### **Responsibilities of Program Content Committee:**

- a) To identify the Current Topics which will expose the Students and the Faculty to the latest Technologies, Research and Innovation in the Industry and thus enable to identify Curriculum Gaps ascertained from the feedback of the Stakeholders. These Topics may be identified in Consultation with the respective Heads of the Departments, Colleagues, PhD Research Scholars, Industry Experts and other experts in their respective fields.
- b) To arrange expert talks either by inviting Alumni to our College or through Webex facility.
- c) To prepare Schedules of their address in consultation with the Alumni who are experts in their fields.
- d) To look after the Logistics for Organizing the Expert Talks, Seminars, Workshops, Conferences, etc.

We hope that the Committees would support these endeavors and enable the Faculty and Students to define their perspective for the Future, under the guidance of the Alumni.

Wishing you, the Best of Success.
