REPORT FOR PROMOTION OF ECO-FRIENDLY GANESH

A.Y:2020-21

Subject: Promoting use of ECO-FRIENDLY GANESH for Ganesh Chaturthi – 2020

We promoted the use of ECO-FRIENDLY GANESH for this festival which included posting videos of NSS Incharges preparing handmade Ganesh idols on 22-08-2020. This was our first virtual event to bring awareness to save nature by promoting the use of ECO-FRIENDLY GANESH. For this, we made a poster which encourages our college students to make their own ecofriendly Ganesh and to send us their pictures along with the Ganesh they have molded. We are happy to say that we had many responses for this and we posted all their pictures in the Instagram thanking them for being responsible towards the environment and for joining their hands with us THE NSS CBIT TEAM.

About FDP: As per the guidelines of AICTE, it is mandatory to conduct the three-week student induction programme for first year students. Main Purpose behind this initiative is to make the students feel comfortable in their new environment, set a healthy daily routine, create bonding in the batch as

well as between faculty and students. The student induction program is now a part of the model curriculum of Undergraduate Studies in Engineering & Technology. The core of SIP is Universal Human Values module. It is of utmost importance that the faculty members/teachers are well equipped and prepared to conduct the SIP and The FDPs like this help in training the faculty members.

Registration: Teachers engaging first year classes in AICTE approved institutions are eligible for participation. As the programme is of more interactive nature, number of participants is limited to 80. The participants are selected on first come first serve basis. The selected participants will be intimated by August 25, 2020. There is no registration fee. Interested participants can register using the link <https://tinyurl.com/y2kjqg7m>

Report on the Student Induction Program 2020-21

Chaitanya Bharathi Institute of Technology successfully organized the Student Induction Program as per the norms of AICTE to provide an orientation to the first-year engineering students who joined the institute for their four years BE/B. Tech program. The one-week Orientation Program followed by Student Induction Program was conducted from 25.11.2020 to 04.12.2020 in online mode, following all the safety measures as mandated by AICTE and the state government.

The Inauguration of the Student Induction Program was held virtually on 25 November 2020 from 10:00 AM onwards for all first-year CBIT students. It was also live-streamed on YouTube (<https://youtu.be/B9iiB5-11CY?list=PLJYDfw1IduhsIEIQH-aXTstxo2jnGydIT>). Dr. G. P. Saradhi Varma, Principal, CBIT gave the Welcome Address. He welcomed all the freshers and explained the vision and mission of the institute and the institute's emphasis on advanced research to generate knowledge, providing a plethora of opportunities and directing it into a transformation of society. He motivated the students, being future engineers should work with a vision to serve society. He added examples like Infosys, have started as a small start-up, and with enough commitment has risen to a successful MNC. He stressed the importance of the idea of incubating and entrepreneuring is needed and CBIT would enable and support the students to learn them along with their curriculum.

Guest of Honour, Dr. Gourav Mahindra, M.D., Tech Hub Head, JP Morgan Chase & Co., Hyderabad, introduced the necessary skill sets required to progress in industry and firms.

He shared that Research and innovative skills are much to be equipped with where a student needs to know what they need to do, how to create an idea, and plan how that idea works as the company they may work for in the future will rely on them individually and completely in solving a given/existing problem. He stressed the importance of Core skills like 'Time Management' saying that the students need to understand the deadlines given by the teachers and plan properly to meet the deadlines, and also on Soft skills, which have to be focused on as they might have to get into an MNC which expects to hear and understand their idea; He stressed the importance of hearing different types of technical conversations, observe different types of communications, read and practice technical writings. He also highlighted the need for Team Management skills and Career Planning.

Chief Guest, Mr. Kulkarni Raghavendra, director, cognizant Infra Services, Hyderabad spoke on different technologies which the coming generation needs to work on and adapt with sincerity and implementation with agility. He said that the industry is focusing more on how to prevent a problem rather than fixing a problem. He introduced to the freshers, the latest technologies like IOT, AIML, Cloud environment - Azure, Microsoft, and Google, and Development skills in demand in the industry like Database engineering and analytics, App development at the level of market requirement standpoint.

Address by Chief Guest, Mr. Kulkarni Raghavendra

He motivated the students to practice sustainability in learning by getting trained in a skill set that would be useful in the long run rather than which are currently in demand, as IT is a volatile industry. Answering to question raised by the student, he illustrated how AIML is implemented in India by taking an example of how policing in Telangana state is being trained to use AIML.
