>4. Verified the books submitted by mentors in HOD chamber and also suggested the mentor about how to improve in mentoring.</li> </ol>	

5. Due to covid one to one interaction in the offline was not possible, however in online most of the mentors have counselled the students on Monday afternoon mentoring hour.
6. During this Period (1<sup>st</sup> July, 2020 - 30<sup>th</sup> June, 2021) two times the student progress reports from the department has been sent to Director-Student Progression.

S. No.	Course Title	Semester	Core/Elective	Credits
1.	Community Engagement	I		1.5
2.	Engineering Exploration	II		1.5
3.	Data Structures and Algorithm with Python theory and Lab	II	Core	3+1
4.	Object Oriented Programming Using Python Theory And Lab	II	Core	2+1
5.	Automata Theory and Compiler Design	III	Core	4
6.	DC Circuits, Sensors and Transducers	III	Core	3
7.	Java Programming & Enterprise Framework T&L	III	Core	3+1
8.	Design and Analysis of Algorithms Lab	IV	Core	1
9.	Artificial Intelligence & Machine Learning Tools, Techniques and Applications	IV	Core	1
10.	Data Analysis and Visualization with Python	IV	Elective	3
11.	Mobile Application Development with Android and Kotlin	IV	Elective	3

12.	Fundamentals of Cryptography	IV	Elective	3
13.	Python Full Stack Development	V	Elective	3
14.	Neural Networks and Deep Learning	VI	Core	3
15.	Augmented Reality and Virtual Reality	VI	Elective	3
16.	Robotics Process Automation	VII	Elective	3

❖ Courses offered by NPTEL, Coursera –L4G (with proctored examination system) are identified for the award of B.E.(IT) Honors Degree and Additional Minor Engineering in Artificial Intelligence, Data Science, AR-VR and Information Security after securing additional 20 Credits.

❖ In R-18 the students may undergo Internship at Research organization / University (after due approval from the Head of the Department/Principal during summer / winter vacation or during semester break.

If the student earns three (3) credits in Industrial Training / Internship, the student may drop one 'Open Elective'.

In R-20 MOOCs and Internship are mandatory as credit transfer for a student can be done with an approval from the department and AEC as shown below:

- MOOCs/ Industrial Training / Internship - 2 Credits (After II or during III Semester)
- Industrial Training / Rural Internship - 3 Credits (After IV or during V Semester)

❖ As the students need to be successful professionals, students should have excellent soft skills, leadership qualities and team spirit. They should have entrepreneurial capabilities and societal commitment. Students need to earn 100 Activity Points in this regard two new courses are added Community Engagement, Engineering Exploration.

❖ BE(AI&DS) –UG Program is introduced for the Academic Year 2020-2021

❖ M. Tech(AI&DS) –UG Program is introduced for the Academic Year 2020-2021

### Minutes of the BOS

In the pandemic situation of COVID-19, the BOS of the Chemical Engineering decided to email the External BOS Members and get necessary approvals for

1. Revision of the Course Outcomes in R-18, in accordance with Bloom's Taxonomy
2. Course list for Minor degree in Material Science and Honors degree in Chemical Engineering and
3. R-20 Model skeletal scheme

#### External BOS Members to whom the communication is sent:

1. Prof Vinod Janardhanan, Professor, Department of Chemical Engg, IIT Hyderabad
2. Mrs Sheela, Ex Dy. Chief Executive, NFC, Hyderabad.
3. Prof. R. Shyam Sunder, Principal, OUCT, Hyderabad.
4. Prof Ramesh Adusumalli, Chemical Engineering Dept, BITS Pilani, Hyderabad Campus
5. Dr K Sainath, MD, Claire Engineers Pvt. Ltd, Hyderabad.

#### Internal BOS Members to whom the communication is sent:

1. Prof R. Sreedhar Rao, Director AEC
2. Dr. NL Narsimha Reddy (I/C HOD and Director CDC)
3. Dr P V Naga Prapurna
4. Sri I. Bala Krishna

#### External BOS Members from whom replies were received:

1. Prof Vinod Janardhanan, Professor, Department of Chemical Engg, IIT Hyderabad
2. Mrs Sheela, Ex Dy. Chief Executive, NFC, Hyderabad.
3. Prof Ramesh Adusumalli, Chemical Engineering Dept, BITS Pilani, Hyderabad Campus

