### About IIC Institute (CBIT)

CHAITANYA BHARATHI INSTITUTE OF TECHNOLOGY, established in the Year 1979, esteemed as the Premier Engineering Institute in the States of Telangana and Andhra Pradesh, was promoted by a Group of Visionaries from varied Professions of Engineering, Medical, Legal and Management, with an Objective to facilitate the Best Engineering and Management Education to the Students and contribute towards meeting the need of Skilled and Technically conversant Engineers and Management Professionals, for the Country that embarked on an Economic Growth Plan.

The Institute, committed to Education and Innovation, started with three-Degree Courses in Engineering for 200 Students and over the 46 Years, has emerged as a Dream Destination for; Students seeking to excel in Engineering and Management Education, Teaching Community to progress with a rewarding Career and Corporates to source well-rounded Engineers. Stringent Academic Standards, Industry compliant Teaching Methodology, Research Projects from Private and Public Sector Industries in Engineering and Management and Consultancy Practice, enabled the Institute to establish its Identity in the Technical Education and is Ranked No. 1 amongst the Private Engineering Colleges in both the Telugu Speaking States.

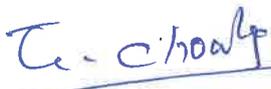

The Practices and the Culture at the Institute has always been to provide Quality Education by enhancing the overall Educational experience of Students adopting a wide range of Academic, Practical, Co-Curricular, Extra-Curricular Programs in the State-of-the-Art Facilities, Services and Activities to enable the required exposure to a variety of Social, Cultural, Intellectual, Recreational Opportunities and Challenges. Such learning experiences have enriched the lives of Students and helped them to develop into a Multi-Skilled and Multi -Tasking Personalities that ensured success in their Careers and Occupations. Co-curricular and Extra-Curricular activities are planned and executed through a number of Associations, Clubs, Societies, Students' Chapters of Professional Bodies, with a view to allow the Students, the necessary freedom to plan and execute every effort and in the process nurture them to be the future Leaders who learn to address Challenges and carve a path of Success.

Director - Innovation & Innovation  
R&E HUB, CBIT(A)  
Gandipet, Hyderabad-500075

In its Four Decades of existence, all the Stake Holders of the Institute, relentlessly endeavored to position CBIT as an Institution that is a Leader and an Innovator in the Ecosystem of Engineering Higher Education. With the Students being the singular Objective, the Institute has established excellent Infrastructure such as State-of – the Art Laboratories, spacious Library with Printed and Digital Collection of Books and Journals, Sports, Hostel, and other Infrastructure for Extra and Co-Curricular Engagements with a total Built-up Area of about 57,714 Sq. Mts., in the serene Ambience of 50 Acres to inspire, encourage and pursue Academics. In its relentless strive for Academic excellence, CBIT has scaled great heights both Nationally and Internationally in Industry and Global Universities.

The institute has established a state-of-the-art Research & Entrepreneurship Hub with all modern technical facilities to make a significant mark in 'Make in India' concept of Indian Government and engage with Industries and Academia with multidisciplinary research projects. The research and consultancy activities in the diverse areas are guided by Research Advisory committee (RAC) and Department Research Committee (DRC). Five departments are recognized as research centers under its affiliating Osmania University. Institute received Research Grants to the tune of Rs. 503.4 Lakhs. The R&E Hub has also established three important cells namely Start-up cell, IPR cell and MSME Incubation Centre. The Institute has created an Innovation and Entrepreneurship Eco system for innovations, start-ups, MSMEs, Rural Innovators etc. A total of 80 plus programs were conducted with the themes based on Innovation, Incubation, Entrepreneurship, IPRs, emerging areas etc. every year. More than 700 students certified by Energy Swaraj Foundation (ESF) for the Design of Home Solar System.

