## **BRIEF REPORT ON A ONE-DAY SEMINAR**

A webinar on "Spectrum talk-4: Hardware Security" was conducted by IEEE CBIT SB and ECE Dept. on 5<sup>th</sup> March 2019. About 20 participants from the institute. The purpose of these talks was to make students understand the basics of various technical topics.

Ms.Anjana Bytha, Himamsu M. The session was focused on the importance of Hardware Security in the present-day scenario. He aimed to explore the different ways in which hardware security is achieved. The students understood all the concepts and were hopeful of having more sessions with the speaker. The entire process and the pros and cons were discussed, making the session very fruitful and successful.

## BRIEF REPORT ON A ONE-DAY SEMINAR

A webinar on "Spectrum talk-2: Web Technologies" was conducted by IEEE CBIT SB and ECE Dept. on 11<sup>th</sup> Feb 2019. About 20 students participated from the institute. The purpose of these talks was to make students understand the basics of various technical topics. The entire process and the pros and cons were discussed, making the session very fruitful and successful.

The second talk was on the topic Web Technologies and it took place on February 11<sup>th</sup>. It was delivered by Satish T. The session was focused on covering all the basics required to create and display a website. It was quite informative and the primary focus was on teaching the basics of HTML, CSS and JAVA SCRIPT. And those students who attended were quite happy for knowing the basics to build a website on one's own.

## BRIEF REPORT ON A ONE-DAY SEMINAR

On 5th February 2019, a seminar entitled “Artificial Intelligence /Internet of Things” organized by the department of ECE in association with redpine signals. About 120 students from ECE have attended the seminar. Mr. Govardhan Mattela and Mr. Devanjan Sikdar are the speakers for this program.

To enable us with the latest industry knowledge in AI, IoT, and Edge Intelligence, Redpine Signals has the design of AI and IoT Innovation Lab. The lab can be used by students to learn Artificial Intelligence, Machine Learning, Internet of Things from both software and hardware point of view. The lab aims to introduce students to the latest industry trends in the area. The purpose of the workshop was to bring together the industry and the institute collaboration to establish a new laboratory on artificial intelligence and internet of things.

## BRIEF REPORT ON A ONE-DAY SEMINAR

A webinar on " Spectrum talk-1: Machine Learning " was conducted by IEEE CBIT SB and ECE Dept. on 4<sup>th</sup> Feb 2019. About 50 students participated from the institute. The purpose of these talks was to make students understand the basics of various technical topics. The entire process and the pros and cons were discussed, making the session very fruitful and successful.

The first talk was on the topic of Machine Learning, and It was delivered by Mr. Srinivas G. The speaker tried to cover all the basics required to understand Machine Learning and gave a brief introduction to Deep Learning. The speaker was very open to questions that the students had and were very good at clarifying them.

## BRIEF REPORT ON A ONE-DAY SEMINAR

On 30<sup>th</sup> August 2019, a seminar entitled “**Wireless Channel Modelling of Drone-Ground links**” organized by the Research and Development Centre and Department of Electronics and Communication Engineering. About 117 UG as well as PG students and staff from ECE, CSE, IT and EEE, have attended the seminar. **Prof. K V S Hari , Dept. of ECE, IISc, Bangalore** is the speaker for this program.

In this talk, the challenges of developing a communication system for drone-to-ground links is discussed first. Experiments being carried out at IISc to model the wireless channels for such links was briefed. The channel measurement system design and data collection methodology were presented. Preliminary channel models based on these measurements were discussed.

## **:Report:**

Department of CSE, has conducted a Guest Lecture on Internship awareness program by mentor min

**Date & Time:** 05-03-2020, 3 to 4 PM

**Agenda:** Guest Lecture on Internship awareness program by mentor min

**Speaker Profile: Name :** Clinton Rajeev

### **Presentation:**

During the event Clinton Rajeev addressed that Over an hour of the 800,000 graduates that India produces annually stay unemployed, the All India Council for Technical Education (AICTE), the apex body for technical education in an Asian country, says. So, to form them a lot of employable, colleges across the country will presently ought to ensure that undergraduate students complete three internships lasting between four and eight weeks each throughout the course of their programme. Currently, but a hundred and twenty-fifths participate in internships. "The responsibility will be on the institution for helping the students in finding suitable industry or organization for the internship,"

Through this program, unemployed graduates who are unable to seek out the appropriate jobs will apply for internships with pre-placement offers matching their necessities. After the internship, the graduate features a probability to land employment within the same company.