#### Minutes of the approvals/suggestions received by BOS through mail Communications.

1. Emails were sent to all the BOS external members regarding the approval for the above mentioned items. Three members responded and the non receipt of response from two other members is deemed to be approval from their side.
2. The revised Course outcomes were approved by the three external BOS members with some minor spelling corrections.
3. Minor corrections were suggested in the Course objectives and Course outcomes of the departmental Open elective Nuclear Engineering. It was suggested to club the present II and III units into II unit and a new III unit to be included with biological effects of radiation, safety requirements in nuclear plants and nuclear accidents. All these changes were incorporated.
4. In another departmental open elective Pharmaceutical Technology, it was suggested to add insight into the latest drugs, Vitamins, Vaccines and Cancer/ neurological medicines. Also it was suggested

pg 1/2  
Signature  
I/C HOD - Chemical Engg

to replace suggested/text books if possible with some recent books and the suggestions are incorporated.

5. The Core course Transport Phenomena which was originally drafted for IV semester was shifted to VII Semester without any modifications in the syllabus, on the advice of the previous Academic Council. Now the syllabus is modified for the VII semester students and is approved by the external BOS members.
6. The Course "Process Instrumentation" in the VII semester is a two credit course with two hours of weekly instruction. The End Exam duration was wrongly mentioned as 3 hours and now that is changed to 2 hours in the scheme and syllabus.
7. The Courses for the present semester are identified for the Advanced Minor degree in Material Science (under Chemical Engineering Department). A total of SEVEN (07) courses are identified which are offered by NPTEL and certificate awarded through a proctored exam. A list of these courses is approved by the Members.
8. A total of 40 courses offered by NPTEL and having proctored exam were identified for the present semester for Honors Degree in Chemical Engineering. External BOS members were of the opinion, more Core courses should be opted by the students in the stream of Honors Degree and suggested removal of Five non Core Courses, reducing the total number of subjects offered in the present semester to thirty five ( 35).
9. BOS members expressed the Model R-20 Scheme to be a suitable one and would discuss the scheme and syllabus at length in the next BOS meetings.
10. The following courses are introduced into the curriculum as per institute's policy and are offered as open electives

S.No	Course Code	Title of the Course	Semester in which the course is offered	Open elective in which the course offered
1	18CSO 09	Basics of Artificial Intelligence	VI	I
2	18CS O10	Machine learning using Python	VII	II
3	18CS O04	Data Science using R	VIII	III

11. One External BOS member ( Dr A Ramesh) expressed his inability to continue as BOS Member from the year 2020-21 due his preoccupied works and so could not approve the R-20 Scheme.

Dear Abhishek Babu,  
B.Tech/B.E., Chemical Engineering  
Chaitanya Bharathi Institute of Tech, Hyderabad

Candidate ID – 15088449

Thank you for exploring career opportunities with **Cognizant Technology Solutions India Private Limited ("Cognizant")**. You have successfully cleared our initial selection process and we are pleased to make you an offer of employment. This offer is based on your profile and performance in the selection process.

You have been selected for the position of **Programmer Analyst Trainee**

During your probation period of 12 months, which includes your training program, you will be entitled to an Annual Total Remuneration (ATR) of INR 401,988/-. This includes an annual target incentive of INR 22,500/- as well as Cognizant's contribution of INR 19,500/- towards benefits such as Medical, Accident and Life Insurance. The incentive amount may vary, depending on Cognizant's performance and your performance. The other details about your compensation are detailed in **Compensation and Benefits**. Your compensation is highly confidential and if the need arises, you may discuss it only with your Manager.

On successful completion of the probation period, clearing the required training assessments and subject to you being part of a delivery project, your Annual Total Remuneration (ATR) would stand revised to INR Rs.450,740/-. This includes an annual target incentive of INR 22,500/- as well as Cognizant's contribution towards benefits such as Medical, Accident and Life Insurance, as applicable.

Your appointment will be governed by the terms and conditions of employment as presented in **Employment Agreement**. You will also be governed by the other rules, regulations and practices in vogue and those that may change from time to time.

This offer of employment is subject to your fulfillment of other pre-requirements as detailed in this letter and other communications shared with you.

Please note:

1. This appointment is subject to satisfactory professional reference checks and you securing a minimum of 60% aggregate (all subjects taken into consideration) with no standing arrears in your Graduation/Post-Graduation.