Establishment of the prestigious AICTE-Idea Lab at CBIT with Drones, Robotics, Digital Fabrication and other relevant equipment is under progress. A total of 173 IPRs have been filed and published, subsequently 24 patents have been granted. Institute established Atal Community Innovation Centre (ACIC) which provides requisite infrastructure for innovation in the unserved/underserved regions. A total of 28 Start-ups/Idea Incubations are being mentored for their Idea Incubation and product development. The Institute has collaborated and signed 56 MoUs to expose its students for Industrial Experience and to improve their Emotional Intelligence. Facilitated by CBIT, 1500 Plus students and faculty participated in collaborative activities undertaken for internships/training/project work with industry (resulting in employability skills) and by the faculties with collaborative research resulting in publication etc. An amount of Rs. 79 Lakhs is generated through Consultancy projects and Training activities. A total of 1256 Technical Papers and 402 Book Chapters were published and the h-Index stood at 18 for Scopus and 15 for Web of Science. The institute conducted 172 diverse and holistic Community Outreach Programs including NSS activities and addressed various issues faced by

  
Director - Incubation & Innovation  
R&E Hub, CBIT(A)

the community with counselling, support and direction.

### **1. Vision / Mission of IIC established at the Institute**

#### **Vision Statement**

Facilitate Idea Generation, Pre-Incubation, Incubation, and Human Resource development followed by Start-ups and Businesses accelerated by Creativity, innovation, Entrepreneurship, and IPR to benefit Students, faculties, and other innovators with a knowledge base as the main driver.

#### **Mission Statement**

- Provide a dynamic, vibrant ecosystem for the Students, Faculties, and Entrepreneurs, start-ups with a focus on to develop new technology and process.
- Foster creativity and innovation to promote entrepreneurship and enhance socio-economic and cultural development by providing inputs through Lecture Sessions and Visits to Industry.
- Focus on methods and systems like AI and ML for enhancing access to healthcare, agriculture & farming, sustainable environment, and Industrial technological development.
- Promote innovation in the Higher Educational Institution by establishing and streamlining innovation and start-up ecosystem at the institutional level.
- Alignment with the Proposed NISP, MSME, and ACIC Objectives.

The journey of IIC established at the Institute

#### **Strategy/Objective for Improving Innovation, Incubation, and Entrepreneurship Ecosystem at SIH.**

1. **Strengthening the Innovation and Startup Ecosystem:** Foster a dynamic and supportive environment for innovation, incubation, and startups through the Institution Innovation Council (IIC) by organizing frequent sessions focused on ideation, idea-to-prototype development, business model development, design thinking etc. and cultivating an entrepreneurial mindset. Facilitate innovation challenges, mentorship programs, and comprehensive support for all student-led startup initiatives, ensuring seamless progression from concept to commercialization.
2. **Integrating Entrepreneurship into the Curriculum:** Embed entrepreneurship education across all disciplines with a strong emphasis on experiential and project-based learning. Encourage hands-on experience through startup boot camps, internships through AICTE IDEA Lab, Industry and with startups, and real-world problem-solving projects.
3. **Strengthening Industry-Academia Collaborations:** Foster strategic partnerships with industry leaders, MSMEs, and Incubation centers to provide students with exposure to real-world

challenges, access to industry resources, and opportunities for joint research and commercialization.

4. Encouraging Interdisciplinary Innovation and Idea to Prototype: Promote cross-disciplinary collaboration, Internship through innovation labs like IDEA Lab, hackathons, and co-working spaces where students from various disciplines can collaborate. Encourage faculty and students to work on patentable ideas, product development with seed funding and facilitate IPR awareness workshops and filing.

5. Addressing Sustainable Development Goals (SDGs) Promoting Social Entrepreneurship: Align innovation and entrepreneurship activities with UN Sustainable Development Goals (SDGs) and encourage students and faculty to develop solutions addressing critical SDGs, social and environmental challenges.

