# PCB Workshop

An IEEE-CBIT event.

CBIT- Hyderabad. Date: 10-03-18

---

IEEE- CBIT student branch conducted many events on upcoming technologies and basic engineering concepts as well. From this event, students procured knowledge on designing, dumping and manufacturing a printed circuit board.

Entire event took place in a vibrant seminar hall under the guidance of qualified and eminent speakers Mr. Mohan Reddy and Mr. Raghava Reddy.

PCB workshop constitutes three basic motives

1. To introduce the concept of a printed circuit board.
2. To aid them on basic instructions to design a circuit in a 'Eagle software'
3. To explain the physical layout of a PCB by practically giving them the boards to dump their design.

A total of 75 students attended the event with all their interest. All the students were provided with eagle software in their personal laptops. After the workshop, each and every student is given a certificate of appreciation for participating in the event.

HOD, ECE

(Dr. D. Krishna Reddy)

## **A REPORT ON “MEMBERSHIP DRIVE”**

The executive body members of the IEEE CBIT Student chapter have conducted a membership recruitment drive on the 20<sup>th</sup> and 21<sup>st</sup> of February, 2018. The primary purpose of the recruitment drive was to form the executive body of the IEEE CBIT Student Chapter for the year 2018-2019. Approximately 20 students attended the drive on the first day, and 30 students attended on the second day. Senior students of the executive body of IEEE CBIT interviewed the candidates who had participated in the recruitment drive. Approximately twenty members were selected in the interview, and the results were announced a few days later. Manika (Chair of IEEE CBIT) and Manasa V. (Chair of PES-IEEE CBIT) explained IEEE CBIT, its structure, duties, and advantages of being an IEEE member to the newly recruited student executive body members.

**HOD, ECE**

## A REPORT ON THE SESSION “HOW TO BE SUCCESSFUL DESPITE OBSTACLES”

On 15<sup>th</sup> Feb 2018, the session was organized under the PES student chapter, IEEE CBIT, by Sai Prasad Vishwanathan, who graduated from CBIT with a gold medal for academic achievement in 2006. And then began his successful and inspiring journey against all the odds. In 2010, he earned the Helen Keller Role Model Person of the Year Award. In 2011, Sai joined Deloitte U.S. India Advisory as a technology risk consultant. He also studied strategy, leadership, and marketing at ISB. Living with an adventurous spirit, he is widely known in the industry for being the first Asian with a disability to set foot on the Antarctic continent, India’s first disabled skydiver.

The session was pretty exciting and engaging. The speaker of the session, Sai Prasad sir, is an eloquent speaker. He has been narrating his life experiences in short tales throughout the session, making the session so lively that every person in the session is completely involved in it and felt contented. Being CBIT alumni, he has shared his sweet memories in the college as well. Later the team IEEE CBIT has felicitated the speaker with a memento, a token of gratitude thanking him for coming all the way to share his experiences and inspiring the students in his way ending the session.

HOD, ECE

## **A REPORT ON THE SESSION “WHY GOALS ARE IMPORTANT”**

On 18<sup>th</sup> Jan 2018 the session was organized under PES student chapter, IEEE CBIT by K.Nageshwar Rao who is India’s noted political analyst, the former member of TLC, a professor in Osmania University and the former editor in THE HANS INDIA as well. He is an author of the books “INTERPRETING CONTEMPORARY INDIA”-HOW TO WIN AT LIFE.

The session was pretty interesting and engaging. The speaker of the session K.Nageshwar Rao sir is an eloquent speaker. Throughout the session he has been narrating his life experiences. His life was quite challenging. He also guided us with many technical aspects and threw light on the importance of science and technology in one’s life. He motivated the youth towards becoming more and more practical. His words-“LIFE IS A CHALLENGE” was so motivational and thought evoking. He says having goals in one’s life helps oneself to know one’s inner strengths and weaknesses. ‘Success’ is what defines a person-was his motto. Setting goals gives you long-term vision and short-term motivation. It focuses your acquisition of knowledge, and helps you to organize your time and your resources so that you can make the most of your life.

He also brought the importance of “Proper Planning” into spotlight. Having a particular strategy in order to achieve one’s GOALS is what that matters. It is very important to be consistent. And in order to stay consistent, one has to be determined. All of those who attended the session felt their mindsets have molded and that positive thinking has developed. Everyone is thankful and grateful for being guided by K.Nageshwar Rao sir.

## BRIEF REPORT ON A TWO-DAY WORKSHOP

A webinar on "VIRTUAL REALITY" was conducted by IEEE CBIT SB and ECE Dept. on 18<sup>th</sup> August 2018. About 60 participants from the institute. The main purpose of this event was to make students understand the evolving concept of Virtual Reality.