This offer from Cognizant is valid for 3 months and hence you are expected to accept or decline the offer through the company's online portal within this time-period. In case we do not receive any response from you within this time-period, this Offer shall stand withdrawn and will be considered as void. Any extension to the offer validity will be at the sole discretion of Cognizant

2. Prior to commencing employment with Cognizant you must provide Cognizant with evidence of your right to work in India and other such documents as Cognizant may request.

3. Prior to joining Cognizant, you must successfully complete the prescribed Internship or Continuous Skill Development (CSD) program as detailed below:

At Cognizant, we invest in skill and capability development of our campus selects even before they join us. This is through Cognizant Internship and Continuous Skill Development (CSD) program. These programs focuses primarily on technical skills development. You could enroll in either of these as per your college processes while in the final semester and continue with skill building until you join Cognizant. This forms a critical part of your employment with Cognizant. Your onboarding with Cognizant would be prioritized based on the successful completion of same. In event of non-completion of the Internship or Continuous Skill Development program, Cognizant may at its sole discretion revoke this offer of employment.

Polamuri Ravi Teja  
 B.Tech/B.E. Chemical Engineering  
 Chaitanya Bharathi Inst of Technology, Hyderabad

Dear Polamuri,

Further to our offer for the position of Programmer Analyst Trainee and in response to your confirmation into the Internship opportunity we had extended, we are pleased to offer you an **Internship** with us for a **period of 3 to 6 months**, during which you will be offered a stipend Amount of **INR 12000/-** per month based on the Internship performance and completion. Actual Internship dates and duration would be based on the business demand aligned skill tracks offered to you and would be shortly communicated to you.

Cognizant Internship being a pre joining skill and capability development program, it would form a critical part of your employment with Cognizant.

You will undergo a learning curriculum as per the learning track assigned to you. The learning path will include in-depth sessions, hands on exercise and project work. There will also be series of webinars, quizzes, SME interactions, mentor connects, code challenges, assessments etc. to accelerate your learning. The performance during Internship would be monitored through formal evaluations.

The Cognizant Internship completion would qualify as the entry criteria to your post joining training program and would be used as basis towards your allocation to projects/roles.

Prior to joining Cognizant, you must successfully complete the prescribed Internship program. In event of non-completion of the Internship, Cognizant may at its sole discretion revoke this offer of employment.

Please also note that:

- The Internship Training will be done from Monday through Friday for 8 hours from 9 am to 6 pm (IST).
- Interns are covered under Cognizant's calendar holidays of the respective location of internship and you would need to adhere with attendance requirements. Pre-approvals are to be sought towards unavoidable leave or break requests from the program.
- There would be zero tolerance to plagiarisms and misconduct during the internship.
- You would be required to ensure timely completion and submission of assignments, project work and preparation required prior to the sessions.
- You may be required, to travel to other locations within India if there is a business need as per your internship plan
- Cognizant reserves clauses regarding IT infra if applicable and access to information and material of Cognizant during the period and could modify or amend the Cognizant GenC program terms and conditions from time to time

At the time of your reporting for the internship, you will be required to sign a Non - Disclosure Agreement with the company. During the course of your Internship and after completion of the same, you are required to maintain strictest confidentiality with respect to company proprietary or products that you access or come into contact with, during your project as an Intern, at all times as per our Policy. Use of company proprietary information or products shall not be made without prior permission from the concerned authority.

## B-Tech UG - Program Exit Survey Form for student feedback

Dear Student,

Our department will be renewing its accreditation status on regular basis. The National Board of Accreditation, New Delhi will visit the department for this purpose. This students' program exit survey shall be helpful in this assessment process. In this regard, we wish to know, to what extent our Course Curriculum, Infrastructure, Teaching-Learning Process etc. have contributed to the successful completion of your graduation. Choose your answer appropriately on a scale of 1 to 3, for the given questionnaire. The purpose of the questionnaire is to solicit, in a completely confidential manner, information about your satisfaction with your experience of graduate education at CBIT and your post-CBIT plans. Thank you in advance for your cooperation and participation.