"Internships will make the students industry-ready before they step out of college," council chairperson Anil Sahasrabudhe said. This is where internships are available. There are several advantages of doing an internship during your college days, for it not solely provides exposure to each build and develops skilled connections however additionally provides a sensible perspective on refinement your career goals. On the opposite hand, internships play a significant role in giving an entire active expertise with an approach that nurtures the students to develop a bigger understanding of their own strengths and weaknesses. Dr.K.Sagar, Assoc Prof delivered the vote of thanks. Event enthusiastically hosted by Prof.Y.Ramadevi , HOD,CSE Department. Total 161 three year students participants has joined the session.

## **:Report:**

Department of CSE, has conducted a Guest Lecture on Digital Business: Opportunities and Challenges

**Date & Time:** 16-02-2018, 3 to 4 PM

**Agenda:** Guest Lecture on Digital Business: Opportunities and Challenges

**Speaker Profile: Name :** Professor Keiichi Nakata, Henley

### **Presentation:**

Digital transformation is in full swing, and companies are doing their best either to stay one step ahead, or at least to keep up with the crowd. What are some of the biggest challenges and opportunities in digital business today?

#### Challenges

1. Meeting expectations of customers in the digital age: The mobile, always-on generation expects very different experiences from companies and organisations, including public administration. According to a recent Harris Poll, 82% of US corporate executives said that customers' expectations of their company were "somewhat" (47%) or "much" (35%) higher than they were three years ago. Nobody wants to wait in line for services anymore. Instead, they want to be able to arrange their whole lives online.

2. Finding and keeping the people who can digitally transform a company: Somebody needs to build all these great user experiences that make the difference to customers' lives. But finding and keeping these people will become increasingly difficult. Designing customer interactions is as much an art as it is a skill. The best people will naturally be drawn to companies that do interesting, cutting edge stuff. That means that companies that want digital success need to become technology companies. As Marc Andreessen said in 2011: "Software is eating the world." Well, right then it was just having a snack. Now it's a banquet.

3. Managing the omni-channel reality: You cannot fight fragmentation with fragmentation. Consumer side, the fragmentation is nothing you can change: on the contrary, it will only get worse. New devices, IoT, in-car entertainment, the Apple watch, wifi on airplanes... all add together to make a fragmentation of channels. That means that companies need to standardise on the inside with a digital business platform, so they can keep track of what is happening across all these channels. But today the reality is that many companies have fragmented systems inhouse, instead of a single platform to rule them all.

4. Big data: Big data is presenting companies with new opportunities to learn more about their customers, enabling them not only to personalise products and services, but also to change their product development process to reflect what people really want. However, companies are still struggling with getting consumer confidence on this issue, as many

consumers are turned off by hyper-personalized offers that seem to invade their personal space.. Ms.I.Srujana, Asst Prof delivered the vote of thanks. Event enthusiastically hosted by Prof.Y.Ramadevi , HOD,CSE Department. Total 114 second year students participants has joined the session.

## Guidelines for format of abstract

The abstract should be pasted in the space provided in the registration form. Abstract should essentially contain the following:

- 1) Title of the presentation
- 2) Full names of all the authors with their highest academic degree (The name of the presenting author should be underlined), and email address.
- 3) Designation and Affiliation of all the authors.
- 4) A brief write-up (not more than 250 words) of their presentation.
- 5) 3-5 Keywords

Submit abstracts for Paper and Poster Presentations:

## Manipal Institute Of Technology

Manipal Institute of Technology (MIT) was established in 1957 as one of the first self-financing engineering colleges and is recognized as one of the top private engineering institutions in India. In 2000, it became a constituent institute of the deemed university Manipal Academy of Higher Education (MAHE). MIT is offering the undergraduate and post graduate and Ph.D. programs in engineering with state-of-art class rooms and laboratory facilities. The academic programmes are approved by AICTE and accredited by NBA.