At this event, the students were made to understand what virtual reality means, different types of it and how it is to be experienced. Many students believed that this event acted as an eye-opener to them on this whole new concept. This event lasted for around 3 hours. The students were delighted with the event as they come across something different and exciting. The event ended on a higher note, had coordinated and organized the event well.

## **:Report:**

Department of CSE, has conducted a Seminar on Career Options by Times

**Date & Time:** 20-12-2018 , 1 to 4 PM

**Agenda:** Seminar on Career Options by Times

**Speaker Profile: Name :** Mr.Ramnath.K. - Course Director, CAT

### **Presentation:**

During the event Mr.Ramnath.K. addressed that The main content of the seminar was around the job options that the students have after Graduation, how to prepare for MBA and education abroad and the most important was Career Counselling. The students were taught the importance of Planning, Decision Making, Critical Thinking and Time Management. There were a lot of intelligent questions being asked by the students on how to decide what they can be and these questions were answered by our team.

Academic career guidance is one of the most important guidance that students need to nurture their future. The decisions of early student life have a major impact on their career, which is not just restricted to their academics but have an impact on their social, financial, and personal life. Students are considered as the future of a country, and for a prosperous future, students need correct guidance, especially at an early stage of their academics. The correct guidance by an expert career guidance counselor will help the students to understand and choose their career options as per their knowledge, skills, interest, and capability.. Mr.A.Mohan, Asst Prof delivered the vote of thanks. Event enthusiastically hosted by Prof.Y.Ramadevi , HOD,CSE Department. Total 116 third year students participants has joined the session.

# Deep Learning and Algorithms Bootcamp

Hands-on program for developers familiar with the basics of deep learning

## About

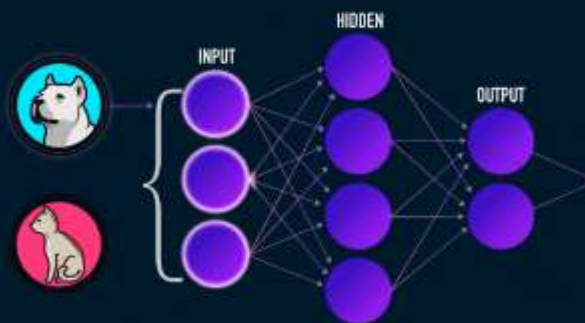

In recent years, Deep Learning has created a broad impact in the field of computer science. It has the potential to transform every industry and change our world. It is essential for every individual to understand how this transformation is being progressed every day. We need millions of AI engineers from all walks of life to build, test and deploy new Artificial Intelligent Systems. This two-day boot camp on deep learning is essential for all the Engineers looking forward to elevating their career by working in Artificial Intelligence from scratch.

## What will I learn?

- Introduction to Computer Programming - An Algorithmic Perspective.
- Algorithms under the hood.
- Cracking the Coding Interview.
- Mathematical connoisseur and a travel to Machine Learning Algorithms.
- Intro to AI, ML and Deep Learning - An Orbital Perspective.
- Python as a lingua franca for Machine Learning.
- Collecting, cleaning, labelling and augmenting your dataset.
- Performing error analysis to improve your models.
- Review of Advance Research Papers in recent years.

## What can I expect?

- Hands-on experience in designing, building, and deploying end-to-end Deep Learning solutions through curated content and instructor-led workshops.
- Everyone who completes the boot camp will be awarded a certificate of completion and join the AI Bootcamp community.

Getting a prediction on a network. Image from [academichandimaa.com](http://academichandimaa.com)

## Who should apply for the boot camp?

- Passionate engineers who want to learn about AI from Scratch.
- If you are currently a student, we will prioritise those who are close to their graduation.
- Basic Knowledge in programming languages C/C++/Python.

## Bootcamp schedule

Septemeber 19<sup>th</sup> and 20<sup>th</sup>

### Day 1 - 19<sup>th</sup>

09:00 AM to 09:45 AM Registrations

10:00 AM to 10:15 AM Inaugural

 Chaitanya Bharathi Institute of Technology (A)  
 Gandipet, Hyderabad-500 075.(T.S.)

## **:Report:**

Department of CSE, has conducted a Guest Lecture on Introduction to Data Science and Data Visualization

**Date & Time:** "09-03-2018 & 10-03-2018", 1 to 4 PM

**Agenda:** Guest Lecture on Introduction to Data Science and Data Visualization

**Speaker Profile: Name :** Vihar Kurama,Samhitha Alla,Revanth Vedala, Caravel

### **Presentation:**

During the event Mr. Mr. Vihar Kurama addressed that Data visualization may be described as graphically representing data. It is the act of translating data into a visual context, which can be done using charts, plots, animations, infographics, etc. The idea behind it is to make it easier for us (humans) to identify trends, outliers, and patterns in data. Data professionals regularly leverage data visualizations to summarize key insights from data and relay that information back to the appropriate stakeholders.

