Academics. In its relentless strive for Academic excellence, CBIT(A) has scaled great heights both Nationally and Internationally in Industry and Global Universities.

3D Labs India is a digital solutions provider based in Hyderabad. We provide 3D printing and consulting services to major companies in the field of additive manufacturing. We are one of the few technological brains in India to embrace the potential of 3D printing in designing, manufacturing, and engineering processes. Our team can help clients to take creativity and innovations to the next level. We are here to bridge the gap between conceptualization and transformation. Embraced with a futuristic vision, next-generation technology, and loads of experience in handling engineering projects, we are revolutionizing rapid prototyping services in India.

We believe that 3D printing will enable our customers to enter the 4th Industrial Revolution. By moving from mass production to mass customization, 3D Labs India will play a major role in providing industrial-grade 3D printing services, access, and capacity at the point of need. Furthermore, by using the latest 3D printing technologies. We are committed to providing engineering solutions to companies and help them innovate manufacturing methods for transforming their business.

3D Labs India is a Distributor for 3d printers, filaments, spare parts, doodle pens, and all other related products. We are providing 3d printing services for low cost with high quality. We do have wide range of printers from basic level to industrial grade printers.

3D Labs India is a demo centre and focused on showcasing wide range of 3d printers, 3d printed products, conducts 3d printing classes, courses, and workshops to educate students, businessmen, housewives, and entrepreneurs on 3d printing applications and providing internship trainings as well.

3D Labs India has been adopting and implementing cutting edge technologies on manufacturing various kinds of Drones, Robots, and IOT projects. We are providing our makerspace to experts to innovate new products on mutual collaboration.