**The objectives/Action Plan of the IIC at CBIT are as follows.**

- To promote and motivate students, faculty, and Entrepreneurs for the development of new technology/ knowledge/ innovation-based product and processes.
- To promote the design thinking process among the students and provide a platform for the speedy development of technology
- To establish a single window for Pre-Incubation and Idea Incubation. Provide comprehensive web-based information and basic advice.
- To enhance the domain knowledge/skills/Training to think differently for developing innovative products/services
- Activities for the promotion of traditional knowledge have to be conducted with the holders of such knowledge and product development.
- To build a vibrant ecosystem, by establishing a network between academia, MSMEs, and Govt/PSUs for spreading the entrepreneurship culture amongst the people.
- To promote innovation in the Institution through multitudinous modes leading to an innovation promotion eco-system in the campuses, building and streamlining innovation and start-up ecosystem at the institutional level.

**2. Journey of IIC established at the Institute**

**CBIT: Integrating the Innovation Engine with the Sustainability Catalyst**

Higher Educational Institutions are uniquely positioned to act as both an 'engine' for innovation and a 'catalyst' for sustainable development. This dual role is most effectively realized through deep engagement within innovation ecosystems. By observing and learning from nature, we can discover innovative solutions to complex human challenges. At the Chaitanya Bharathi Institute

of Technology (CBIT), this philosophy is brought to life through a dynamic and multi-faceted strategy designed to foster a vibrant culture of creation and entrepreneurship.

At CBIT, significant strides have been made to advance innovation and research. This includes the establishment of a state-of-the-art, multi-crore facility equipped with cutting-edge technical resources, underscoring the institution's commitment to fostering innovation and driving impactful research initiatives.

The Innovation and Incubation Cell (IIC) spearheads over 80 programs focused on innovation, incubation, entrepreneurship, startups, and intellectual property rights (IPR). These initiatives are designed to nurture a culture of innovation among students by engaging them in ideation, problem-solving, proof of concept development, design thinking, and IPR management. This commitment highlights CBIT's dedication to cultivating a thriving ecosystem for innovation and entrepreneurship.

CBIT's MSME Incubation Center plays a vital role in supporting ideas from professionals, students, and the local community, facilitating entrepreneurial ventures within a structured framework. Two faculty-initiated proposals have secured MSME funding, reflecting CBIT's drive to fuel innovative projects. Collaborations with esteemed institutions like BITS Pilani, Hyderabad Campus, create opportunities for student projects, with select candidates eligible for direct PhD admissions. Additionally, partnerships with TiE Hyderabad, T-Hub, RICH Hyderabad, OTBI Osmania University, and others enhance students' entrepreneurial skills through training programs, certifications, and skill development initiatives.

CBIT's Incubation Center actively mentors startups and idea incubations while hosting various programs to instill an innovation-driven mindset among students.

### **A Foundation for Innovation: Infrastructure and Incubation**

To empower innovation and research, CBIT has established a state-of-the-art, multi-crore facility equipped with modern technical resources. This commitment is further strengthened by several key incubators and labs:

- **AICTE Idea Lab:** Established with a funding of ₹95 Lakhs, this lab provides advanced facilities in digital printing, drone & robotics, and prototype manufacturing, enabling students to transform abstract ideas into tangible prototypes. CBIT is also proud to establish the prestigious AICTE IDEA Lab, which is currently in progress, providing essential resources for idea incubation and prototyping. Existing facilities, such as the Drone and Robotics Lab and the Digital Manufacturing Lab, support students in transforming ideas into prototypes. Moreover, school students are mentored in ideation and prototype development.
- **MSME Business Incubator (BI):** Founded in 2019, the BI nurtures ideas from students, the local community, and MSMEs. It has seen significant engagement through hackathons, with four idea projects approved for funding of ₹60 Lakhs by the MSME.

- **Atal Community Innovation Centre (ACIC):** Co-funded by NITI Aayog's Atal Innovation Mission, the ACIC-CBIT focuses on serving underserved regions. It provides a maker's space and infrastructure to solve community-centric problems, mentoring 28 start-ups and idea incubations.