For example, a data professional may create data visualizations for management personnel, who then leverage those visualizations to project the organizational structure. Another example is when data scientists use visualizations to uncover the underlying structure of the data to provide them with a better understanding of their data. Data scientists are required to have a good understanding of the data they use. Data visualization makes it possible for data scientists to bring out the most informative aspects of their data, making it quick and easy for them (and others) to grasp what is happening in the data. For example, identifying trends in a dataset represented in a table format is much more complicated than seeing it visually. We will talk more about this in the common graphs used for data visualization section. Mr.A.Mohan, Asst Prof delivered the vote of thanks. Event enthusiastically hosted by Prof.Y.Ramadevi , HOD,CSE Department. Total 170 second year students participants has joined the session.

Workshop on 9/3/18 & 10/3/18 Calicut AP  
 Introduction to <sup>Summer</sup> Data science 9:30 to 11:40  
 and Visualization - Vihar, Samhitha, Revana

**Chaitanya Bharathi Institute Of Technology (A)**

**Department of Civil Engineering**

Date : 23/08/2017

**CIRCULAR**

All the BE students of Civil Engineering Department are hereby instructed to attend the Guest Lecture by Sri C Sreenivasan Executive Vice President HR, KMV Projects Ltd on the topic "Infra Big Picture Opportunities Galore" on 24<sup>th</sup> August 2017 at 11:30 AM in the Assembly Hall

**PROFESSOR & HEAD**  
Department of Civil Engineering  
Chaitanya Bharathi Institute of Technology  
GANDIPET, HYDERABAD-5000 075

**Chaitanya Bharathi Institute Of Technology (A)  
Civil Engineering Department**

**Report on**

**"Infra Big Picture Opportunities Galore" by Mr C Sreenivasan, Executive Vice President HR,  
KMV Projects Ltd on 24<sup>th</sup> August 2017.**

In the lecture, Mr. C. Sreenivasan underlined the need for comprehensive transparency on the incentives for the private sector to generate income. The involvement of the private sector in a PPP project should not only be considered as a means of attracting investor capital. Risks ought to be fairly allocated, and it ought to be more of a partnership. Regarding metro projects in India, he made note of the importance of ridership, real estate development, cost of financing, and construction period as significant viability factors. Integration of a city's master plan and transportation plan is increasingly important. He also discussed the idea of "Land Capture Value" and how land value increases brought on by higher usage should be taken into account for incremental tax adjustments so that investors receive the proper rewards. He also made the point that greater transparency and freedom regarding ticket prices would encourage more private sector investment in metro projects in India.

### Report - Pep talk on 'The key role & Importance of entrepreneurship for a successful career in the present era'

Entrepreneurship Development Cell (EDC), CBIT, is a student coordinated club supervised by experienced faculty members. The club helps the students to know about entrepreneurship and have an idea about startups.

As part of this, a Pep talk on 'The key role & Importance of entrepreneurship for a successful career in the present era'. Dr. Nikhil Chadwani, Cofounder of The Walnut School of Ideas, USA was the guest speaker.

A Pep talk on 'The key role & Importance of entrepreneurship for a successful career in the present era' by Dr. Nikhil Chadwani on 26.07.2017.

About 50 students had participated in the event.

No. CBIT/Admn./216/2017

CIRCULAR

Dt.25.07.2017

Entrepreneurship Development Cell of CBIT is conducting a Workshop on "The Key role and importance of Entrepreneurship for a successful career in the present era" by Dr. Nikhil Chandwani on 26.07.2017 from 2.00p.m. to 4.00p.m. in the Main Seminar Hall of CBIT.

Dr. Nikhil Chadwani was granted a Ph.D. from Whitelake college, the USA for this honor. He is a guest columnist for Entrepreneur Magazine and a TED(x) Speaker. He is a regular Visiting Professor for IIM-Nagpur, VESIT Mumbai and Vellore Institute of Technology- Tamil Nadu. He is currently the Co-Founder of The Walnut School of Ideas which is building towards a Pan-India Creative Development Education Forum with 3.8M USD market value.

All the interested 2/4, 3/4 & 4/4 of BE / B. Tech. students are advised to attend the said workshop. For further information in this regard, contact Dr. P. Prabhakar Reddy, Prof., Dept. of Mech. Engg. on his mobile 9885468253 and Ms. V. Sandhya, Asst. Prof., Dept. of Mech. Engg. on her mobile : 9701540189.

# **CHAITANYA BHARATHI INSTITUTE OF TECHNOLOGY(A)**

## **Seminar report**

### **DEPARTMENT OF MECHANICAL ENGINEERING**

Entrepreneurship Development Cell (EDC), CBIT, is a student coordinated club supervised by experienced faculty members. The motto of the club is Entrepreneur 'rising' ideas. The club has a vision to pave a path towards 'Entrepreneurial India'.