## Department Of Biotechnology

The Department of Biotechnology, MIT, Manipal was founded in the year 2005. The department has State-of-the-art infrastructure, well defined and updated curriculum, and wide range of electives to encourage interdisciplinary research. The faculty are highly qualified and experienced with research interests in diverse and emerging areas of biotechnology. The department has received up to 1 crore in

## IIEBT

The Institute of Engineers, Biotechnology Chapter (IEBT) is a premier society of Indian engineers from MIT, Manipal, which organizes technical and non-technical activities relating to different aspects of biotechnology. Symbiot is a national level symposium conducted annually by IEBT, Manipal with the aim of providing participants an exposure to a real-life work environment. Every year more than 200 students from all over the country take part in this event.

CIRCULAR

This is here by inform to the all the faculty and B.Tech Biotech 1<sup>st</sup>, 2<sup>nd</sup>, 3<sup>rd</sup> & 4<sup>th</sup> year students that the Department of Biotechnology is organizing a two days National workshop on "Current Trends in Bioinformatics" on 15<sup>th</sup> to 16<sup>th</sup> March, 2019. These two days includes expert lectures by eminent scientists followed by hands on training on different concepts of evolutionary biology and Computational Genomics. Hence you are advised to participate in this event and gain knowledge. For any details contact Dr. PVPS Arun @ 7075111851.

## **About CBIT (Autonomous)**

Chaitanya Bharathi Institute of Technology (A) is one of the premier engineering colleges in the self financing category in Telangana. It has been accredited five times by NBA and two times by NAAC. It is also the first ISO 9001:2008 certified engineering institute in Telangana. The college offers 9 UG and 11 PG programmes. Brilliant and meritorious candidates with top EAMCET ranks seek admission in CBIT. The pass percentage of our college is consistently 95% on an average, out of which, 80% of the students are passing out either in distinction or in first class. More than 75% of the students are being placed in nationally and internationally reputed companies through campus placements. The remaining students pursue higher education or go for jobs in PSU's.

## **About the Department**

The Department of Biotechnology was started in the year 2005 with an intake of 60 seats with AICTE approval. Since, its inception the department has been striving to establish as an excellent academic and research

ambience. Key strengths of the department include 10 qualified full time faculty members from different academic backgrounds, such as Biotechnology, Life sciences, Chemical Engineering etc. The department has full fledged assistance and technological feedback for strengthening the areas of R & D from Osmania University, Hyderabad, UOH, ICRISAT and Dr. Reddy Labs. The focus of the department is presently to train the students in various theoretical and practical aspects of Biotechnology. The department has state art of the laboratory facilities in the fields of Genetic Engineering, Microbiology, Immunology, Bioprocess Engineering, Tissue Culture, Biochemistry, Bioinformatics. In addition to the formal education with an intensive practical exposure, the students are encouraged and guided to conduct and present papers, attend workshops and seminars to get them acquainted with the latest and recent trends in science and technology.

## **About the Workshop:**

This two days Workshop mainly focus on training researchers and

students in Phylogenetics theory and its application and also on Gene expression profiling in Bacteria using *in silico* methods. The major objective of the workshops is to provide hands on experience by the use of datasets available on the world-wide-web and also the data generated in *in-house* and the different software currently available for biologists across India. The workshops cater for researchers that have a basic to advanced background in the field of Phylogenetics and also Analysis of gene expression in Bacteria.

## CBIT Hyderabad

CBIT is a college of repute in the state of Telangana and AP which ranks 1st in the state and 16th in the country in the category of the self-financed engineering colleges. It was started in the year 1979, by Chaitanya Bharathi Educational Society, with the motto of Swayam Tejaswin Bhava. It is accredited by NBA, AICTE and NAAC, New Delhi. It is the first ISO 9001:2008 certified technical institute. The college is an UGC autonomous institute. The college offers 9 UG and 7 PG courses.

In its Four Decades of existence, all the Stake Holders of the Institute, relentlessly endeavored to position CBIT as an Institution that is a Leader and an Innovator in the Ecosystem of Engineering Higher Education.