### **A Proven Track Record of Excellence and Impact**

CBIT's systematic approach has garnered national recognition and produced measurable outcomes:

- **National Rankings & Accolades:**
  - Consistently awarded a **4-Star rating** for the last four years by the Ministry of Education's Innovation Council (MIC).
  - Ranked in the "**EXCELLENT**" band in the ATAL Ranking (ARIIA) 2021 and in the **101-150** band in the NIRF Innovation Ranking (2021-22).
  - Achieved **1st Position** in the I&E Ecosystem Journey at the IIC Regional Meet (2022) and **2nd Position** the following year.
- **Tangible Intellectual Property & Start-up Growth:**
  - **173 IPRs** (Patents and Copyrights) filed and **published**, with **24 patents granted**. Several of these stem from student project work.
  - **28 start-ups** are currently being mentored, with four having already filed and published their own patents.

### **Cultivating an Entrepreneurial Mindset: The Institution's Innovation Council (IIC)**

The heart of CBIT's innovation culture is its **Institution's Innovation Council (IIC)**, which has successfully institutionalized creative thinking and entrepreneurship. The IIC has:

- Conducted **75+ programs** on innovation, incubation, entrepreneurship, and IPR.
- Engaged a large number of students and faculty in activities like ideation, design thinking, and proof-of-concept development.
- Nominated 60 students for T-Hub's **T-Tribe Launchpad** program, all of whom received certifications in entrepreneurship.
- Conducted AI skill Development program for Innovation and Entrepreneurship/Start-ups.

Through this integrated network of infrastructure, incubation, and recognized achievement, CBIT empowers its students and faculty to not only become skilled engineers but also to emerge as the innovative problem-solvers and sustainable entrepreneurs of tomorrow.

## A strong student and alumni network to support ideation

Alumni are the strongest representation of CBIT in the outside world. The CBIT Alumni is a family of more than 30,000 Alumni, many of them are doing extremely well in their respective fields and also contributing to the growth of our institute with their support and expertise. The Alumni Relations Team engages in various initiatives to connect with the alumni at various platforms such as -

- ✓ **Mentorship Programs:** Building a strong mentor connection between alumni and interns to help the interns in the organizations.
- ✓ **Alumni connect drives:** Connecting with alumni during various drives and taking their feedback to grow further.
- ✓ **Guest Lectures:** Inviting industry experts to share knowledge with students.
- ✓ **Alumni Meets:** Hosting meets to develop strong bond with them.
- ✓ **Homecoming -** Alumni from different batches come back to college for two days to relive those moments and memories.

The Innovation and Entrepreneurial Ecosystem established at CBIT and the Initiatives taken in this direction by CBIT will help the innovative students to convert their creative idea to a product with innovative technology that can be patented and further commercialized. The opportunity and the ecosystem created by CBIT will also help the students to develop competencies which will be very useful regardless of their career choice.

**Project Selected under Grant-Matry TIDE 2.0 Scheme of AIC ALEAP WEHAP**

Dear Sir, I have pleasure in informing you that your project has been selected for funding under the Grant-Matry TIDE 2.0 Scheme of AIC ALEAP WEHAP.

The total funding for your project is Rs. 38,000/- (Thirty Eight Thousand only).

The funding will be released in two installments of Rs. 19,000/- each.

The first installment of Rs. 19,000/- will be released on the date of the award of the grant.

The second installment of Rs. 19,000/- will be released on the date of the submission of the final report.

The grant is subject to the following conditions:

- The grant is for the purpose of the project only and cannot be used for any other purpose.
- The grant is non-refundable.
- The grant is subject to the terms and conditions of the grant agreement.
- The grant is subject to the audit of the accounts of the project.

Thank you for your participation in the "Vibe Code Hackathon for Innovation of Startups" organized by AIC ALEAP WEHAP.

Yours faithfully,  
Dr. DVNS Murthy  
Director, AIC ALEAP WEHAP

Rs 38,000/= funding by CBIT for POC development, Funding of Rs 7 Lakhs Seed Funding from ALEEP, Hyderabad for prototype development and Rs 20 Lakhs funding for further scaling up against Diluting Equity from Astro Technology Pvt. Limited.