As part of this, a Seminar on Manufacturing, Supply Chains - Trends and Research Scope was conducted on 09-01-2018. The speaker was Prof Nagendra Nagarur, Industrial Engineering from Binghamton University. He has enlightened students about the recent trends and the future scope in Manufacturing and Supply Chain Management. 137 under graduate and post graduate students had participated in the programme.

CIRCULAR

Entrepreneurship Development Cell (EDC) of CBIT is organising a Seminar on "Manufacturing, Supply Chains - Trends and Research Scope" & "Scope for Graduate studies & Research studies at Binghamton University" on 09.01.2018 at 11.30a.m. in the Main Seminar Hall for all the UG & PG students. Sri Nagendra Nagarur, Professor of Industrial Engineering, Binghamton University, is the Guest Speaker for this session. Hence, all the interested students are advised to attend the said programme. For further information in this regard, contact Dr. P. Prabhakar Reddy, Prof., Dept. of Mech. Engg. on his mobile 9885468253 and Ms. V. Sandhya, Asst. Prof., Dept. of Mech. Engg. on her mobile : 9701540189.

6/1/18  
PRINCIPAL

To  
All the Heads of the Departments for information & with a request to arrange for circulation among the UG & PG students under their control.  
All Deans, AO, Co-ordinator-IQAC, COE & I/C-AEC for information.  
Circulation to all the students.

Preparation for GATE-2018 & Career Guidance

Lecture delivered by : Mr. Harish Chaduvula

AssoC. Academics, TIME-Hyderabad

Target Audience : MT 3/4 BE - EEE - 2 Students

Duration of lecture : 3:15 - 4:00 PM.

### Key Points Discussed :

- > Importance of Writing Gate exam after B.E course
- > Preparation Guidance for Gate - 2018.
- > Opportunities for B.E graduates in different Institutions.
- > Achievements of TIME in Previous Gate examinations.
- > Career Guidance for the students.
- > GATE examination paper and important subjects to be Prepared for the same.
- > Interaction with students on above Topics.

# **CHAITANYA BHARATHI INSTITUTE OF TECHNOLOGY(A)**

## **Awareness Programme on “ National Entrepreneurship Network” report**

### **DEPARTMENT OF MECHANICAL ENGINEERING**

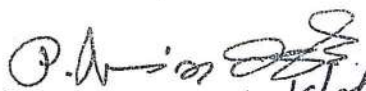

Entrepreneurship Development Cell (EDC), CBIT, is a student coordinated club supervised by experienced faculty members. The motto of the club is Entrepreneur 'rising' ideas. The club has a vision to pave a path towards 'Entrepreneurial India'.

As part of this an entrepreneurship awareness programme on “National Entrepreneurship Network” was conducted on 17-08-2017 at 1:00pm. The speaker was Mr. Vikram Mishra. He has enlightened students about entrepreneurship and its impact on the society. Around 140 students from II and III year had participated in the programme.

CHAITANYA BHARATHI INSTITUTE OF TECHNOLOGY (A), HYDERABAD-75  
No. CBIT/Admn./297/2017 Dt.16.08.2017

CIRCULAR

Entrepreneurship Development Cell (EDC) of CBIT is organising an awareness programme on "National Entrepreneurship Network" on 17.08.2017 at 1.00p.m. in the Main Seminar Hall for 2/4 and 3/4 BE / B. Tech. students. Hence, all the interested students of 2/4 & 3/4 BE / B. Tech. are advised to attend the said programme. For further information in this regard, contact Dr. P. Prabhakar Reddy, Prof., Dept. of Mech. Engg. on his mobile 9885468253 and Ms. V. Sandhya, Asst. Prof., Dept. of Mech. Engg. on her mobile : 9701540189.

  
PRINCIPAL 16/8/2017

To  
All the Heads of the Departments for information & with a request to arrange for circulation among the 2/4 & 3/4 BE / B. Tech. students under their control.  
All Deans, AO, Co-ordinator-IQAC, COE & I/C-AEC for information.

Circulation in all the class rooms.

## **Tech Fest report**

### **DEPARTMENT OF MECHANICAL ENGINEERING**

The Tech Fest is an initiative of E A EngineersHub. It is one of the fastest growing Tech & Career Conference for students in India and has about 2600 participants from various states in its first edition. Chaitanya Teja - Entrepreneurship development Cell partnered with E A EngineersHub to conduct TheTech Fest .CBIT club EDC students who were a part of TheTech Fest, were holding Internship with EngineersHub and had presented some competitions for the event.