## Department of Chemical Engineering

Established in 1995, the department has gained reputation in the field of Chemical Engineering education in the state of Telangana and AP. The department is well equipped with undergraduate laboratories and infrastructure. The department conducts National level Conferences & Seminars and In-house workshops to cater to the overall personality, regularly. The department has also inked MOUs (with "Prathishta Biotech" & "Dr. Reddys labs") for training need of students with some of the leading industries. The faculty along with students are actively involved in numerous In-house projects in research areas such as Heat Transfer, Mass Transfer and Environmental Eng. (funding agency: TEQIP and CBIT Institute)

## Workshop Highlights

Aspen Plus is an advanced chemical optimization software used by the bulk, fine, specialty, and biochemical industries, as well as the polymer industry for the design, operation, and optimization of safe, profitable manufacturing facilities.

### Aspen Plus enables users to:

- Optimize processing capacity and operating conditions,
- Improve equipment design and performance,
- Reduce costs and improve product quality,
- Perform economic evaluation to realize savings in the process design.

### Approach

- Instructor-guided demonstrations of features.
- Hands-on sessions.

### Benefits

- Gain the skills and knowledge to design processes.
- Learn detailed design aspects of distillation column and reactors.

## **Study Abroad**

### **DEPARTMENT OF MECHANICAL ENGINEERING**

EDC CBIT in collaboration with Gyan Dhan had arranged a seminar/ discussion on Gyan Dhan for students aspiring to study abroad. Mr Jainesh Sinha from IIT D had motivated the students regarding this. It was a very enlightening session where students came to know about the various prospects abroad.

The following Guest lectures were organized :

- 1.) A guest lecture was delivered by **AbhayEdlabadkar** an Alumni of 1992 batch (production engineering Branch student) on 11 March 2019 on the topic "**Fundamentals of data theft & surveillance on mobile endpoints**". Abhay is founder and CEO of Redmorph, a firm dedicated to providing people the same right to privacy online as they experience in their personal and professional lives. Abhay founded Redmorph in 2014, when he became concerned about children's safety as they navigated the Internet and discovered they were largely unprotected against extensive tracking and malicious activity. The guest lecture was delivered . The programme was attended by about 200 students .
- 2.) A guest lecture was delivered by **VENKATESH YERRAMALLA** . CEO of Confluence Center for Sustainable Development and Director in Kaarya Consulting Services Private Limited and Alumni of 1992 batch for the students of Mechanical and production Engineering on Oct 31<sup>st</sup> October 2019 on the occasion of super annuation of Shri Hari Prasad , Associate professor, MED ,CBIT. The guest lecture was on "Emerging Trends in Manufacturing. About 100 students attended the programme and interacted with the Alumni.

Chaitanya Bharathi Institute of Technology  
(Autonomous)

CBIT, established in 1979, is the premier Engineering College in the self-financing category in united Andhra Pradesh(India) now in state of Telangana. It was started under Chaitanya Bharathi Educational Society (CBES), by fore-sighted philanthropists belonging to various walks of life with a mission to promote quality technical education and give the nation self reliant engineers and entrepreneurs. CBIT is a dream destination for engineering and over the past 34 years it has produced about 18,500 eminent and skillful graduate engineers, who are successful in their careers, serving all over the World. CBIT has been Accredited four times by NBA (AICTE) and also accredited by NAAC - UGC. UGC has granted Autonomous status to this Institute from the academic year 2013-14 onwards. CBIT is also the first ISO 9001-2008 certified Engineering Institution in state of Telangana.

Department of Master of Computer Applications (MCA)

Master Of Computer Application Programme was started in the department of CSE in the year 1991 with an intake of 30 and subsequently increased to 60 in the year 2000. The MCA department has been formed full-fledged since September 2008. The Department has well qualified and experienced faculty with one Professor, four Associate Professors, two Senior Assistant Professors and two Assistant Professors. The department has good infrastructure facilities with full-fledged laboratories. The staff members are deputed to participate in International conferences, Symposia, Workshops and Refresher courses to keep in pace with recent developments in the field of Information Technology.