**The second Start-up 3D Labs India.**

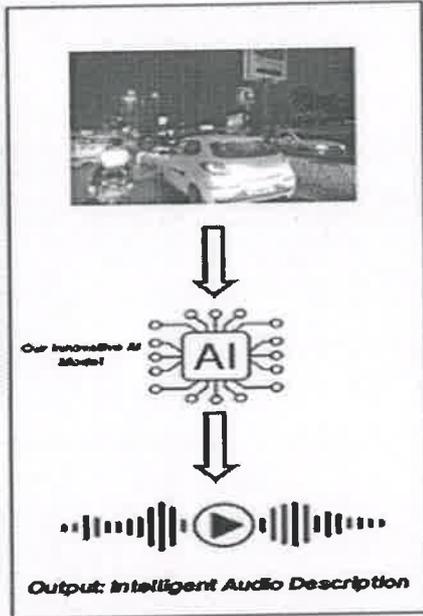

**Mr. Sreenivas . P, Founder, 3D labs. With CBIT official while signing the MoU for Start-up Incubation.**

"NayanSaathi is in the functional prototype stage, featuring real-time scene description, multilingual audio feedback, OCR reading, and interactive Q&A using a Vision Transformer-based model. Tested with 20 visually impaired students at Devnar School for the Blind, the system incorporated their feedback for improved usability, accuracy, and accessibility."

## Mission to IMPACT 2.2 BILLION Blind Lives

Padma Sri Dr. Sribaba Gowd is an Indian ophthalmologist and founder-chairman of the Devnar Foundation for the Blind, permitted a Demonstration for 60 students and Pilot testing with 20 students.

Contribution of Assistive Tech Society

Padma Sri Dr. Sribaba Gowd gave us a letter of appreciation for our NayanSaathi!

NayanSaathi helped me in knowing all the vegetables and fruits available in the store