The Tech Fest 2017 which was conducted on September 17th and 18<sup>th</sup>, 2017 at JNTU, Hyderabad had 4000+ students from across various parts of India as participants in the event.

20 Students from the club worked for TheTech Fest and had publicized the event.

### SUDHEE 2017 MECHANICA 2017

#### About Mechanica

- MECHANICA is the 2-day National Level Technical Fest of Department of Mechanical Engineering organised as a part of SUDHEE'17, the Technical Fest of CBIT. Mechanica has organised 08 events during the academic year 2017-18. The fest was conducted on **28<sup>th</sup> & 29<sup>th</sup> September, 2017**. We had around 400+ participants.

#### Support from College

The college management, Principal, Head of the Department and SUDHEE Core Committee have encouraged, supported and guided us through out this venture.

#### Faculty Coordinators

Dr. S Solomon Raj (Assistant Professor, MED)  
Sri. P. Kiran Kumar (Assistant Professor, MED)

#### Student Coordinators

Pranitha, Mohan and Dinesh.

- Date of Event: **28<sup>th</sup> & 29<sup>th</sup> September, 2017**

**Sub: - One Day Seminar on "Advances in Animal Biotechnology" on 04-9-2018-Reg.**

Sir,

I am please to inform that Department of Biotechnology is organizing One Day Seminar on "Advances in Animal Biotechnology". In this regard we requested to provide the N-Block seminar hall for conducting one day seminar on 04-9-2018 from 10:30 AM to 3:30 PM. Target audience for the seminar is Sem III , Sem V & IV/IV Sem-I.

**Thanking you,**

**Yours sincerely**

CIRCULAR

This is inform to the all staff members we arranged the one day seminar on "Advances in Bioinformatics" on 03-10-2018 from 2:00 PM to 3:00 PM in the M-205 for V Semester & 4/4 Sem I students .

Speaker Details:

Dr.Sarwar Azam, Scientist: B, National Institute of Animal Biotechnology.

Staff Members

- 1. Mr. C. Obula Reddy
- 2. Dr. V. Aruna *V Aruna 1/10/2018*
- 3. Dr. G.Vijaya Laxmi *GVLaxmi 1/10*
- 4. Dr. V.Parvati Sai Arun P *Parvati 1/10*
- 5. Ms.Y.Vineetha *Vineetha 1/10*
- 6. Mrs.A.Shalini *Shalini 1/10*
- 7. Mrs.A.Priyanka *A.Priy 1/10/18*

# PCB Workshop

An IEEE-CBIT event

CBIT- Hyderabad. Date: 10-03-18

---

IEEE- CBIT student branch conducted many events on upcoming technologies and basic engineering concepts as well. From this event, students procured knowledge on designing, dumping and manufacturing a printed circuit board.

Entire event took place in a vibrant seminar hall under the guidance of qualified and eminent speakers Mr. Mohan Reddy and Mr. Raghava Reddy.

PCB workshop constitutes three basic motives

1. To introduce the concept of a printed circuit board.
2. To aid them on basic instructions to design a circuit in a 'Eagle software'
3. To explain the physical layout of a PCB by practically giving them the boards to dump their design.

A total of 75 students attended the event with all their interest. All the students were provided with eagle software in their personal laptops. After the workshop, each and every student is given a certificate of appreciation for participating in the event.

## **:Report:**

Department of CSE, has conducted a Guest Lecture on Digital Business: Opportunities and Challenges

**Date & Time:** 16-02-2018, 3 to 4 PM

**Agenda:** Guest Lecture on Digital Business: Opportunities and Challenges

**Speaker Profile: Name :** Professor Keiichi Nakata, Henley

### **Presentation:**

Digital transformation is in full swing, and companies are doing their best either to stay one step ahead, or at least to keep up with the crowd. What are some of the biggest challenges and opportunities in digital business today?

#### Challenges

1. Meeting expectations of customers in the digital age: The mobile, always-on generation expects very different experiences from companies and organisations, including public administration. According to a recent Harris Poll, 82% of US corporate executives said that customers' expectations of their company were "somewhat" (47%) or "much" (35%) higher than they were three years ago. Nobody wants to wait in line for services anymore. Instead, they want to be able to arrange their whole lives online.

2. Finding and keeping the people who can digitally transform a company: Somebody needs to build all these great user experiences that make the difference to customers' lives. But finding and keeping these people will become increasingly difficult. Designing customer interactions is as much an art as it is a skill. The best people will naturally be drawn to companies that do interesting, cutting edge stuff. That means that companies that want digital success need to become technology companies. As Marc Andreessen said in 2011: "Software is eating the world." Well, right then it was just having a snack. Now it's a banquet.