About the Workshop

The purpose of this one-day workshop is to introduce the participants to fundamentals of software testing, such as category-partitioning, test oracles, test coverage including MC/DC coverage, code instrumentation, unit testing, acceptance testing, user stories, and regression testing. Lectures on these fundamentals are supported by

by hands-on exercises in which participants use unit testing tools to develop a few test cases, instrument the code of the application under test to collect data to be used for code coverage analysis, and execute the tests. The workshop covers advanced topics in test automation as well, including pair-wise testing, AI planning, iterative relaxation event-flow graphs, GUI testing, predicate & heuristic based testing, "daily/nightly" builds and smoke tests, network protocol and web testing, and performance testing. In order to provide a holistic treatment of the topic, the workshop discusses testing broadly within the context of Software Engineering Requirements (UML), Design, Sequence Diagrams, Use Cases, and component-based software engineering.

**DATE OF WORKSHOP : 16/3/2019**

**PLACE : C 203 SEMINAR HALL, CBIT**

The Total number of participants are : 94 (12 Staff members and 82 Students )

Speaker 1 : Mr. I. Surya Prakash, Senior Project Leader, Tech Mahindra - Hyderabad

Speech Content : He said the various Skills required to become a Software Tester. Some of the skills are Analytical skills, Communication skill, Time Management & Organization Skills, GREAT Attitude and Passion

**Technical Skills :** Basic knowledge of Database/ SQL, Basic knowledge of Linux commands, Knowledge and hands-on experience of a Test Management Tool, Knowledge and hands-on experience of any Defect Tracking tool, and Knowledge and hands-on experience of Automation tool.

Speaker 2 : Mr. B. SRIHARI, Project team member, Tech Mahindra - Hyderabad

Speech Content : Selenium is a free (open source) automated testing suite for web applications across different browsers and platforms. It is quite similar to HP Quick Test Pro (QTP now UFT) only that Selenium focuses on automating web-based applications. Testing done using Selenium tool is usually referred as Selenium Testing.

Selenium is not just a single tool but a suite of software's, each catering to different testing needs of an organization. **It has four components.**

- Selenium Integrated Development Environment (IDE)
- Selenium Remote Control (RC)
- WebDriver
- Selenium Grid

REPORT ON STUDENT VISIT TO NRSA

Mr. G. N. R. Prasad, organized an Industrial visit to ISRO /NRSC , Hyderabad for MCA Students on 23rd April, 2019. The MCA Students visited National Remote Sensing Centre (NRSC) in Hyderabad has been converted into a full-fledged centre of ISRO since September 1, 2008. The Centre is responsible for remote sensing satellite data acquisition and processing, data dissemination, aerial remote sensing, and decision support for disaster management. The students are given lectures & shown space programme related videos. They also visited the exhibition arranged in the facility. The authorities also showed the geospatial technology, particularly digital image processing and Geographical Information System (GIS) applications.

## **:Report:**

Department of CSE, has conducted a Guest Lecture on Artificial Intelligence

**Date & Time:** 11-01-2019 2 to 3 PM

**Agenda:** Guest Lecture on Artificial Intelligence

### **Objective:**

The overall research goal of artificial intelligence is to create technology that allows computers and machines to work intelligently.

**Speaker Profile: Name :** Mr.Shekhar

### **Presentation:**

During the event Mr.Shekhar addressed that To prepare students for innovation in the area of Artificial Intelligence, in two ways: firstly, the creation of innovative techniques and methods within the research area of Artificial Intelligence and, secondly, the application of these techniques and methods relative to social and business reality as well as creating processes and innovative computer solutions.

Consequently a higher degree of knowledge in Artificial Intelligence will be afforded and provided to Computer Engineering and Science and Technology professionals studying this course. This will enable them to deal with and solve problems of both a scientific and technological nature using techniques and methods resulting from recent research. Mr.J.ShivaSai, Asst Prof delivered the vote of thanks. Event enthusiastically hosted by Prof.Y.Ramadevi , HOD,CSE Department. Total 140 participants has joined the session.

