Event Date: 19.11.2022

Event Name: Insights on Gender Equality

Event Location: Govt School, Gopalapuram

Event Number: 03

Department organising the Event: Gender Equality

Type of Event: Advocacy

Amount Spent: 0

Impact: 80+ students

Task Report: We, as a team of Chaitanya Spandana visited a school in Gopulapuram village to spread awareness on Gender Equality. To our surprise, students already had a basic idea about it and participated actively in learning and playing without any inequalities. However, they need assistance in developing their careers and identifying possibilities to advance in their life. The students were very interactive and fun to converse with. It was overall a very great and productive day.

Event Summary for Insta caption:

"Equality means equal opportunity, equal regard and equal respect and not uniformity in action"

To inculcate the thought of equality amongst the youth, we, the Gender Equality department of Chaitanya Spandana, the social service club of CBIT have organised our event in a school near Gopulapuram. As part of this event we have explained the children regarding various aspects of gender equality, rights for women and have also shed a light on the issues of mental health. The students were extremely interactive and conversed about various topics and have actively participated in the games conducted by us.

Testimonials:

Volunteer:

Namish: As part of Chaitanya Spandana, I recently visited Gopulapuram village to spread awareness on Gender Equality. We asked them a few questions on Gender equality and the students responded to the questions with accurate answers. According to me, we should focus more on the aspects students are lacking such as career guidance and proper study environment. As a volunteer, by participating in these events I am building self-confidence on what I speak and becoming more interactive. I am even learning new skills such as surveying, finding problems, and interacting with new people.