3. Managing the omni-channel reality: You cannot fight fragmentation with fragmentation. Consumer side, the fragmentation is nothing you can change: on the contrary, it will only get worse. New devices, IoT, in-car entertainment, the Apple watch, wifi on airplanes... all add together to make a fragmentation of channels. That means that companies need to standardise on the inside with a digital business platform, so they can keep track of what is happening across all these channels. But today the reality is that many companies have fragmented systems inhouse, instead of a single platform to rule them all.

4. Big data: Big data is presenting companies with new opportunities to learn more about their customers, enabling them not only to personalise products and services, but also to change their product development process to reflect what people really want. However, companies are still struggling with getting consumer confidence on this issue, as many

consumers are turned off by hyper-personalized offers that seem to invade their personal space.. Ms.I.Srujana, Asst Prof delivered the vote of thanks. Event enthusiastically hosted by Prof.Y.Ramadevi , HOD,CSE Department. Total 114 second year students participants has joined the session.

Resource Person: Prof. Keidchi Natata, Professor of Social Informatics  
 Head of Business Informatics, Systems and Accounting  
 Director of Informatics Research Centre  
 Henley Business School, Univ. of Reading, U.K.

Date: 16.02.2018

## **Report on - One day workshop on “Jobs Vs Higher Studies Vs Entrepreneurship”**

### **DEPARTMENT OF MECHANICAL ENGINEERING**

Entrepreneurship Development Cell (EDC), CBIT, is a student coordinated club supervised by experienced faculty members. The motto of the entrepreneurship club is start up ideas. The club has a vision to pave a path towards ‘Entrepreneurial India’.

As part of this, a one day workshop on “Jobs Vs Higher Studies Vs Entrepreneurship” was conducted on 17-01-2018. In this programme following were the speakers:

- a) Sri A Vamsi Krishna FIXU
- b) Ms Sindhura Bora, Founder, Clense High
- c) A digital Marketing Expert from Facebook India
- d) Sr Praveen Dorna, Co Founder, Startup Byte
- e) Sri Prathan Kaudap, Co Founder & CEO, Wissenarie

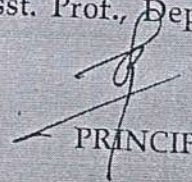

164 students had participated in the event.

CIRCULAR

Entrepreneurship Development Cell (EDC) of CBIT is organising a one day Workshop on "Jobs Vs. Higher Studies Vs. Entrepreneurship" on 17.01.2018 from 10.00a.m. onwards in the Main Seminar Hall for all the UG & PG students. The following are the eminent speakers for the said Workshop.

- a. Sri A. Vamshi Krishna, Founder, FIXU.
- b. Ms. Sindhura Bora, Founder, Clense High.
- c. A Digital Marketing Expert from Face Book India.
- d. Sri Praveen Dorna, Co-Founder, Startup Byte.
- e. Sri Prathan Kaudap, Co-Founder & CEO, Wissenarie.

Hence, all the interested students are advised to attend the said programme. For further information in this regard, contact Dr. P. Prabhakar Reddy, Prof., Dept. of Mech. Engg. on his mobile 9885468253 and Ms. V. Sandhya, Asst. Prof., Dept. of Mech. Engg. on her mobile : 9701540189.

  
PRINCIPAL

Scanned with CamScanner

To All the Heads of the Departments for information & with a request to arrange for circulation among the UG & PG students under their control.

## **Seminar report**

### **DEPARTMENT OF MECHANICAL ENGINEERING**

Entrepreneurship Development Cell (EDC), CBIT, is a student coordinated club supervised by experienced faculty members. The motto of the club is Entrepreneur 'rising' ideas. The club has a vision to pave a path towards 'Entrepreneurial India'.

As part of this, a Seminar on Manufacturing, Supply Chains - Trends and Research Scope was conducted on 09-01-2018. The speaker was Prof Nagendra Nagarur, Industrial Engineering from Binghamton University. He has enlightened students about the recent trends and the future scope in Manufacturing and Supply Chain Management. 137 under graduate and post graduate students had participated in the programme.

CIRCULAR

Entrepreneurship Development Cell (EDC) of CBIT is organising a Seminar on "Manufacturing, Supply Chains - Trends and Research Scope" & "Scope for Graduate studies & Research studies at Binghamton University" on 09.01.2018 at 11.30a.m. in the Main Seminar Hall for all the UG & PG students. Sri Nagendra Nagarur, Professor of Industrial Engineering, Binghamton University, is the Guest Speaker for this session. Hence, all the interested students are advised to attend the said programme. For further information in this regard, contact Dr. P. Prabhakar Reddy, Prof., Dept. of Mech. Engg. on his mobile 9885468253 and Ms. V. Sandhya, Asst. Prof., Dept. of Mech. Engg. on her mobile : 9701540189.