I used NayanSaathi to read and solve my homework

I used NayanSaathi to know name of the tablet and how much MS it is

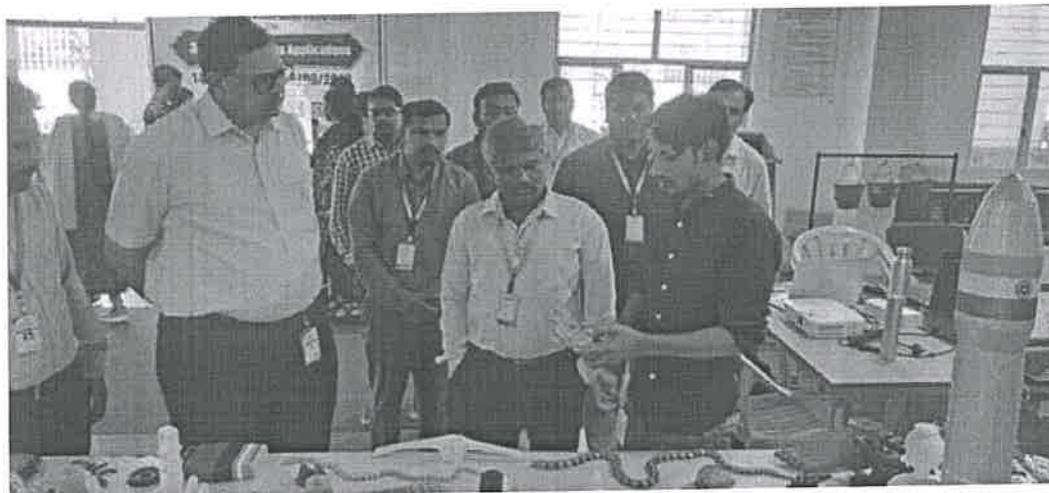

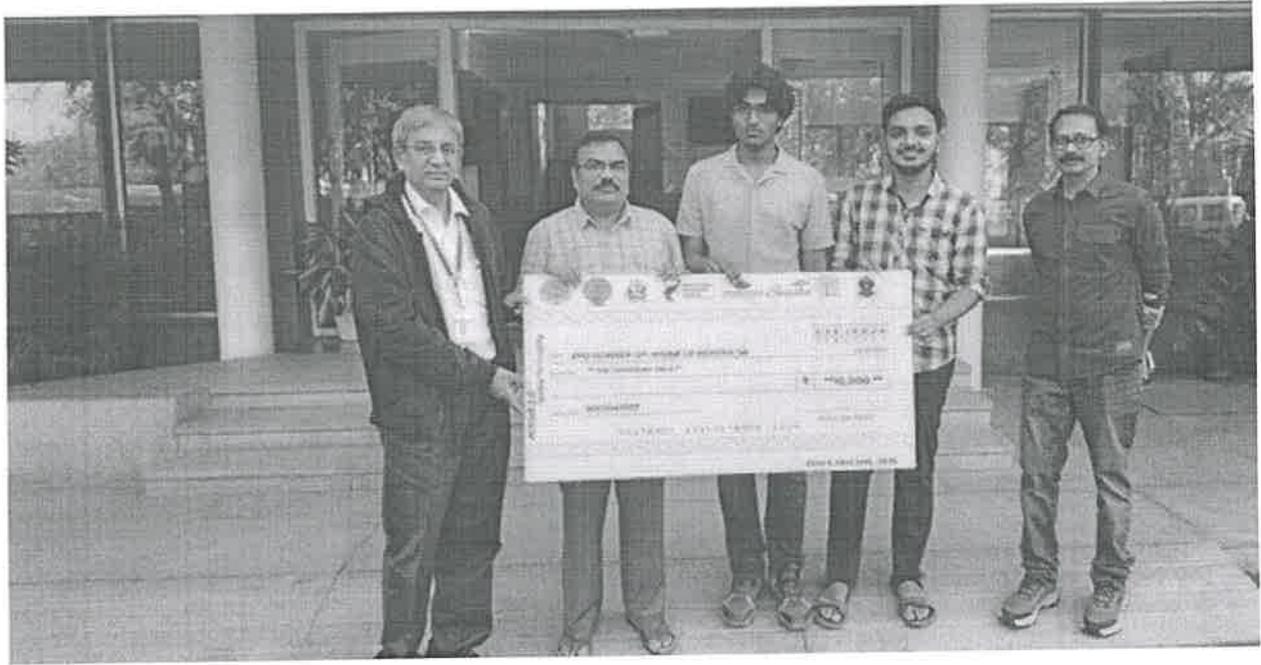

NayanSaathi helped me know items in the bakery and read the menu

I use NayanSaathi to know blocks in my building and vehicles

**Mr. Sreenivas . P, Founder, 3D labs.Explaining the products.**

The following Pics show Women Safety IOT based device which can be hidden in any accessory. Once the victim triggers the button in a distress situation, it shares the SOS and live location to the emergency contacts. As well as the unique feature of our product is a real-time crime mapping tool to help the law enforcement department. The Team is led by a **woman Entrepreneur Ms. Yamini**. This was also demonstrated to The DIG Police in charge SHE Team, Hyderabad. Twitter snap enclosed.

**Sumathi IPS** ✓  
@SumathiIPS

“With technology we can achieve the unimaginable”

It was enriching to interact and guide the team of Women led start-up by @CBITHyd on Women Safety IoT based compact device.

A unique feature of the product is real time crime mapping tool to help the law enforcement.