The following Guest lectures were organized :

- 1.) A guest lecture was delivered by **AbhayEdlabadkar** an Alumni of 1992 batch (production engineering Branch student) on 11 March 2019 on the topic "**Fundamentals of data theft & surveillance on mobile endpoints**". Abhay is founder and CEO of Redmorph, a firm dedicated to providing people the same right to privacy online as they experience in their personal and professional lives. Abhay founded Redmorph in 2014, when he became concerned about children's safety as they navigated the Internet and discovered they were largely unprotected against extensive tracking and malicious activity. The guest lecture was delivered . The programme was attended by about 200 students .
  
- 2.) A guest lecture was delivered by **VENKATESH YERRAMALLA** . CEO of Confluence Center for Sustainable Development and Director in Kaarya Consulting Services Private Limited and Alumni of 1992 batch for the students of Mechanical and production Engineering on Oct 31<sup>st</sup> October 2019 on the occasion of super annuation of Shri Hari Prasad , Associate professor, MED ,CBIT. The guest lecture was on "Emerging Trends in Manufacturing. About 100 students attended the programme and interacted with the Alumni.

## BRIEF REPORT ON A ONE-DAY SEMINAR

### Artificial Intelligence /Internet of Things

On 29th December 2018, a seminar entitled “Artificial Intelligence /Internet of Things” organized by the department of ECE in association with redpine signals. About 16 faculty members from ECE, EEE, IT & CSE have attended the seminar. Mr. Govardhan Mattela and Mr. Devanjan Sikdar are the speakers for this program.

To enable us with the latest industry knowledge in AI, IoT, and Edge Intelligence, Redpine Signals has the design of AI and IoT Innovation Lab. The lab can be used by students to learn Artificial Intelligence, Machine Learning, Internet of Things from both software and hardware point of view. The lab aims to introduce students to the latest industry trends in the area. The purpose of the workshop was to bring together the industry and the institute collaboration to establish a new laboratory on artificial intelligence and internet of things.

## A Brief Report on the One Day Module Course

As a part of training programs which are being periodically organized by ECE Department of CBIT, a module course on ‘Communication Systems, Microwave Measurements and GPS Navigation Systems ’ was organised for the benefit of thirty-five (35) army officers from Military College of Electronics and Mechanical Engineering, Secunderabad on 30 Oct 2018. In this program three short lectures on communications and related topics were given by Prof.D.Krishna Reddy, Prof.N.V.Koteswara Rao and Prof.A.D.Sarma and two lab visits are arranged. One of them is in microwave lab and other one is Navigation and Communication Research Centre (NCRC) lab. In NCRC lab, using FieldFox Analyser which was procured under MODROB program a selected Experiments were demonstrated by Sri.T.Sridher and Dr.A.Supraja Reddy Asst Professors, ECE Department. The experiments include signal generation, network analyser functions and demonstrations of ongoing project works with NCRC Lab. Navigation receivers operation, Cable loss for single port, measurement of return loss, insertion loss, polar chart and smith chart are also explained. The other who facilitated microwave lab is Dr..K.Suman and Smt.J.Mounika. A list of microwave and antenna experiments were demonstrated in this lab. During this entire course participants were actively interacted with faculty of CBIT and cleared their several doubts. Sri.T.Sridher, Asst.Proffesor, ECE Department coordinated this program.

## **:Report:**

Department of CSE, has conducted a Seminar on Higher Education by Manya Educational Group

**Date & Time:** 20-12-2018 , 1 to 4 PM

**Agenda:** Seminar on Higher Education by Manya Educational Group

**Speaker Profile: Name :** "Aradhana Mahna, Founder & Managing Director - Manya Education Pvt."

### **Presentation:**

During the event Ms.Aradhana Mahna addressed that Manya Education, the largest partner of The Princeton Review (TPR) globally, offers end-to-end guidance and solutions for all the overseas education requirements. Manya, named after one of the 1008 avatars of Goddess Saraswati, signifies free flow of wisdom and consciousness while discriminating between the wrong and the right. Since its inception in 2002, Manya Education holds an exceptional track record of guiding more than 2.5 Lakh students.