### I. VISION and MISSION proposed for our department in line with that of our institute [displayed on our website]

Department Statements	(1) Low	(2) Medium	(3) High
<b>VISION:</b> To become the most sought centre of excellence engaged in training and shaping students as professionals for higher education and process industries both in India and abroad.			✓
<b>MISSION:</b> [Three statements]			
M1: Imparting contemporary technical education and training manpower.		✓	
M2: To create skilled human resource talent pool.		✓	
M3: To serve and manage the process industries globally with a sense of responsibility towards society and environment.			✓

### II. Program Educational Objectives (PEO's) defined for our department UG Program are:

PEO No.	Statement	(1) Low	(2) Medium	(3) High
PEO - 1	To train the students for identifying problems relevant to design and general practice of chemical engineering field.		✓	
PEO - 2	To provide experience in the three significant design areas of equipment, process and plant operation of chemical industries.		✓	
PEO - 3	To educate the students in understanding the multifaceted aspects of chemical engineering and in applying the various computational methods studied, for problem analysis and solution.			✓
PEO - 4	To prepare the students to pursue post-graduate studies or even to succeed in industry/technical profession through global technical education.			✓

### III. PROGRAM SPECIFIC OUTCOMES (PSOs) defined for our department UG Program are:

PEO No.	Statement	(1) Low	(2) Medium	(3) High
PSO - 1	Undertake research activities in the area of heat & mass transfer, separation processes, reaction engineering.		✓	
PSO - 2	Undertake live projects by students in process industries and various national level laboratories.		✓

B-Tech UG - Program Exit Survey Form for student feedback

IV. PROGRAM OUTCOMES (POs) for any Program - as per NBA norms are:

PO No:	Statements: Engineering Graduates will be able to:	(1) Low	(2) Medium	(3) High
PO - 1: Engineering knowledge:	Apply the knowledge of mathematics, science, engineering fundamentals, and an engineering specialization to the solution of complex engineering problems.		✓	
PO - 2: Problem analysis:	Identify, formulate, review research literature, and analyze complex engineering problems reaching substantiated conclusions using first principles of mathematics, natural sciences, and engineering sciences.			✓
PO - 3: Design /development of solutions:	Design solutions for complex engineering problems and design system components or processes that meet the specified needs with appropriate consideration for the public health and safety, and the cultural, societal, and environmental considerations.			✓
PO - 4: Conduct investigations of complex problems:	Use research-based knowledge and research methods including design of experiments, analysis and interpretation of data, and synthesis of the information to provide valid conclusions.		✓	
PO - 5: Modern tool usage:	Create, select, and apply appropriate techniques, resources, and modern engineering and IT tools including prediction and modeling to complex engineering activities with an understanding of the limitations.			✓
PO - 6: The engineer & society:	Apply reasoning informed by the contextual knowledge to assess societal, health, safety, legal and cultural issues and the consequent responsibilities relevant to the professional engineering practice.		✓	
PO - 7: Environment and sustainability:	Understand the impact of the professional engineering solutions in societal and environmental contexts, and demonstrate the knowledge of, and need for sustainable development.	✓		
PO - 8: Ethics:	Apply ethical principles and commit to professional ethics and responsibilities and norms of the engineering practice.		✓	
PO - 9: Individual & team work:	Function effectively as an individual, and as a member or leader in diverse teams, and in multidisciplinary settings.		✓	
PO - 10: Communication:	Communicate effectively on complex engineering activities with the engineering community and with society at large, such as, being able to comprehend and write effective reports and design documentation, make effective presentations, and give and receive clear instructions.			✓
PO - 11: Project management and finance:	Demonstrate knowledge and understanding of the engineering and management principles and apply these to one's own work, as a member and leader in a team, to manage projects and in multidisciplinary environments.		✓	
PO - 12: Life-long learning:	Recognize the need for, and have the preparation and ability to engage in independent and life-long learning in the broadest context of technological change.		✓

B-Tech UG – Program Exit Survey Form for student feedback

1. UG – Program

Your satisfaction on the following statements:	(1) Low	(2) Medium	(3) High
Latest topics in the syllabus in most subjects in the courses		✓	
Design and application oriented courses		✓	
Completing assignments/Project on your own and submitting them in time			✓
Active participation in classroom discussions			✓
Organizing technical events like seminars, workshops, invited lectures, industrial visits, summer internships etc., for exposure, awareness and industrial interaction to content beyond syllabus.			✓
Experience towards Co-curricular/Extra-curricular activities for overall personality development of the student		✓	
Voluntary help when in need with regard to academics, career, health etc.	✓		
Membership in Professional bodies – IChE students' chapter etc			✓

