

SKILL DEVELOPMENT PROGRAM on Youth Empowerment and Skill Enhancement Programme

Date: 1st June 2026 to 5th June 2026

Organized by School of Management Studies, CBIT.

ABOUT THE INSTITUTE

Chaitanya Bharathi Institute of Technology (CBIT), established in the year 1979, is one of the premier engineering institutions in the states of Telangana and Andhra Pradesh. The institute is committed to excellence in Research, Education, Innovation and Skill Development. Over the years, CBIT has emerged as a leading center for engineering and management education with highly qualified faculty, state-of-the-art infrastructure, industry-supported laboratories and a strong focus on student development.

CBIT is accredited by NAAC with A++ Grade and has autonomous status under UGC. The institution has consistently received NBA accreditation for its UG and PG programs and has been recognized nationally for innovation, entrepreneurship and academic excellence. The institute actively promotes skill enhancement, entrepreneurship development and community engagement through various outreach and training programs.

ABOUT THE DEPARTMENT

The School of Management Studies (SMS), CBIT, established in 1996, is dedicated to developing competent management professionals with leadership qualities, entrepreneurial mindset and social responsibility. The department offers quality management education with emphasis on practical learning, industry interaction, communication skills and personality development.

The department regularly organizes seminars, workshops, training programs and outreach activities for students and society. Through innovative teaching-learning practices and industry-oriented programs, the department strives to empower youth with employability skills, leadership abilities and entrepreneurial competencies.

ABOUT THE PROGRAM

The Skill Development Program on “Youth Empowerment and Skill Enhancement Programme” is designed to provide practical knowledge, career guidance and essential life skills to young participants. The five-day program focuses on personality development, communication skills, entrepreneurship awareness, digital literacy, sustainability practices and career opportunities.

The program aims to bridge the gap between academic learning and practical employability skills by providing interactive sessions, hands-on activities and awareness programs conducted by academicians and industry experts.

The participants will gain exposure to communication skills, digital literacy, entrepreneurship development, environmental sustainability, financial awareness and self-employment opportunities.

OUTCOMES

- Improve communication and public speaking abilities.
- Understand career opportunities and employment skills.
- Gain knowledge about entrepreneurship and startup initiatives.
- Use digital platforms, online applications and digital payment systems effectively.
- Develop awareness about sustainability and environmental conservation.
- Enhance confidence, teamwork and leadership qualities.
- Understand practical aspects of self-employment and business opportunities.