## Strategic Plan and achievements on Innovation, Incubation and Entrepreneurship:

To create a vibrant innovation ecosystem that nurtures entrepreneurship, supports start-ups, and fosters intellectual property development through innovation and incubation activities

### Objectives, Action Plan, and Implementation Plan.: Achievements

#### "Level of Achievements" descriptions:

✓ **Level 1: Outstanding Achievement (Excellent Level)**

**Level 2: Commendable Achievement (Very Good Level)**

**Level 3: Satisfactory Achievement (Good Level)**

Objective-1	Action Plan Achievement
<p>Foster a vibrant and supportive ecosystem for innovation, incubation, &amp; entrepreneurship through the Institution's Innovation Council (IIC) by organizing workshops and innovation-related events.</p> <p>Track the number of events conducted &amp; students benefited.</p>	<p>✓ <b>Level-1: 80 Nos. Events conducted, benefiting 7500 Plus students ( Target 75 Events)</b></p> <ul style="list-style-type: none"> <li>• Level-2: 65 Nos. Events will be conducted, benefiting 6500 students.</li> <li>• Level-3: 60 events will be conducted, benefiting 6000 students.</li> </ul>
Objective-2	Action Plan Achievement
<p>Conduct awareness sessions to motivate faculty and students to file Intellectual Property Rights (IPRs).</p> <p>Target: Increase in IPR filings per year by at least 5 %.</p>	<p>✓ <b>Level-1 Number of IPR count: 43 Nos. against the target of 40 Nos.</b></p> <p>✓ <b>Total IPR Published: 173</b></p> <p>✓ <b>Total Grant: 24</b></p> <ul style="list-style-type: none"> <li>• Level-2 Number of IPR count: 35 Nos. per year</li> <li>• Level-3 Number of IPR count: 30 Nos. per year</li> </ul>
Objective-3	Action Plan
<p>Integrate Innovation and Entrepreneurship (I&amp;E) education across all disciplines. Track the number of I&amp;E-related courses offered.</p>	<p>✓ <b>Level-1: Number of (I&amp;E) courses. 13 Nos. against a target of 10 Nos.</b></p> <ul style="list-style-type: none"> <li>• Level-2: Number of (I&amp;E) courses. 9Nos.</li> <li>• Level-3: Number of (I&amp;E) courses. 8 Nos.</li> </ul>
Objective-4	Action Plan
<p>Identify and track innovative student and faculty ideas for potential funding support</p>	<p>✓ <b>Level-1 Number of Ideas to be applied for funding: 35 against the target of 25.</b></p>

through internal and external funding agencies like MSME, MIC, and Start-up initiatives. Track the number of ideas submitted.	<ul style="list-style-type: none"> <li>✓ 26 teams got Seed funding from College.</li> <li>✓ Number of Start-up/Idea Incubation : 30 Nos.</li> <li>● Level-2 Number of Ideas to be applied for funding: 20 .</li> <li>● Level-3 Number of Ideas to be applied for funding: 15</li> </ul>
---	---

Objective-5	Action Plan
Promote cross-disciplinary collaboration, Internships through innovation platforms such as the IDEA Lab, and hackathons. Jointly work on patentable ideas and product development. Track the number of ideas/start-ups generated and the number of students benefited	<ul style="list-style-type: none"> <li>✓ Level 1: Ideas generated/Registered: 141 Ideas against a target of 50 Ideas. Students benefited: 846 Nos against a target of 500.</li> <li>● Level 2: Ideas generated- 45 Nos., Students benefited: 400 Nos.</li> <li>● Level 3: Ideas generated- 40 Nos Students benefited: 300 Nos.</li> </ul>

Objective-6	Action Plan
Number of MoUs signed with incubation centers, venture funding agencies, and other institutions focused on entrepreneurship and internships. Track No. of MoUs and students benefited.	<ul style="list-style-type: none"> <li>✓ Level 1: Number of MoUs Last year - 13 against target of 9; Students benefited - 350, including AICTE IDEA Lab students' internship, against a target of 320. Total MoUs: 56 Nos.</li> <li>● Level 2: Number of MoUs per year - 8. Students benefited - 280</li> <li>● Level 3: Number of MoUs per year - 7. Students benefited - 240</li> </ul>

Improvements proposed this Year: More students to be involved for training and Project work under the MoUs by Departments.