With an ever-growing network spanning 40+ centers in India, Manya Education has established itself as one of the leading organisations in admissions to the world's top universities, study abroad test preparation and language & communication training. The organisation focuses on foreign university admissions and guides students through the entire journey starting from short-listing of schools, test preparation, developing a competitive application strategy, interview prep and visa services. We believe in helping students realize their dreams.

Founded in 1981, The Princeton Review is headquartered in New York, is a part of ST Unitas, a global education company, nicknamed as 'The Fastest Rocket in Korea'; and has grown to become one of the leading companies in EduTech. The constant innovation at MEPL is the reason that the organization has been named the World Franchise of the Year by The Princeton Review and is at the No. 1 position since 2011. Mr.A.Mohan, Asst Prof delivered the vote of thanks. Event enthusiastically hosted by Prof.Y.Ramadevi , HOD,CSE Department. Total 103 second year students participants has joined the session.

## **:Report:**

Department of CSE, has conducted a Guest Lecture on Artificial Intelligence

**Date & Time:** 11-01-2019 2 to 3 PM

**Agenda:** Guest Lecture on Artificial Intelligence

### **Objective:**

The overall research goal of artificial intelligence is to create technology that allows computers and machines to work intelligently.

**Speaker Profile: Name :** Mr.Shekhar

### **Presentation:**

During the event Mr.Shekhar addressed that To prepare students for innovation in the area of Artificial Intelligence, in two ways: firstly, the creation of innovative techniques and methods within the research area of Artificial Intelligence and, secondly, the application of these techniques and methods relative to social and business reality as well as creating processes and innovative computer solutions.

Consequently a higher degree of knowledge in Artificial Intelligence will be afforded and provided to Computer Engineering and Science and Technology professionals studying this course. This will enable them to deal with and solve problems of both a scientific and technological nature using techniques and methods resulting from recent research. Mr.J.ShivaSai, Asst Prof delivered the vote of thanks. Event enthusiastically hosted by Prof.Y.Ramadevi , HOD,CSE Department. Total 140 participants has joined the session.

TOPIC: Role of final year major project in addressing current societal needs through emerging technologies

— Prof. Sudhakar

Ex-IITD

Freelance Technocrat

Target audience: B.E students (IV<sup>th</sup> year D1 & D2)

Duration: 02:00 PM to 03:00 PM

- Prof. Sudhakar spoke about the following points mainly.
- 1st lab with silicon valley technology in IIT Delhi in 1984.
- Test of chips is easy when we have testing lab. in Delhi.
- The different stages in manufacturing of chips.
- Most of chips are manufactured in a unit located at Hong Kong around 1980s.
- Heavier the vehicle more energy consumed for a given load, so see that the design a vehicle which is less in weight,  $\eta$  also increases.
- 1 Kg of bamboo carries <sup>the load</sup> 5 times when compared to steel.
- Design of Bamboo cycle Rickshaw would consume  $\frac{1}{2}$  a unit <sup>kg of bamboo</sup> which is cheaper and ecological friendly, so think of designing such kind of things.
- The pickup of a Bamboo cycle Rickshaw is much higher than the Pulsar for a smaller distance.
- for a smaller distance the transport cost is very less in Bamboo cycle Rickshaw compared to any other means of transport.
- If electronic differential fails in Bamboo Rickshaw cycle nothing much damage occurs as it moves with 20 km/hr than a bike with 150 km/hr.
- finally, the most of steel in auto rickshaw <sup>should be replaced</sup> with a Bamboo is the main consideration of the topic.

TOPIC: Energy efficient & cost effective UTMS

With hydraulics, pneumatic/hydraulic & gravity forces

- Prof. Sudhakar

EX-IITD

Target: M.E students & staff

Duration: 02:00PM to 03:30PM

Keypoints about his lecture are

- Innovation can be done by any one
- Explained about the load curve vs deflection (mm) in the hydraulic jack  
Based on the load curve we will be knowing how much load it can withstand before it fails. Depending upon this we choose operating point.  
When we use Bamboo ~~rather~~ than R.C.C, R.C.C. fails immediately but Bamboo can withstand for a long time when larger deflection like earth quake occurs.  
It can carry a minimum load at that point also.  
Try to do experiment may it fails but never care it.
- The folded Bamboos can provide shelter in any emergency conditions in less than an hour for an arranging that setting.
- The equipment should fail in a safe mode then it would be advantage.  
Bamboo tensile strength is very much greater than <sup>tensile strength of</sup> steel under same dimensions.
- When we stuck in a traffic ~~to~~ switch on to electric drive, then switch off the I.C engine then there will be pollution free.