6/1/18  
PRINCIPAL

To  
All the Heads of the Departments for information & with a request to arrange for circulation among the UG & PG students under their control.  
All Deans, AO, Co-ordinator-IQAC, COE & I/C-AEC for information.  
Circulation to all the students.

## **:Report:**

Department of CSE, has conducted a Guest Lecture on Artificial Intelligence

**Date & Time:** 02-08-2018, 3 to 4 PM

**Agenda:** Guest Lecture on Artificial Intelligence

**Speaker Profile: Name :** Mr.Siddarth Agarwal

### **Presentation:**

During the event Mr.Siddarth Agarwal addressed that However, decades before this definition, the artificial intelligence conversation began with Alan Turing's 1950 work "Computing Machinery and Intelligence" (PDF, 89.8 KB) (link resides outside of IBM). In this paper, Turing, often referred to as the "father of computer science", asks the following question: "Can machines think?" From there, he offers a test, now famously known as the "Turing Test", where a human interrogator would try to distinguish between a computer and human text response. While this test has undergone much scrutiny since its publication, it remains an important part of the history of AI.

AI today includes the sub-fields of machine learning and deep learning, which are frequently mentioned in conjunction with artificial intelligence. These disciplines are comprised of AI algorithms that typically make predictions or classifications based on input data. Machine learning has improved the quality of some expert systems, and made it easier to create them.

Today, AI plays an often invisible role in everyday life, powering search engines, product recommendations, and speech recognition systems.

There is a lot of hype about AI development, which is to be expected of any emerging technology. As noted in Gartner's hype cycle (link resides outside IBM), product innovations like self-driving cars and personal assistants follow "a typical progression of innovation, from overenthusiasm through a period of disillusionment to an eventual understanding of the innovation's relevance and role in a market or domain." As Lex Fridman notes (01:08:15) (link resides outside IBM) in his 2019 MIT lecture, we are at the peak of inflated expectations, approaching the trough of disillusionment. . Mr.A.Mohan, Asst Prof delivered the vote of thanks. Event enthusiastically hosted by Prof.Y.Ramadevi , HOD,CSE Department. Total 151 third year students participants has joined the session.

Speaker: Siddhanta Agamwal  
Topic: Artificial Intelligence

## **:Report:**

Department of CSE, has conducted a Guest Lecture on Artificial Intelligence

**Date & Time:** 02-08-2018, 3 to 4 PM

**Agenda:** Guest Lecture on Artificial Intelligence

**Speaker Profile: Name :** Mr.Siddarth Agarwal

### **Presentation:**

During the event Mr.Siddarth Agarwal addressed that However, decades before this definition, the artificial intelligence conversation began with Alan Turing's 1950 work "Computing Machinery and Intelligence" (PDF, 89.8 KB) (link resides outside of IBM). In this paper, Turing, often referred to as the "father of computer science", asks the following question: "Can machines think?" From there, he offers a test, now famously known as the "Turing Test", where a human interrogator would try to distinguish between a computer and human text response. While this test has undergone much scrutiny since its publication, it remains an important part of the history of AI.

AI today includes the sub-fields of machine learning and deep learning, which are frequently mentioned in conjunction with artificial intelligence. These disciplines are comprised of AI algorithms that typically make predictions or classifications based on input data. Machine learning has improved the quality of some expert systems, and made it easier to create them.

Today, AI plays an often invisible role in everyday life, powering search engines, product recommendations, and speech recognition systems.

There is a lot of hype about AI development, which is to be expected of any emerging technology. As noted in Gartner's hype cycle (link resides outside IBM), product innovations like self-driving cars and personal assistants follow "a typical progression of innovation, from overenthusiasm through a period of disillusionment to an eventual understanding of the innovation's relevance and role in a market or domain." As Lex Fridman notes (01:08:15) (link resides outside IBM) in his 2019 MIT lecture, we are at the peak of inflated expectations, approaching the trough of disillusionment. . Mr.A.Mohan, Asst Prof delivered the vote of thanks. Event enthusiastically hosted by Prof.Y.Ramadevi , HOD,CSE Department. Total 151 third year students participants has joined the session.

Speaker: Siddhanta Agamwal  
Topic: Artificial Intelligence

## **:Report:**

Department of CSE, has conducted a Web Design Workshop

**Date & Time:** 04-08-2017, 3 to 4 PM

**Agenda:** Web Design Workshop

**Speaker Profile: Name :** Mr. Vihar Kurama, Harshavardhan Rao, Rohith Singirikonda

### **Presentation:**

During the event Mr. Mr. Vihar Kurama addressed that Web design refers to the design of websites that are displayed on the internet. It usually refers to the user experience aspects of website development rather than software development. Web design used to be focused on designing websites for desktop browsers; however, since the mid-2010s, design for mobile and tablet browsers has become ever-increasingly important.

