About the event:

The term "Harmony with Nature" refers to a principle of amicable and holistic co-existence between humanity and nature. The earth nourishes humanity. The air, water, earth, sky, sun, moon, stars, ocean, mountains, deserts, and various flora and animals are essential components of this unique creation that comprises the world's ecosystem. As highlighted by Mahatma Gandhi, the father of the nation - our planet's abundant natural resources can meet humanity's needs but not greed. However, these advancements were made at the cost of environmental degradation. Now it is our duty to restrict our over use of resources and try to restore them. CBIT NSS organized a seminar on Living Sustainably in Harmony with Nature. Good balance between indigenous knowledge and modern science and technology can take us a long way towards this new vision of sustainable human development.

Prof. P. Sreenivas Sarma sir, Director of student affairs has addressed the audience about the necessity for sustainable living and the approach for leading a sustainable lifestyle. It is an attempt to reduce the use of Earth's natural resources by every individual. Sustainable living is referred to as "zero wastage living" or "net zero living". Students studying in different years joined the seminar.

EVENT: Anti Ragging Squad

VENUE: CBIT CAMPUS, HYDERABAD

DESCRIPTION:

Ragging is a serious problem that has been prevalent in educational institutions for many years. It is a form of abuse that can take many different forms, including physical, mental, and emotional abuse. To address this issue, CBIT has collaborated with the NSS (National Service Scheme) unit of CBIT (Chaitanya Bharathi Institute of Technology) organized an anti-ragging campaign on the college campus.

The objective of this campaign was to create awareness among the students about the harmful effects of ragging and to encourage them to take a stand against it. The campaign aimed to provide a platform for students to voice their concerns about ragging and to offer solutions to prevent it from happening.

It was organized by the NSS unit of CBIT and was attended by a large number of students, faculty members, and staff. The campaign included a variety of activities, such as posters, banners.

The anti-ragging campaign organized by the NSS unit of CBIT was a great success. It provided an opportunity for students to learn about the harmful effects of ragging and to take a stand against it. The campaign created awareness among the students, faculty, and staff, and encouraged them to work together to prevent ragging on the college campus. Such initiatives play a crucial role in creating a safe and inclusive learning environment for all students.

The main initiatives which were taken by CBIT NSS were circulating the ANTI RAGGING AWARENESS BROCHURE cards among all the juniors and there was also a junior zone setup where only juniors were allowed and no entry to seniors.

CIRCULAR

As you are aware, Blood Centers, world over, are dependent on voluntary blood donation from healthy individuals to meet their blood supplies. Since there is continuous demand for blood and blood components, especially for those patients depending on blood transfusions as a life saving measure, like Thalassemia, or to mitigate blood loss in accident victims, pregnant women, critically sick patients etc., it is essential that supplies of safe blood continue to be maintained at licensed blood centers.

In light of the above, NSS Unit of CBIT in association with LION's CLUB is organizing a "Blood Donation Camp" on 8th February 2023 from 9:30 AM to 5:00 PM. All the Staff and Students, who wish to donate their blood are encouraged to fill out the Google form provided below.

**THE EVENT:
ABOUT**

Chaitanya Suraksha, CBIT NSS, and WDC-CBIT collaborated to organize a seminar on menstrual education, health and hygiene. The event took place on April 12th, 2023, in the CBIT campus. The seminar was taken by Dr. M.Manasa Reddy, a renowned consultant at Yello Clinics and Ankura Hospitals.

The objective of the seminar was to educate young women about menstrual health and hygiene and break the taboo surrounding menstruation. The primary objective of the seminar was to educate and raise awareness among young women about menstrual health and hygiene. The seminar aimed to break the taboo surrounding menstruation and encourage open discussions on the topic. The seminar started with a brief introduction by the organizers, highlighting the importance of menstrual health and hygiene. Dr.P.Ravinder Reddy, Principal-CBIT have presented a memento to Dr. Manasa Reddy.

Dr. Manasa Reddy then took over and began her presentation, which covered various topics related to menstruation. She started by explaining the biology of menstruation, including the menstrual cycle and the various hormones involved in the process. She then talked about common menstrual problems faced by women, such as irregular periods, painful periods, and heavy bleeding. Dr. Reddy also discussed the importance of maintaining menstrual hygiene to prevent infections and other health issues. She explained the proper way to use sanitary products and emphasized the need to change them regularly. The seminar also addressed the myths and misconceptions surrounding menstruation, such as the belief that menstruating women should not touch pickles or enter a temple. Dr. Reddy debunked these myths and encouraged the audience to break the taboo surrounding menstruation. The seminar concluded with an interactive Q&A session, where the audience asked Dr. Reddy various questions related to menstruation. The session was very interactive with all the

participants posing various questions to the speaker thereby educating and empowering everyone.

The collaborative event by Chaitanya Suraksha, CBIT NSS, and WDC -CBIT was a success, with over 200 young women attending the seminar. The seminar succeeded in educating and raising awareness among young women about menstrual health and hygiene. The event also encouraged open discussions on the topic and helped break the taboo surrounding menstruation. Dr. Manasa Reddy's presentation was informative and addressed various issues related to menstruation, including common problems faced by women, maintaining menstrual hygiene, and debunking myths and misconceptions. The Q&A session also provided an opportunity for the audience to clarify any doubts they had. Overall, the seminar was a step towards empowering women to take charge of their menstrual health and hygiene. The collaborative effort by Chaitanya Suraksha, CBIT NSS, and WDC-CBIT was commendable, and it is hoped that such initiatives will continue to educate and empower young women.