Entrepreneurship Development Cell (EDC) of CBIT is organising a Students Information Session for III Semester of BE / B. Tech. students on 14.08.2018 from 11.30AM to 12.30PM in the Mechanical Seminar Hall (D-102) on Technology Entrepreneurship Programme (TEP) 2.0, a 1-year programme. TEP is a unique initiative of TASK in collaboration with Indian School of Business (ISB) to educate and promote technology & Entrepreneurship in Engineering Colleges. The Speakers from TASK & ISB will address the students regarding the TEP 2.0 programme. Hence, all the interested III Semester BE / B. Tech. students are advised to attend the said programme. For further information in this regard, contact Dr. P. Prabhakar Reddy, Prof., Dept. of Mech. Engg. on his mobile 9855468253 and Ms. V. Sandhya, Asst. Prof., Dept. of Mech. Engg. on her mobile: 9701510189.

PRINCIPAL

All the Heads of the Departments for information & with a request to arrange for circulation among the III Semester BE / B. Tech. students and their control. All Deans, A.O. Co-ordinator IQAC, COE & J/C-AEC for information. Circulation to all the students.

# **Technology Entrepreneurship Programme (TEP) 2017-19**

## **Performance and Status Update Report**

**Academic Year: 2017 – 18**

## 2. Progression to Year Two (2):

Based on the performance in Year One (1), the students are progressed to Year Two (2) of the programme; subject to their timely fee payment. The participating colleges of Andhra Pradesh are ranked in the descending order of their Year Two (2) enrollment compared to their Year One (1) enrollment in the table below.

**Table: Year Two (2) Enrollment Ranking for TEP Partner Colleges of Andhra Pradesh**

Rank based on Year Two (2) Enrollment	College
1	Devineni Venkata Ramana & Dr. Hima Sekhar MIC College of Technology
2	Vasireddy Venkatadri Institute of Technology
3	Sasi Institute of Technology & Engineering
4	KKR & KSR Institute of Technology and Sciences
5	Sir C R Reddy College of Engineering
6	Vignans Institute of Information Technology
7	Ananthalakshmi Institute of Technology and Sciences
8	Sree Vidyanikethan Engineering College
9	Aditya College of Engineering

The participating colleges of Telangana are ranked in the descending order of their Year Two (2) enrollment compared to their Year One (1) enrollment in the table below.

## **:Report:**

Department of CSE, has conducted a Guest Lecture on Talk about GRE, GMAT, TOEFL Coaching and Educational Loans

**Date & Time:** 02-09-2018, 3 to 4 PM

**Agenda:** Guest Lecture on Talk about GRE, GMAT, TOEFL Coaching and Educational Loans

**Speaker Profile: Name :** Mr.Sudheer

### **Presentation:**

During the event Mr.Sudheer addressed that Not very long ago, studying abroad was an option only to the privileged few. However, with an increasing number of loans, scholarships and bursaries (grants) available, a large section of the so-called middle class can also now aspire to spread their wings. They can pursue degrees at prestigious institutes like Harvard, Stanford, Oxford, Cambridge, Columbia, Yale and other universities across the world without worrying about how to fund their education.

One such student is Swati Bisht from Noida. "I couldn't have done my MBA at UT Austin without a scholarship of \$10,000 and a study loan," says the GMAT 710 scorer. "I expect to pay it back within the next 2-3 years," Swati continues, "Many of my friends have taken full or part-loans. Some have even started paying it off with their part-time job earnings!" Ms.K.Mary Sudha Rani, Asst Prof delivered the vote of thanks. Event enthusiastically hosted by Prof.Y.Ramadevi , HOD,CSE Department. Total 114 second year students participants has joined the session.

IMPS - COACHING GRE, GMAT, IELTS, TOEFL & PTE  
 INCRED - EDUCATION LOANS.