A web designer works on the appearance, layout, and, in some cases, content of a website. Appearance, for instance, relates to the colors, font, and images used. Layout refers to how information is structured and categorized. A good web design is easy to use, aesthetically pleasing, and suits the user group and brand of the website. Many webpages are designed with a focus on simplicity, so that no extraneous information and functionality that might distract or confuse users appears. As the keystone of a web designer's output is a site that wins and fosters the trust of the target audience, removing as many potential points of user frustration as possible is a critical consideration.

Two of the most common methods for designing websites that work well both on desktop and mobile are responsive and adaptive design. In responsive design, content moves dynamically depending on screen size; in adaptive design, the website content is fixed in layout sizes that match common screen sizes. Preserving a layout that is as consistent as possible between devices is crucial to maintaining user trust and engagement. As responsive design can present difficulties in this regard, designers must be careful in relinquishing control of how their work will appear. If they are responsible for the content as well, while they may need to broaden their skillset, they will enjoy having the advantage of full control of the finished product. Mr.B.Sateesg, Asst Prof delivered the vote of thanks. Event enthusiastically hosted by Prof.Y.Ramadevi , HOD,CSE Department. Total 70 third year students participants has joined the session.

Topic: Web Design Workshop.

Speaker: Vihar (cs-3/4), Harsha (cs-3/4) & Rohith (cs-3/4)

## **:Report:**

Department of CSE, has conducted a Guest Lecture on Github, Git and Agile Technology

**Date & Time:** 04-08-2017, 3 to 4 PM

**Agenda:** Guest Lecture on Github, Git and Agile Technology

**Speaker Profile: Name :** Vihar Kurama, P. Jithendra

### **Presentation:**

During the event Mr. Mr. Vihar Kurama addressed that Agile development – or simply Agile – is an iterative approach to software development that emphasizes flexibility, interactivity, and a high level of transparency.

Agile projects involve the frequent release of usable code, continuous testing (quality), and acceptance that whatever you think you know now, it'll change (reality!). With a few tweaks and some basic understanding of best practices, you can turn GitHub into a powerful Agile platform...and reap the sweet, sweet benefits of the GitHub data your team is already creating. GitHub reinvented what it means to collaborate on code. They championed a new era of open source development, which naturally transitioned into a profitable business driven from the ground up by developers who love the platform.

If something has code, there's a good chance it was developed or refined on GitHub. It's where the world's top software teams write, collaborate on, and ship amazing products. As GitHub took over the development world, project management companies rushed to integrate with it in an attempt to bridge management and development teams. But every solution shared the same problem.

They all "live" outside GitHub, forcing developers to jump from tool to tool to update tasks, tickets, and reports. The result is "context switching", and it's much more costly than we expect. What people need is project management for GitHub, rather than a multitude of different tools in a million different places. Mr.A.Mohan, Asst Prof delivered the vote of thanks. Event enthusiastically hosted by Prof.Y.Ramadevi , HOD,CSE Department. Total 70 third year students participants has joined the session.

Topic Name: Git hub, SFT and AGILE TECH. DATE: 25-07-17

Speaker: Vihar K, P Jitendra, Himanshu k (host) 5

BYJU'S  
LEARN

Topic : Career of  
Lecture delivered by : V.V.K. Rao.V.

Target audience : BE-3/4 & EE-D2 students.  
Duration of lecture : 10.30 to.

Key points discussed :

1. Career guidance for Engg. graduates.
2. Higher studies better from abroad.
3. Master's in management is for experienced people.
4. MIM offers management course to freshers.
5. MIM is masters in management. MIM is only for freshers.
6. YLP (Young leaders program) offered by ICB under MIM.
7. Masters in Big data analysis is the course which is ✓  
Techno managerial course (masters)
8. Importance of GRE. How to prepare.
9. Competition scenario in CAT & GATE.
10. Importance of extra curricular activities

Topic: DATA SCIENCE

Lecture delivered by: P. MALLIKHARJUNA RAO.

Target Audience: B.E Students & P.G. Students

Duration of Lecture: 2:00 - 4:00pm.

Keypoints Discussed:

- Current Trends and Digital Innovations
- What is Data Science
- Who is Data Scientist & skills required
- Relation between Artificial Intelligence (AI), Machine Learning (ML) and Deep learning (DL)
- Data Science Forecast.
- Data Science Journey in Indian Industry.
- Analytics & Jobs Study
- DS Life Cycle.
- DS Roadmap.
- Types of Data.
- Machine/Deep learning Algorithms.
- Big Data Picture & Warehouse.
- Data Sources.

— By M Mallikharjuna Rao 11/10/17

P. Mallikharjuna Rao.

Masters in Statistics,

12 yrs of Experience in

IT Industry.