2. About Faculty

Your satisfaction on the following statements:	(1) Low	(2) Medium	(3) High
Faculty are good at explaining the topics in the course			✓
Faculty are good at motivating me to do my best work			✓
Faculty normally give me helpful feedback on my performance and for further improvement wherever required.			✓
Faculty grading method is fair.		✓	
Course objectives are clear in most courses			✓
Course outcomes are met in most courses			✓

3. Teaching - learning environment

How do you rate the following aspects of the teaching - learning environment?	(1) Low	(2) Medium	(3) High
Ambunt of work required in most courses		✓	
Classroom ambience		✓	
Relevance of practical sessions			✓
Level of classroom discussions in most courses			✓
Assistance from most faculty outside classroom			✓
Library access to reading material		✓	

4. Skill Development

What extent does your course work improve the following skills?	(1) Low	(2) Medium	(3) High
Ability to execute plans	✓		
Ability to work individually	✓		
Ability to work in groups on projects			✓
Analytical skills		✓	
Research skills		✓	
Achieving personal goals	✓		
Achieving career goals		✓	
Communication skills		✓	
Placements			✓
Higher studies		✓

### (a) Report (with evidences) on Latest Changes brought in the Revision of Curriculum and Syllabus

Revision of Curriculum and Syllabus (R-20): The following are the changes brought in the revision of Curriculum and Syllabus.

1. Code of the Subjects shall be renamed Semester-wise like 101, 102..... in I Sem; 201, 202.... In II Sem for identification of subjects in the semesters.
2. Credits and Hours for Strategic Management shall be increased from 3 to 4 in III Semester as the Credits for Core shall be equal or more than the Electives.
3. One or two Credits should be given to Career Guidance instead of 'Non-Credit' to engage the Students seriously and also evaluate their progress. As the Students will be in dilemma in choosing correct electives, this can be moved from III Semester to II Semester, so that Students will be sensitized on the Career Opportunities and also guided to choose the right vertical based on their Competencies. Advised that the Career Guidance can also be combined with 'Personality Development' subject in II semester and making a single subject "Personality Development and Career Guidance with 4 hours practical, 2 credits.
4. Though Students do Internship during Summer Vacation (before III Semester), they shall be insisted to write report/document in III Semester and evaluation to be done and the process should also be defined clearly in the Academic Rules. It can be Internal Assessment.
5. In IV Semester, 'Entrepreneurship Development' number of hours and credits shall be increased from 3 to 4.
6. Project work hours to be increased from 4 to 8 under P (Practical) as the credits are 4. The

marks can also be reduced from 150 to 100.

7. Credits for the Comprehensive Viva Voce I & II shall be increased from 1 to 2, remaining the marks same i.e. 50.
8. As per the inputs of the Industry, Alumni and Management, Business Analytics elective subject 'R-Programming' is replaced by 'Python Programming' in III Semester. IV semester HR elective subjects: 'Leadership and Team Management' & International Human Resource Management are replaced by Industrial Relations and Labour Laws' and 'Strategic Human Resource Management'.
9. As the Institute is following the pattern of 40+60 (Internal +external) for all other Programmes (UG & other PG Programmes) w.e.f. Academic Year 2020-21, MBA Department is also advised by the Institute to follow the same policy. Hence, R-20 scheme for MBA Programme is prepared in line with the policy.
10. Teaching and Learning should be more practical and discussion of the Cases should be done- Partially in the class room and partially as an assignment, etc.
11. Updates shall be discussed in the Class Room.

higher education courses. It provides direct support to students and in particular it is a relevant strategy to assist and to achieve current equity targets. Mentoring is an evidence-based social support strategy that has been shown to be effective in increasing individual achievement in skills and competencies as well as personal and social development of students in various settings. The mentees often assisting with specific skills, but more importantly developing a trusting relationship that enables the mentees to move forward in a particular setting in their life.

Mentoring process includes that each faculty will be the mentor for a group of 8 to 10 students. Groups are formed in First year first semester itself. Departmental faculties will continue to be mentors for the same group of students till their graduation.

As a guide and supporter, establishing trust and demonstrating empathic understanding while at the same time, introducing new and often contradictory ideas and helping the mentees to develop a positive sense of the future and to have positive academic and social outcomes for students or mentees. As a part of this process faculty are assisting the students in soft-skills, assignment, academic related activities like interns, projects, co-curricular activities and attendance monitoring of the students. Students from remote areas as well as from low socio-economic status settings have also benefitted from mentoring sessions. In addition, mentoring assists students with disabilities into employment.
