

**CHAITANYA BHARATHI INSTITUTE OF TECHNOLOGY (A)**  
**DEPARTMENT OF MCA**

**Research Guidance & Doctoral Completions**

Under the esteemed guidance of **Dr. B. Indira**, the following research scholars have successfully completed their doctoral degrees during the academic year **2025–2026**:

1. M. Shalini – Recognition and Classification of Printed Hindi words using Artificial Neural Networks – Bharathiar University (awarded, sep, 2019)
2. Arthikotari – A Deep learning approach for Brain tumor Detection and Classification Based on MRI- Bharathiar University – (Awarded, sep, 2021)
3. Shafeeq Ahmed - Automatic Detection and Classification of Non-Proliferative Diabetic Retinopathy from Fundus Images -Bharathiar University – (Awarded, June, 2022)
4. A. Jyothi - Security and Privacy of data in Cloud Computing - Osmania University - – (Awarded, July, 2022)
5. G. Naresh-Application of Artificial Intelligence in Industrial Air Pollution Monitoring and Data Analysis- Osmania University - – (Awarded, Sep, 2024)
6. Vamshi Mohana T. Impact of Big Data Analytics on Social Media” – Career Point University – (Awarded June 2025)
7. Mr. K R Srinath – efficient and Generalized Sentiment classification Framework Development and Characterization - Osmania University - – (Awarded, Jan, 2026)  
Research Co- Supervisor
8. M. Sathya Devi - An Approach t Approach to Multimodal Sentiment Analysis Leveraging RNN and LSTM Models - Osmania University - – (Awarded, Feb, 2026)
